Attn. Mr. Gus Weigelt:

Dear Mr. Weigelt:

I take pleasure in informing you that Dr. Thomas E. Griffiths has written me that he wishes to advance order two (2) copies of Drummers and Dreamers.

I had contacted him and suggested that in all cases possible, the orders would be filled through his local dealer, one he was to designate.

He has suggested that this be filled by you.

I have accordingly written Dr. Griffiths, told him you are stocking the books, that two will definitely be reserved for him and that he will be notified upon their arrival. He understood that the publication is not until next spring.

I am enclosing a few additional advance order blanks in event that some of your customers, in line for this type of material may wish to reserve through you.

I hope I will be able to "route" other advance orders your way, and it may be that later, and before publication, you will see your way clear to replenish your books on order. (Your advance order was 5)

Sincerely
