THE DALLES CLINIC

Physicians and Surgeons

THE DALLES, OREGON

Dear Click:

8/4/55

Thanks so much for the copy of the
Yakima Treaty (Entertainer issue).

You may put me down for 2
copies of the product of your fertile
genius - *Drummers & Steamers* -

I would of course prefer them than
the gelts, however, just as you say.

Do you want the check now?
If so it will be forthcoming

Sincerely

and Best wishes

Thomas E. Griffith, M.D.

THE DALLES CLINIC

Physicians and Surgeons

THE DALLES, OREGON

25 February 1953

Mr. Click Relander
Rt. 3, Box 146
Yakima, Washington

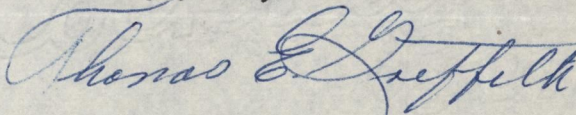

Dear Mrs. Relander:

I have been under the weather since December and have done very little in connection with the Military History of The Dalles, but your letter of February 21st was very interesting; and I think with the approval of the three-way agreement of the State Park Commission, the Tribal Council and the National Park Service, we may have the cooperation of the Department of Interior. It so happens that the former Governor of Oregon, who is now Secretary of Interior, is a friend of mine.

I shall be glad to serve with you although my contributions will probably be quite limited.

Best wishes to yourself and the wife.

Sincerely yours,

A handwritten signature in blue ink that reads "Thomas E. Griffith". The signature is written in a cursive style with a large, flowing "T" and "G".

Thomas E. Griffith, M. D.
