Hon Jay Lynch,

Fort Simcoe, Wyo.

Dear Sir:

A lot of work must be done on the so-called Gilbert ditch before the irrigation season opens. We want water by April 10th. I understood some of the appropriation was to be used to help this section down here near Toppenish. Mr. Redman has promised several times to try to help us out.

The Spillway is washed out & the ditch badly filled with sediment

I am certain the water should be
turned off if the ditch cleaned out
at the earliest opportunity.
