

Evangelist. Harvey.

who has labored for many years in Ill. was once requested by a lady after one of his meetings, to go home with her & talk with her son, a boy of some 12 yrs. about his soul's interest, say^{ing} that she was very anxious about him, & wished to see him saved. He complied with her request. When the time was opportune to speak with the boy, he asked the little fellow to go into the parlor with ^{him}, after they were seated, he approached the lad about his being saved. The mother had just gone into an adjoining room to pray that the interview with her son might result in his conversion. The ^{boy} said: That "there ~~is~~ no use of my trying to do any better... But why son?" O, because, because what, O because, "there is no use". But why, my boy. Jesus is willing to save unto the uttermost all who come unto God by Him." He pressed the little fellow to tell him why he did not want to make a start for heaven. Will said she: "Mother has got such an awful temper that there ~~is~~ no use of my starting, I would not be able to keep on."
