Mr. Click Relander,  
1212 North 32nd Ave.,  
Yakima, Washington.

Dear Mr. Relander:-

They tell us the Egyptians were able to make bricks without straw.

I am assuming history is correct at this point, but I do know that we are asking our Society Membership Committee to secure a lot of members for us and there isn't much they can do without names.

I'm asking each member of the Board to make up a list-- a couple of dozen or hundred-- and pass it on to the Director, who can cross-check it for duplications and then turn it over to Mr. Weyerhaeuser's committee.

This won't take long but it will be invaluable as an aid to a committee that is anxious to function if given ammunition to work with. Keep a pad handy for a few days and it will surprise you how fast the names pile up.

Yours sincerely,

RENO ODLIN, President.
