

At the fourth annual business meeting of the American Indian Ethnohistorical Conference, at Columbus, Ohio, on November 3, 1956, it was voted to raise the annual dues of the Conference to \$3.50, and to discontinue the practice of offering subscriptions, only, to Ethnohistory. We are accordingly billing you at this new rate. Payment of dues entitles you to membership in AIEC, to the four numbers of Ethnohistory for 1957, to the AIEC Newsletter and to notices of AIEC meetings.

The increase in dues will be used to print more material in Ethnohistory, to provide for an Index at the end of the next volume, and to effect some necessary changes in the format of the journal.
