

Yakima City-August 24th, 1875

Good Sister M. Teresa.

The undersigned, the gentleman who gave the land for your building here, wishes to thank Sister Viclar for her letter to him, and to ask her at the same time to hurry up sending the promised Sisters over here this fall, as almost all were expecting and some show themselves quite disappointed. F. Caruana promised me to write about again, and I cannot but send along my most earnest wishes to have the Sisters in two or three months.

Yours respectfully,
Chas. S. Charno

P. S. You see here another great reason for pushing on our business— Please then go over to Vancouver and do your best, and let know the result of everything. In hope of taking you over next October, with many respects to you and yours, I remain (collecting in town for your future little house)

Yours in the S. S. Hearts of J. M.

Caruana, S. B.

The above letter is in Father Caruana's hand writing but signed by Mr. Charno.

Good Sister Vicaire,
P. C.

Seeing no news from you about our future schools or Saint Joseph's Academy, I take the liberty to send these few hurried lines to beg you, to let me know if you intend to send the needed Sisters this fall, as her all desire. I read in the Catholic Sentinel that Heilcoom is left for some time, so may be that you could have some Sisters to dispose of for this poor place. Send whom you please, it is your business as Superior and not mine, I only would remind you not to forget the good Sister at Portland you know of, if possible, which I think will be the only way to save her health from falling down entirely— I repeat that we will have all the care of the good Sisters as far as the welfare of this Indian Mission will allow. Keep on courage under your Cross,

Your poor servant in the S. S. Hearts of J. M.

Rev. Sister Vicaire,
Dear Sister Praxedes

I send you these few hurried lines from our new Academy to thank you for the interest, you took from the very beginning. I formed the idea of this now verified Saint Joseph's Academy. Everything makes me confident of its success; I see the hand of Providence visibly at every step, which assures me that it will be for the greater glory of God, I ever had in view in this matter as I hope.

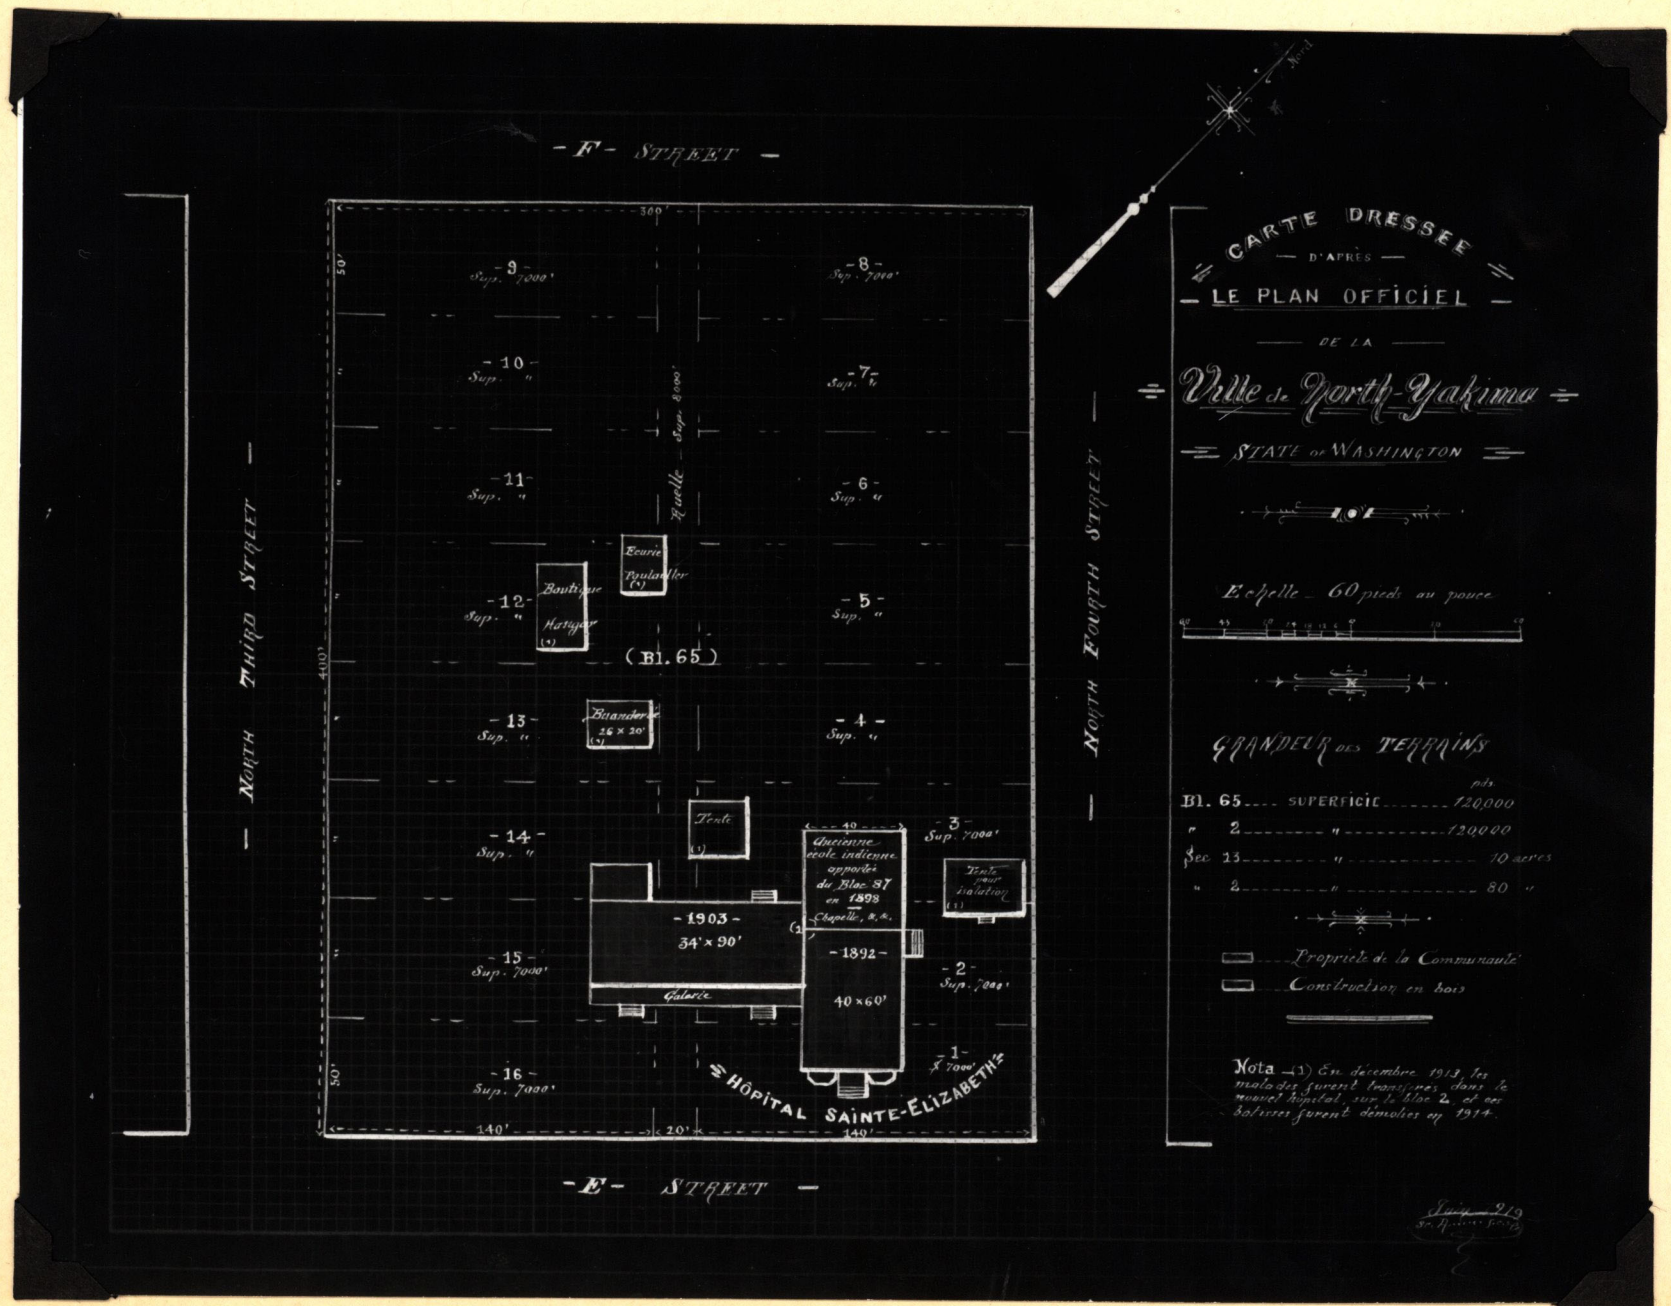

You know before this time the description of our trip and our coming safe on the 12th at 9 P.M., with the best weather desirable. I had the happiness to say the first Mass in the new Convent on Saint Stanislas day 13th, after which I started to my Mission, leaving with the Sisters, F. Grasse for the next day, Sunday, and the two days after. The before yesterday I came in almost unexpected to see how my good children are doing in the midst of their many privations, and I thank God seeing them so cheerful and in the best spirits. I leave them again next Monday. People seem very satisfied with them. Next Monday, 21st, they will start schooling, I hope they will be greatly patronized; pray for our success. Mr. John Kenny of Klickitat, who volunteered to take over the Sisters' baggage with his team, was prevented from going over home by the storms we had after arrival; may be that he will start some day next week, if feasible. Well, good Sister Praxedes, accept my kindest respects, and give my regards to all the Sisters your companions, not excepted my good children the Novices, and I beg of all to pray for me as I do for you all, on whom I ask the peace and Blessing of God and His Blessed Mother.

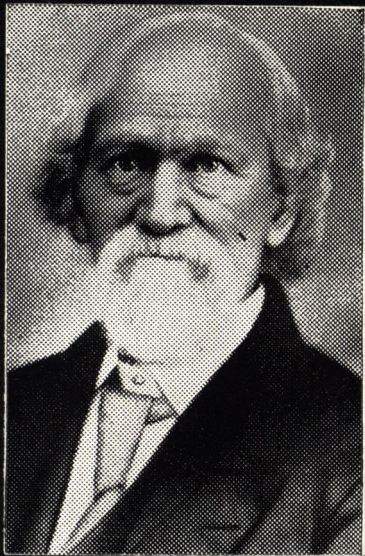

I remain

Sincerely yours in the S.S. Hearts of J.M.
Joseph M. Caruana, S. J.
