UNIVERSITY EXTENSION DEPARTMENT  
BERKELEY, CALIFORNIA

Faculty Club,

Sept. 13, 1904.

My dear Mr. Stewart,

As you know I am much beholden to Visalia for the way in which it supported the University Extension course given by Mr. Borden last year. Part of the arrangement then made was that I should myself lecture in Visalia during the coming winter, and I am anxious to carry out my part of the bargain. I hope to visit Visalia on Saturday, Sept. 24 for the purpose of seeing what can be done there and arranging the dates and subject of lectures. Could you arrange for me to meet the committee sometime on Saturday? If necessary I could also address a ~~xx~~ larger meeting in the evening. Pray give my kind regards to the members of the Visalia Committee and

Believe me to be, yours very truly, *H. Morse Stephens*
