Mr. Howard Driggs,
American Pioneer Trails Assn.,
Bayside, L.I., New York.

Dear Mr. Driggs:

I am sending you a circular pertaining to my book,
Drummers and Dreamers that is headed for spring publication.

This is being done with the hope that you may be affiliated with
a library interested in collecting such material. And I am sure you will
find the material most suitable and of a sufficiently rare nature, to
warrant serious consideration.

It also permits a "spot check". While the book is not a vanity
publication, I am moving in to assist with promotion. In the event there
is an order for library, the customary library discount will be given.
And in the event there is an order, this should be returned directly
to me so I may send it to the publisher with other material. In that
manner I will be able to obtain a slight indication of advance reaction.

Most Sincerely
