Dear Click:

I am sending the negatives to you under separate cover. I am very happy to help you in any way as I am vitally interested in Gingko and Whale Island, etc. I am sending you the negatives, Click; I would not want to give you unlimited use of them as I have had several pictures used in commercial work i.e. post cards, etc., without any recognition or remuneration. However, any non-commercial purpose of pictures is o.k., but do not lose control of them yourself. I would appreciate having a copy if the article is printed.

Very truly yours,

Gilbert Kaynor
