"Hew to the Line, Let the Chips Fall Where They May."

VOL. 17.

NORTH YAKIMA, WASHINGTON, SATURDAY, SEPTEMBER 25, 1909

No. 2

WATER USERS WILL DECIDE

ASSESSMENT CASE SATURDAY

Adjourned Annual Session Will Deal With Proposal Concerning Speedy Completion of Canal.

Shareholders in the Tieton Water Users' association are to meet in adjourned annual session at the court house tomorrow afternoon to decide on the question of an assessment of \$20 per acre for the completion by 1911 of the irrigation system now in process of construction. At the annual meeting three weeks ago a letter was read from Project Engineer Swigart of the reclamation service in which Mr. Swigart said that if shareholders would raise \$400,000 for the purpose, suggesting an assessment of \$20 per acre, the work would be pushed and there was every assurance that the payment would stand in lieu of water payments to the amount contributed. No action was taken at the time on the proposal, adjournment being made until September 25, when the matter was to come up for disposal.

Call Is a Broad One. The call for the meeting of Saturday is a broad one, and under it many other subjects or phases of the big subject may be considered. The government is dealing only with the Water Users' association, and that association must deal with the individual shareholders. The shareholders in the association, however, represent but 24,000 of the 38,000 shareholders under the project.

There are in addition an aggregate of 9000 acres of state, railroad and government land under the project. How these outsiders will be represented in the assessment is a question which will be asked, in all likelihood, by those at the meeting Saturday.

There has been expressed a strong opposition to any action of any kind until the conditions are cleared up so that all the water users will have an adequate representation and until all liability and responsibility on the part of all the land under the system is determined and fixed. It has been suggested that in view of all this no action whatever will be taken by the meeting of Saturday, pending adjustment. There will be a strong representation of all interests, mostly by proxy.

NEW MEMBERS FOR STATE FAIR BOARD

Governor Names Dr. J. S. Kloeber and Charles Heath to Fill Existing Vacancies.

Dr. J. S. Kloeber and Charles Heath have been appointed by Governor Hay as members of the state fair board to succeed to the positions vacated by L. O. Janek and Edward Remy. It is probable that Dr. Kloeber will qualify. Mr. Heath has not decided whether he will or not. There are at present two members of the state fair board. One is Hon. S. J. Cameron of this city and the other is J. C. Hubbell of Ellensburg. Governor Hay some time ago sent to C. M. Hauser of this city an appointment as successor to J. M. Dickinson of Seattle, who had failed to qualify. Mr. Hauser had not decided whether he will become a member of the commission or not. He prefers to be its secretary and may not care to hold both positions.

Dr. Kloeber is a large property owner in the county and is a fancier of pure bred cattle. Mr. Heath is cashier of the Yakima Valley bank. Both are business men.

LOCKED WOMAN IN STABLE

Detectives Obtain Confession From Widow Accused of Arson.

DOYLESTOWN, Sept. 23.—Detectives who arrested Mrs. Maggie Beyer, a widow, of Warrington, on the charge of setting fire to the barn on the Robert Beatty farm, in Warrington Township, where there have been a dozen fires in the last eighteen months, secured an admission from her that she had locked Miss Bonner, with whom she had some difficulty, in the burning stable, which she entered to rescue the horses.

Exposition Official Here.

A. D. Barrall, chief of admissions at the exposition, has been spending a week in the Yakima valley and incidentally looking after his ranch property near Wapato. This is the first breathing spell that Mr. Barrall has enjoyed since the fair opened, and he says that it has been pretty strenuous work most of the time. The fair is now out of debt and the last month's admissions will give the stockholders a neat profit on their investment.

SHERIFF GETS TWO PRISONERS

WANTED FOR "BOOTLEGGING"

John Anderson, Who Escaped from Toppenish Jail, Arrested—Also One Schwartz.

John Anderson and Al Schwartz of Toppenish were arrested by Sheriff Joe Lancaster Wednesday, the former at Goldendale and the latter at Goldendale. Anderson is the man who escaped from the city lock-up at Toppenish after having been arrested on a charge of "bootlegging" to the Indians. Schwartz was to have been caught in the sheriff's dragnet for the same offense last week when six others were gathered into the toils at the reservation town by the sheriff's force. Jeff McDaniel of Old Town was also a victim of law enforcement Thursday and is now facing a charge of selling liquor without a license.

The escape of Anderson so mysteriously has stirred up Toppenish and the prosecutor and sheriff have been importuned to recapture him. Sheriff Lancaster slid quietly out of town a few days ago and wired to the sheriff's office Thursday that he captured his man at White Salmon. Schwartz was traced to Goldendale, and there he was discovered and placed under arrest. McDaniel has been operating a soft drink establishment in Yakima City since the saloons closed and the officers claim to have secured evidence that he did not confine his operations to drinks that were "soft." A peculiar nod of the head, or a call for gingerale of the "foreign" brew is said to have brought forth thirst quenching articles in plenty. Sheriff Lancaster was expected in on the early morning train today.

REVENUE CUTTER TO RESCUE DESTITUTE

Ordered to Nome to Bring Back Those Who Are Suffering From Lack of Means.

WASHINGTON, Sept. 23.—Telegraphic orders have been sent to Seaward, Alaska, to have a revenue cutter go to Nome and get 100 destitute men and women and bring them to Seattle. Official advices state the people were taken to Nome by the Alaska Development and Employment Co., and have not been paid the season's wages rendering them now dependent upon charity for sustenance.

SPEND THOUSANDS FOR AN OPEN SHOP

Shingle Manufacturers Have as Object the Revolutionizing of Trade.

ABERDEEN, Sept. 23.—As the result of the shingle weavers' strike now in progress on Grays harbor and having for its object the complete revolutionizing of the shingle industry not only in Chehalis county but throughout the entire Pacific coast and entailing the expenditure of more than \$100,000 by Chehalis county manufacturers alone, a movement has been started by shingle manufacturers here which, it is declared, will have a far reaching effect and will result in placing all mills not only here but along the coast on an "open shop" basis.

Agree to Make Changes. It is declared that all owners whose mills are not now equipped with the uprights have agreed to make the change at once and that orders have been placed within the past two days for more than seventy machines. The installation of uprights will do away, it is said, with knot sawyers, who, the shingle manufacturers declare, have adopted, according to the statement made today by a prominent member of their organization, is this: "Install upright machines in all the mills." place two packing frames for each machine, run the mills at about one-half their capacity and employ unskilled labor to pack the shingles at a daily wage rate in place of the piece rate as now prevails. By this method the shingle men declare that they will be able to operate their mills and be free from outside interference.

Spanish Troops in Action. MELILLA, Spain, Sept. 23.—A Spanish detachment reconnoitering in the vicinity of Souk Beni Sear today demolished a large number of houses. Ruffians opposed the Spanish advance. The Spanish lost two killed and ten wounded Wednesday.

TAFT OPENS NEW PROJECT

WATER IN GUNNISON TUNNEL

Utterances of Little Moment on Thursday—Is Now on Way to Salt Lake City.

MONTROSE, Colo., Sept. 23.—President Taft spent today on the western slope of the Rocky mountains. In many respects the day was one of the most interesting since leaving Boston. Late this afternoon Taft stood on the brink of the deepest irrigation ditch in the west and made the electrical connection starting the flow of water through the Gunnison tunnel, the greatest irrigation project the government has ever undertaken. Before traveling to the west portal of the tunnel the president visited Montrose county fair, and after some formal speech making was given a real touch of western life—a relay race of cow-boys.

During the day Taft presented the golden key to the city of Montrose, a gold badge commemorating his visit, and a gold table bell. With the bell the president made the electrical connection which caused a squad of laborers several miles away to knock away bulkheads and start the water through the tunnel. As the muddy water rushed out the crowd gave a spontaneous cheer.

In all his speeches today, including the one at Elk Park, which followed the illuminated parade the president touched briefly upon the subject of irrigation. At Grand Junction he promised to look into the matter of completing the Grand Valley project, begun by Secretary Garfield on a partnership basis between the government and the landowners. This project was ordered stopped when the attorney general declared the arrangement illegal.

But one incident occurred to mar the president's visit. As Superintendent Daniels of the tunnel was making his way toward the president one of the Colorado sheriffs who had been escorting the president across the state got into an altercation with him and Daniels was knocked down. Friends resented the act of the officer, who during the struggle drew his pistol.

Ballinger made a speech here tonight, referring to the subject of reclamation in general, but because of a bad throat his talk was brief.

The president left here tonight for Salt Lake City. He will make brief stops at Helper and Provo tomorrow morning.

INDICT EIGHTY IN MAIL FRAUD

JAS. MAYBRAY AND ASSOCIATES

Grand Jury Finds That Over Half Million Has Been Secured by These Swindlers.

COUNCIL BLUFFS, Sept. 23.—James C. Maybray and 84 alleged associates were today indicted by the federal grand jury charged with conspiring to defraud by illegal use of the United States mails. With the exception of Maybray and three or four others, none of those indicted are in custody and for that reason the names are not made public. The list includes many persons known in criminal circles in all parts of the country. Although the specific amounts are not mentioned in the indictment it is authoritatively stated the amounts lost by the supposed victims of Maybray and others exceed \$500,000. The sums lost range from \$1500 to \$30,000. The names of the alleged victims include John H. Sizer of Seattle.

FILES SUIT AGAINST COUNTY.

James Armstrong Claims Damage Resulting from Driving Accident.

James Armstrong has made Yakima county the defendant in a suit for damages in the amount of \$10,987.50, of which \$10,000 is claimed for permanent disability arising from an accident which happened to him January 4, 1909, while driving on the Sunny-side-Mabon road near its crossing with the river. By reason of careless road construction on the part of the county, he says, his wagon was overturned and he was thrown so that he sustained a compound fracture of the right arm. He claims to have been permanently disabled. The plaintiff is represented by Attorneys Donohue and Morgan.

Over 100 Were Lost. NEW ORLEANS, Sept. 23.—At least 100 persons lost their lives in the hurricane Monday, according to a conservative estimate tonight.

SHORT SHIFT FOR JOY RIDER

GRAND JURY INDICTS ANOTHER

Chauffeur and Road House Proprietor Fall Into Toils in Oregon After Catastrophe.

PORTLAND, Sept. 23.—Harry Holland and John E. Robertson were indicted by the grand jury today, charged with grand larceny growing out of the "joy ride" Saturday night which resulted in the death of Dolly DeMartini Ferrara. They are charged with stealing an automobile belonging to William M. Ladd. Fred T. Merrill, proprietor of the road house which Holland and Robertson and their party visited, was indicted on a charge of selling liquor to a minor and allowing a female under age in a room where liquor was sold. Frank E. Rodman and Minnie Maddux today were arraigned in the circuit court on a charge of manslaughter in connection with running down with an automobile Mrs. May Real.

DES MOINES PLAN WILL BE DEBATED

That Is Topic for Interscholastic Discussion and "High" Boys Will Enter.

Though not having been a contestant for the past two years, the local high school will enter the state interscholastic debates this year. Word has been received to the effect that the first debate will take place November 12 though it is not known with what school. The subject for the state debate will be as follows: Resolved, That cities of the Northwest containing fifty thousand inhabitants or over should institute a commission form of government modeled after that of Des Moines, Iowa. Provided that the negative shall propose no other form of government.

The subject will be discussed in the two upper English classes in the local school and will be debated in the near future between the juniors and the seniors. A team to represent the school will then be chosen.

Mrs. A. S. Congdon returned last night from the coast where she has been for some time.

DR. COOK WOULD DIVIDE PRAISE

BETWEEN EXPLORERS AND HELPERS

Arctic Club Accords Banquet and Hears Story—Peary Gets Big Ovation.

NEW YORK, Sept. 23.—Cheered by thousands of men and women as he entered the banquet hall on the arm of Rear Admiral Schley, Dr. Cook tonight told the story before the most brilliant audience he has addressed since leaving the court of Denmark. The banquet was given by the Arctic Club of America, of which Cook is a member. The assembly was cosmopolitan and enthusiastic. Cook detailed many of his polar experiences and insisted he wanted to divide the praise with the explorers of the past, upon whose experience he had won, with Eskimos, whose customs he adopted with victorious effect, and with Bradley, who financed the expedition.

Ovations for Peary.

PORTLAND, Me., Sept. 23.—From the moment Commander Peary crossed the international boundary line until he arrived here tonight his reception was a continuous ovation, and at every station there was a crowd of cheering country folk. At Bangor the commander was welcomed at the station by thousands. Mayor Woodman escorted him in a carriage to the Bangor house, where representative men entertained him at an informal luncheon.

POLICE CLASH WITH OMAHA STRIKERS

Teamster Arrested for Blocking Track and Mob Threatens Officers—Reserves Called Out.

OMAHA, Sept. 23.—The police clashed with the excited crowd late today as the result of a demonstration over the arrest of a teamster for causing a street car blockade. The man was dragged from his wagon by a policeman and the crowd pressed around threateningly. Reserves were called and dispersed the disturbers after arresting six and clubbing others.

FIRST SALE OF WINTER APPLES

IN YAKIMA VALLEY IS MADE

A. H. Hixon Markets His Crop Through the Horticultural Union, and it Will Go to St. Louis.

The first sale of winter apples announced was perfected Thursday when Manager Ray Paddock of the Horticultural Union closed with A. H. Hixon for a carload of Black Ben Davis, the fruit to go to W. G. Fields, who represents A. S. Block & Co. of St. Louis and other eastern houses. The price which Mr. Hixon obtained is not made public. Fruit of the kind, however, sold at Wenatchee at \$1.75 per box and, according to all reports, the same or better figures are obtaining here and throughout this valley.

Complain of Pests.

Complaints are made by ranchers that the pests have been unusually active this season, and it is said by some that the worm-smitten apples will be 40 per cent of the crop in the immediate North Yakima vicinity. H. M. Gilbert when asked about this Thursday said that there are no more worms this season than in previous years but there are fewer apples and the proportionate damage is therefore greater. Had the crop this season been normal the percentage of injured fruit would have been so small as never to have been heard from.

Views of a Manufacturer.

S. G. Mortland of the Mortland Manufacturing company said Thursday that he has been able to make arrangements with a number of growers for a fair supply of fruit. This will not be sufficient in quantity to enable the plant to run more than spasmodically this season. It will, however, enable the management to put up a product which will serve to advertise the Yakima brand of cider and vinegar. Mr. Mortland said that he had been surprised to find the extent of the vineyards of Yakima, these being much more extensive than he had thought to find.

No Massacre of Jews.

KIEV, Sept. 23.—There has been no massacre of Jews in Kiev. There have, however, been slight disorders which apparently were the foundation for the sensational reports sent abroad. These encounters were so unimportant that they were not even mentioned in local newspapers.

The "Stay Satisfactory" Range

"The Range That Pays For Itself"

Our Recommendation—Over 400 in use in Yakima Valley. Ask your neighbor about THE MONARCH. Prices, \$52.50 to \$175. We believe that the largest stock, the best assortment and the best quality as well as the cheapest line of Stoves and Ranges are found with us.

LAUREL HEATERS Are a High Grade Heater for soft coal or slack. Prices..... \$30 to \$50	ART LAUREL BASE BURNERS For hard coal or chestnut coke. Prices..... \$55 to \$80
Laurel Extension Top Heaters For soft coal or slack, and are used in churches, schoolhouses and halls. Prices..... \$35 to \$45	The Wood Laurel Heaters For wood only, and are popular for any place. They are neat, clean and quick. Prices..... \$12.50 to \$20

President Taft to Visit the A.-Y.-P. Exposition Sept. 29 to Oct. 1.

ARCTIC BROTHERHOOD
BUILDING

WASHINGTON STATE
BUILDING

THE PRESIDENT WILL ADDRESS A MONSTER CROWD IN THE NATURAL AMPHI-
THEATRE DURING HIS VISIT TO THE EXPOSITION.

PRESIDENT WILLIAM HOWARD TAFT is to be the principal actor in a varied interesting program, which awaits him upon his arrival at the Alaska-Yukon-Pacific Exposition in Seattle from September 29 to October 1. From the moment Bill Taft sets foot on the paved walks of the exposition he will have to hurry to keep pace with the various events in which he is scheduled to take part. His activities will have a wide range, too. And, then, the president's good nature is proverbial and his lieutenants have sent on word that the president will do his part to make the day a big success. His most formal appearance on the exposition grounds will be at a reception in the Washington state building at the official banquet. Following in line will be his initiation into the Arctic Brotherhood, the Alaska fraternal association. The president will also find time to address a monster crowd in the Natural Amphitheatre, mush down the Pay Streak, attend an elaborate luncheon, visit the United States government buildings and the Igorrote village.

September 30 at the Alaska-Yukon-Pacific Exposition will be one of the president's busiest days in the west and the people will be given every opportunity to see and hear him during his visit to the fair.

COUNTY CORRESPONDENCE

NACHES CITY.

George Kanedy returned home from Portland last week.

Mr. L. E. Smith has returned home from Lewiston, Mont.

Mr. and Mrs. L. E. Little were North Yakima visitors Saturday.

Walter Linsey made a business trip to North Yakima last week.

Mr. Frank Bunker of Naches City was a Yakima visitor Saturday.

The school has commenced in this district with a large attendance.

Mr. and Mrs. Ed Akers left here for Seattle, where they expect to visit the fair.

Mr. Smith and Mr. Simons of the Hess ranch have sold their shares to Mr. Hess.

Ralph and Tony Wood, after an absence of two months, have returned to Naches City for a few days.

Mrs. Will Clark, Mrs. Clarence Sone-
man and Mrs. Jack Rader went to
Yakima Friday evening to attend the
carnival.

Ned and Frank Hanks, who have

been working in North Yakima, were
the guests of their parents, Mr. and
Mrs. Will Hanks of Naches City.

Minus a Leader.

The local option cause in the Yakima valley just at present seems to be shy a leader. The republicans look to the democrats to start the fire-works, and the prohis are waiting for their stronger political brethren to start the upheaval. No one wants to be the Moses to lead Yakima county into the "dry" column. Party lines apparently have dampened the ardor of the ringleaders of the fight against "booze." One temperance advocate who figured prominently in the last election thinks that the fear of jeopardizing their business interests has something to do with the sudden lack of interest.

Dolph Barnett, a graduate of the local high school in this year's class, will leave Saturday afternoon for Seattle where he will attend the University of Washington, specializing in law.

WHITE MEN AFTER SCALPS

BUT MAY TAKE SUBSTITUTES

Indians Want Something of the Sort
for Use Sunday and Have No Old
Ones Left Over.

Hunting North Yakima for a scalp is an occupation which has engaged the spare time of W. L. Steinweg and L. V. McWhorter for the past two or three days. A scalp is badly needed and the local supply appears to be exhausted. A local druggist who has been exhibiting a splendid display of hair and scalp hadn't any not needed, and one or two business men who show a luxurious growth of whiskers refused to part with a bunch for display purposes. A scalp is necessary for the Indian dance at Sumach park Sunday afternoon, and it may be that it will be necessary to resort to the use of a pompadour or something of that sort. The spectacle of a Nez Perce brave removing the pompadour from a victim's head can be made very thrilling.

Good Chance for Spectators.

There may be a difficulty or two to be surmounted in getting the needed outfit for the Indian dances, but those who attend at the park will have no difficulty in seeing the dances, as Mr. Steinweg has carpenters at work erecting bleachers on the three sides of an enclosure the fourth side of which will be fenced in, so that the Indians will dance in an open space and the spectators will be unable to crowd in and around them. The additional bleachers under construction will accommodate 600 people. On the side of the enclosure to be fenced provision will be made for carriages for those who drive or go by autocar to the park.

The parade of the streets by the Indians preliminary to the dances at the park will be larger and much better than that of a week ago. A larger number of Indians have been procured and a great many of the Yakima friends of the visitors have undertaken to parade with them.

WILL WAIT FOR BILLY SUNDAY.
Backers of Temperance Cause Believe
That Evangelists Work Will
Materially Aid.

The prospects are that there will be no local option campaign in Yakima county this fall to determine whether the county shall be wet or dry. Several things have figured into the abandonment of the fight which was mapped out a few weeks ago but the prime reason as given by one of the leaders Tuesday was that the ministerial union and church leaders believe that inasmuch as Evangelist Billy Sunday is to come to North Yakima some time soon, the campaign will be much more easily conducted and carried to a successful climax after the evangelist has concluded his work here. This will postpone the local option campaign until the fall of 1910.

DUKES OF PRIVILEGE OWN AMERICA.

In England about 2500 persons own
half the land. Here's a list of eight of
the bigger owners:

Duke of Sutherland ... 1,358,600 acres
Duke of Devonshire ... 186,000 acres
Duke of Westminster ... 20,600 acres
Duke of Richmond ... 183,000 acres
Duke of Portland ... 183,000 acres
Duke of Montrose ... 115,000 acres
Duke of Manchester ... 70,000 acres
Marquis of Bute ... 117,000 acres

Eight persons owning over 2,300,000
acres of land through the divine
right of birth! Is any wonder that

tens of thousands are at the starvation
point in London, that England is
losing her prestige as a maritime power
and gaining pre-eminence as a consumer
of intoxicants, and that even
her women are fighting with the idea
that they can improve conditions?

What would become of our own
country should 2500 out of our 80,000,000
people secure ownership of
half our land? Why, millions and
millions of us would become mere
peons, wouldn't we? The mass of us
would finally become mere hired gardeners
to the Thawes of eight or more
rich families, wouldn't we?

But, wait a moment! Aren't we
headed straight toward that condition,
in spite of our ballot and hatred of
titles and domination?

Is a duke of Sutherland, with his
1,358,600 acres more to be dreaded
than a railroad king, who, through
railroad control, lords it over the pro-
duce of 20,000,000 acres or more? Can
a duke of Westminster, with 600
acres in the very heart of London, be
a worse calamity than "captains of indus-
try" like Morgan, Rockefeller, Van-
derbilt, and Frick, who control the
finances, fuel and light of our 80,000,000?

More acres are valueless. Land is
valuable only when held in connection
with things that make it productive
and its products remunerative through
shipment. A secretary of our govern-
ment who permits corporation or
other thieves to steal a hundred acres
covering sources of irrigation or power
helps to steal, not one hundred acres.

but thousands and thousands of acres,
for those sources are the real value
of those thousands.

Forsooth, if we think of it in this
light, don't less than 2500 persons al-
ready possess (control) over half of
our own land?

The people of England think they
see solution of their trouble in taxa-
tion of the "unearned increment";
that is, in taxation of the increased
value of the ducal and other lands not
due to any exertion of the landlord.
It will reach but a little way. It is
but taxation of what God and other
people than the landlords have done.
The demand of the masses is for
division!

If your land is made more valuable
by the enterprise and labor of others,
pay!

If you are born to riches, pay!
If your purse has grown dangerously
fat and powerful through enjoy-
ment of special and uncommon privi-
lege, pay!

FARMERS WILL GET FORECASTS

Postmaster Lemon Works Out Plan
for Sending Reports of Weather
48 Hours in Advance.

Ranchers on all the rural routes
out of North Yakima will soon be
furnished with a government weather
forecast daily, if the plans of Post-
master W. L. Lemon and Albert Bender,
local observer, mature. In fact,
this city will set an example in the
dissemination of weather reports
which may be adopted by the entire
country, and the accomplishment of
this is included in the plans of Mr.
Lemon. He is now working out the
details and hopes to have the scheme
in operation soon after the first of Octo-
ber.

Flags on Mail Wagons.

The plan of Postmaster Lemon is
to have each of the rural delivery
wagons equipped with a complete set
of weather signals furnished by the
government bureau and to display the
proper ones on their trips each day.
Through Mr. Bender, local observer,
Mr. Lemon has arranged to get the
weather report each morning from
Portland, Ore. In fact, he has been
getting the forecast for several days,
and the only hitch in the plan is to
get the report earlier in the morning.
The weather bureau has already sup-
plied the postoffice with flags, and Mr.
Lemon is now striving to get the re-
port early enough each morning to
send out with the rural carriers at
8:30. He already has had the time of
receiving the report made several
hours earlier and is confident that he
will succeed in getting it by 8
o'clock each morning.

Value to Fruit Growers.

"Such a forecast for the farmers
as we contemplate should be of in-
estimable value to this section," said Mr.
Lemon yesterday. "In the spring
when there is danger of frosts, the
fruit growers will have a reliable fore-
cast nearly 48 hours in advance which
will give them plenty of time to pre-
pare for it with smudges or oil pots.
Most of the ranchers do not get the
forecast at all now, and those who do,
get it late.

"It probably will take some time to
educate the people to the value of our
plan, but I believe that by next spring
when it will be especially valuable, the
farmers will appreciate it."

The regular weather bureau flags
will be used. Each carrier will be
supplied with a complete set of them,
and the signals will be posted on a
conspicuous place on each wagon.
The flags are large enough to be seen
and recognized a considerable dis-
tance. Before starting the work, Mr.
Lemon will send every rancher on all
the rural routes a card giving the
meaning of the different flags. They
are as follows:

White, clear weather; black, cloudy
weather; white with a black center,
frost or cold weather; black and white,
half and half, local rains; triangular
flag above another flag, warmer; tri-
angular flag below another flag, cold-
er.

Mr. Lemon said that if the plan
works out here as he expects it to do,
he will suggest to the government
that it be adopted on rural routes
throughout the country. He believes
that it could be used to advantage in
every farming community in the
United States, and especially in sec-
tions where frost is such an import-
ant factor.

FRUIT BASKET KEY TO CITY

Mayor Armbruster Will Welcome
Chief Executive From Court House
Steps—School Children Present.

A basket of luscious Yakima fruit,
the best from the surrounding or-
chards, and covered with an American
flag, will constitute the keys of North
Yakima during the visit of President
Taft, September 29. Mayor Arm-
bruster has decided on this. He will
present the fruit to the president when
he welcomes him to the city from the
steps of the court house.

There will be but slight variations
in the program as at first arranged.
The line of parade will be changed
somewhat owing to the change in the
place of speaking from East Yakima
and Nachas avenues, to the court
house. It is likely that the luncheon
at the Yakima hotel will begin a half
hour earlier, at noon sharp, instead of
at 12:30. This will allow time for a

few brief remarks from the president
after the banquet.

The local G. A. R. and Spanish war
veterans will have seats on the rostrum
on either side of the president
and party. Building Inspector Wise
is now drawing plans for the rostrum.
John Bacheeder will have charge of
the decorations of the platform.

A new feature of the program will
be the presence of the school children
of the city on the line of march to
the court house. They will be massed
on Second street between Yakima ave-
nue and A streets.

ASK WRIT OF RESTITUTION.

A writ of restitution has been asked
by the Grandview Water Company in
a suit instituted by it against T. A.
Noble against whom, also, judgment
in the amount of \$925 is asked. The
company alleges in its complaint that
it was entitled to take possession,
June 25, of this year of the power
plant, etc., in the Rocky Ford lateral
and with it 4200 feet of pipe line in-
stalled to carry the water for the irri-
gation of 400 acres. The company al-
leges that Noble on the date named
entered into possession, peaceably, of
the property and has since held it to
the loss of the company in the amount
of \$400. It further alleges that Elza
Dean who had cleared 15 acres of land

and prepared it for planting under a
promise of water, has instituted ac-
tion for loss of \$525.

Mr. Clifford A. Sherwood and Miss
Alice D. Warner, both of this city,
were united in marriage at 8:30 a. m.,
Tuesday, at the home of Mr. and Mrs.
F. D. Clemmer, 407 North Fourth
street, by Rev. Morton L. Rose. After
a brief visit to Seattle Mr. and Mrs.
Sherwood will make their home on
Fourth avenue south.

Lester Palmer, a graduate of the
North Yakima High school class of
1908, will leave Monday for Seattle,
where he will attend the State univer-
sity.

The Checking Account for the Farmer

Many farmers keep a checking account with us regularly because it is a great help and convenience in their every day business.

With a checking account you can tell exactly the total amount of your receipts and expenditures for each month for the entire year. When you sell your farm products, deposit your money in the Bank, subject to check. The obligations you have can be cancelled by check. When you make a purchase, pay by check.
We invite you to try this system.

RICE COLLECTS INTERESTING DATA ON HISTORY OF APPLE

SPOKANE, Sept. 23.—Orchardists all over the continent will be interested in the research work just completed by Ren H. Rice, secretary-manager of the National Apple Show, Inc., showing that the so-called "wild apple" or "wild crab," from which many of the present standard commercial varieties have sprung, were wayward descendants of trees originally imported from England and other foreign countries in the eighteenth century.

Mr. Rice has compiled data tracing the seeds from their habitat in foreign soils to these shores, also the wandering of the trees from the path of civilization, reverting to sayagery and then brought to the present day perfection as to color, size and flavor, after years of toil and study. Of the contributory factors he says that the process of cultivation was not of sufficient long duration nor was it complete, and as a consequence, after a few years' neglect it was natural for the fruit to return to its normal state.

The appended excerpts are from Mr. Rice's manuscript, to be presented to Professor H. E. Van Deman of Washington, D. C., who will head the board of judges at the second national apple show in Spokane, November 15 to 20.

Trees Reverted.

During revolutionary times and the days of the Indian wars, when thousands of men were called to bear arms many farms were permitted to run to waste and weeds. In numerous instances the isolated homesteads and even settlements were attacked and destroyed, the occupants slain, the buildings sacked and burned and the stock scattered when not stolen. Then a few years completed the transition from pioneer husbandry to utter ruin and chaos.

Frequently these settlements were the outposts of civilization, situated as they were on the very edge of the wilderness and in the course of a few years rank weeds pushed their heads through the rotted boards and logs, pine, hemlock and maple growths sprung up in the clearings and wild things scamped unmolested over the ruins, which were rapidly accumulating moss and lichens. In a word, the wilderness had stretched forth its hands and claimed its own.

The young orchards, which, with the poplars and other trees served as windbreaks, were quickly surrounded and outstripped in growth by the native woods, the tangled underbrush choked the tender trees and the fruit reverted to the wild and free manner of the pigeon berry and beech nut.

Wild Apples Spicy.

"Wild apples," so-called, had a peculiar charm of their own, largely because of their spicy flavor. Though barred from the tables of gentle folk and the marts of trade, they were sought by fully as interesting if less exacting consumers. The blanketed reds used them as staples of diet and the pioneers of the backwoods and the frontiersmen often stepped off the trails to obtain a store. The settlers of more peaceful days found them a pleasant surprise in a zone not prolific of fruits, and bear, raccoon and porcupine also knew them as an excellent preparation for the long sleep

of winter.

When the yeomen returned from the wars to resume the cultivation of the soil many farmers set themselves to redomesticating the apple, and in this entered the process of selection and rejection as practiced by the foremost pomologists and botanists of the present day. Trees were cleared of the underbrush and pruned and scions were developed and pruned in turn, until after much patient toil, as long in duration as the period of retrogression had been, the wild fruit once again became the apple of civilization, and with this came its development as a commercial product, which is destined so far as the northwestern states and provinces are concerned, to rank with the wheat industry in a very few years.

Production Fallen Off.

Mr. Rice shows in his compilation of data, bearing on the growing of commercial apples, that the industry has not kept pace with the increase in population in the United States and Canada, from the fact that the entire crop this year, estimated at 28,000,000 barrels, is many barrels less than the production of 1896, when growers in the United States harvested 67,070,000 barrels of apples were harvested in the United States last year.

The explanation of this condition lies scattered over the broad acres of New England, eastern and middle western states, where apple orchards, never regarded as serious features of the farms, have fallen easy prey to neglect and resultant pests. In many instances the trees have been felled to supply manufacturers with materials, while in other localities entire orchards have been chopped out to afford room for more profitable crops.

As there is no substitute for the apple, this would mean nothing less than a famine were it not for the orchards in the west, where immense territory has been dedicated to fruit production, and with the millions of trees planted annually will make this the orchard country of the world.

Young Orchards by 1915.

"The lands already planted in Washington, Idaho, Oregon, Montana and the province of British Columbia should produce a crop of apples in 1915 equal to the production of the United States in 1896," said Mr. Rice in discussing the outlook, "and at that there will never be an over production. From that time on, with orchards in other western and south-western states, including California, Colorado, Texas, Nevada, Utah, Arizona, New Mexico, Wyoming and the Dakotas, there should be a definite increase every season, until the apple becomes the every-day fruit and food of the people, instead of a luxury, as it appears to be today in view of the underproduction and high prices.

"The question of how the demands of the people for fruit can be met will have a prominent place at the formal discussion in Spokane next November. I believe this is a timely subject for inquiry and that it ranks in importance with the facts presented recently regarding our forests and iron ore deposits."

TIETON LAND OWNERS BUSY.

Many Questions Will be Asked at Meeting Which Will Consider the Question of Assessment.

When members of the Tieton Water Users association and others interested in land under the Tieton canal meet in adjourned annual session at the court house Saturday the question of an assessment of \$20 per acre of land under the project to raise money for its completion in 1911 will be considered. Some of those heavily interested favor the assessment idea. Others equally heavily interested are opposed. All want water on the land at as early a date as possible but the trend of opinion appears to favor some bonding proposition. To bring this about it will be necessary to reorganize the Water Users association and it is altogether probable that the meeting of Saturday will adjourn without taking definite action other than to provide for expansion of the association to meet the needs.

There are approximately 9000 acres under the Tieton project which are not held by private owners. Of these some 2500 acres belong to the state; 600 acres to the Northern Pacific railroad and 5,700 to the United States. All this land will be under the ditch. Some of those interested in the matter of early completion of the ditch are anxious to know what proportion of the burden of expense this land is to carry. They feel that they should not overtax themselves to place water within reach of land of the state, the railroad and the federal government unless those owners are to bear a portion of the burden of development.

Including the 9000 acres above referred to and with them the 38,000 acres of privately owned land there are some 47,000 acres in all which will be below the canal and under the influence of the water it is to distribute.

The canal, according to many of the land owners, will carry water for about 26,000 acres only, which is little more than half the acreage under the project. The question naturally arises then. How is the water to be divided. If all or only the 38,000 acres of privately owned land join in the expense for early completion who is to get the water and who isn't?

These questions, it is said, will be asked at the meeting of Saturday if discussion is opened relative to the Tieton project. In the meantime those interested are either preparing to be present or are arranging proxies so that the action taken will represent

a large proportion of the votes entitled to voice in the proceedings.

HUNDREDS GO TO VISIT A.-Y.-P.

Yakima and Walla Walla People to Number of Nearly Two Thousand Go to Seattle.

Five hundred people from North Yakima and as many more from the valley south of this city and almost as many more from Ellensburg with some stragglers from the towns at the upper end of the Kittitas valley went to Seattle Tuesday to participate in the features there today comprising the "Valleys of the Yakima" day at the fair. The people from this city and vicinity travelled in a special train. Those from the lower valley were in extra cars attached to the regular Pasco-Seattle express. The trains left this part of the valley between 10:30 and 11 o'clock a. m. At about 3 o'clock in the afternoon a special train carrying some 800 Walla Walla excursionists went through North Yakima. All these trains picked up a few passengers at the stations west of here and it is understood that Ellensburg, Easton, Cle Elum, etc., a number of excursionists traveled west by the Milwaukee road.

Many of the excursionists, despite the fact that all come from famous fruit growing districts, descended from the trains at the stations here and purchased apples, grapes, and other local fruits at the fruit stand at the station here.

Music was a feature of the trains. The regular had the Sunnyside band on board, the special from here had the Yakima Juvenile band with it and the Ellensburg people took their musical aggregation with them. While every person wore a badge and many carried small pennants or some other emblem indicating that they represented the Yakima valleys, there were no banners in evidence though there had been made ample provision for such. These banners are to be used in Seattle on the street cars on which the local people will ride through that city. It was considered that there was no territory between Yakima and Seattle in which a boosting banner displayed outside the cars would do any particular good. In Seattle, however, it was intended to make the biggest hurrah possible.

Considering that the Yakima valley people have patronized the fair most liberally throughout the summer and that hundreds of ranchers are holding back for the stock show next week the excursion was very large.

FOOTBALL TIME IS HERE AGAIN

SEASON'S SCHEDULE ANNOUNCED

Physical Director Cook Will Train at
"High"—Many Experienced Men
In Line-Up.

With thirty men turning out to the first three practices and an abundance of new material on hand, prospects are that the high school football team this fall and perhaps walk away with the valley championship. From the material that is on hand, the team this year will be the heaviest and fastest that the school has had for the past four years. Harry A. Cook, physical director of the Y. M. C. A., has been secured by the school board to coach the team this fall and other high school teams later on in the year. Mr. Cook will be able to devote five nights a week to practice with the boys and expects to shape a winning team. The number of boys now out will enable the school to maintain a first and second team which will give added strength to the first team.

Among the new men who are trying for the team this year are Smits, who played fullback on the Madison, North Dakota High school team last season, M. White, who played quarter on the Oxford Ohio High school team for the past two seasons, and Milan Hunt, from Central High school, Minneapolis. Hunt played end on that team.

The schedule is still incomplete though many good games have been secured. Outside of the valley league games have been scheduled with the Wenatchee and Walla Walla High schools. The latter team will play here Thanksgiving and close the season. The Queen Anne High school, Seattle, which opened up this fall has written for a game and it is very probable that one will be secured with that team.

Following is the schedule as arranged to date:

Oct. 2...Sunnyside at North Yakima
Oct. 9...Washington State Normal at Ellensburg
Oct. 16...No Game
Oct. 23...Washington State Normal at North Yakima
Oct. 30...Sunnyside H. S. at Sunnyside
Nov. 6...Ellensburg H. S. at N. Yakima
Nov. 13...Wenatchee High School
Nov. 20...No Game
Nov. 30...Walla Walla H. S. at N. Yak.

SCALP DANCE TO BE SHOWN.

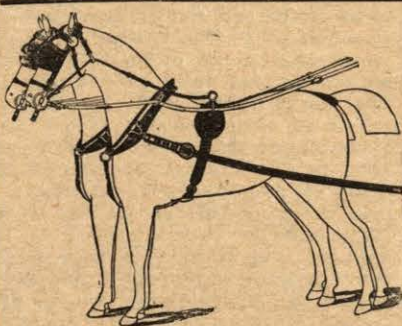

Indians Make Arrangements to Remain Over Here for Another Week and Entertain Public.

Nez Perce Indians, despite the fact that they have had their torgery all packed and prepared to remove their tents to Toppenish, have decided to remain over in North Yakima until after Sunday next and give another entertainment at Sumach park, following a larger and more pretentious parade through the streets of North Yakima. The reason that the Indians remain over is because they have heard some complaints regarding their entertainment of Sunday last. No one has told them that their effort to illustrate their customs was not good but a great many have declared that because of the crowd they were unable to see just what went on. This the Indians did not like. They called upon Mr. Steinweg and asked for a second opportunity to appear before the people of North Yakima. This request was granted.

Will Fence Off the Crowd.

Mr. Steinweg does not propose that the crowding of Sunday last shall be repeated. He has prepared plans which will obviate all difficulties particularly with reference to the bleachers or grand stand or whatever the name of the structure is. A heavy fence is to be erected in front of the seats, making an enclosure inside of which the Indians will present their Sun dance, their Scalp dance and other dances, including their sign language talk. No one will be allowed between the seats and the dancing enclosure. The three sides of the enclosure will make ample room for the people who are standing and outside of them there will be ample carriage space.

The Sun dance which the Nez Perces promise to illustrate is a famous

dance and is accompanied by awful tortures and tests of stoicism. These will in some measure be eliminated as will also the real scalping proposition in connection with the Scalp dance. Except the elimination of these features the dances will be real.

Liquor Interests Busy.

The liquor interests of this and every other section of the state fear the result of a call for a local option election. They have started a campaign of education in a quiet way. Representatives of the dispensers of tabooped thirst quenchers lose no opportunity to impress upon the minds of voters—young and old—their side of the "dry" question and show facts and figures and pictures to prove their arguments. They expect the fruits of their labor to show up when a "dry" election is called.

NOTICE TO INCREASE THE CAPITAL STOCK OF VALLEY HARDWARE COMPANY.

To the Stockholders of the Valley Hardware Company:

You and each of you are hereby notified that a stockholders' meeting of Valley Hardware Company will be held at the principal place of business of said company in the City of North Yakima, Wash., at the hour of eight o'clock P. M. on the 8th day of November, 1909, for the purpose of voting upon the question of increasing the capital stock from Twenty Thousand dollars to Forty Thousand dollars. Dated and signed at North Yakima, Washington, this 9th day of September, 1909, by the undersigned, a majority of the trustees of said Valley Hardware Company.

Valley Hardware Company by,

H. W. Sprague, Clerk.

J. F. OKEY, Trustee.

Trustee.

SUMMONS FOR PUBLICATION.

In the Superior Court of the State of Washington, for Yakima County. Minnie Blanche Everett, Plaintiff, vs. Elmer Everett, Defendant.

The State of Washington: To the said Elmer Everett, the defendant above named:

You are hereby summoned to appear within sixty days after the date of the first publication of this summons, to-wit, within sixty days after the 14th day of August, 1909, and defend the above entitled action in the above entitled court, and answer the complaint of the plaintiff, and serve a copy of your answer upon the undersigned attorney for the plaintiff at his office below stated; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint, which has been filed with the clerk of said court.

The object of the above entitled action is set forth in the complaint as follows, to-wit: The said plaintiff prays that she be granted an absolute divorce from the defendant. That she be given the custody and control of the two children named in said complaint. That she be awarded one-half of the community property and allowed fifty (\$50) dollars per month for the support of herself and children.

That she have such other and further relief as may seem meet and equitable in the premises.

H. J. SNIVELY,

Plaintiff's Attorney.

Office and P. O. address North Yakima, County of Yakima, State of Washington.

Aug. 14-Sept 25.

SUMMONS.

In the Superior Court of the State of Washington, in and for Yakima County.

Nancy Hronek, plaintiff, vs. Emil Hronek, defendant.

The State of Washington to the said Emil Hronek, defendant: You are hereby summoned to appear within sixty days after the date of the first publication of this summons, to-wit: within sixty days after the fourth day of September, 1909, and defend the above entitled action in the above entitled court, and answer the complaint of the plaintiff and serve a copy of your answer upon the undersigned attorneys for plaintiff, at their office below stated; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint, which has been filed with the clerk of said court.

This is an action for divorce upon the grounds of habitual drunkenness of the defendant and the defendant's neglect to make suitable provision for plaintiff.

THOMPSON & DUNLOP,

City and County News

Wheeler Warren left Thursday afternoon for his home in Wisconsin and will be away for three or four weeks.

At a meeting of the North Yakima High school Wednesday afternoon Milan Hunt was elected manager of the football team.

Miss P. Armbruster and the two sons of A. J. Holmes, of St. Paul, Minnesota, who have been visiting Mrs. Chris Scow of North Second ave., for the past week, returned home last evening.

Rumer Jeffrey will leave next week for Washington, D. C., where he will resume his studies in the George Washington university. Before going he will spend several days at the Alaska-Yukon-Pacific exposition and a week in Denver.

Mrs. Chas. Allen of South Pasadena, California, and Mr. and Mrs. M. C. Makinson, of Pittsburgh, Pa., who have been visiting Mrs. Boyle of this city, left Thursday afternoon for Seattle and Tacoma. From there they will tour California, Arizona, and other eastern states before returning to Pittsburgh.

M. H. Grover and wife, formerly of this city, who have been here for the past four days, returned to their home in Santa Cruz, California. Mr. Grover was formerly connected with the Cascade Lumber company. On their return trip Mr. and Mrs. Grover will stop at the exposition in Seattle and also spend a few days in Portland.

Miss Beatrice Kneefe, a teacher in the Columbia school, is back at her work after a few days illness.

Clifford Davis will leave Saturday morning for the Coast where he will spend a week or ten days visiting friends and relatives.

Prof. George LeVesconte returned Thursday morning from Seattle where he spent some time at the Alaska-Yukon-Pacific exposition.

Miss Oro Blair of Seattle, who has been visiting friends in this city for the past two weeks, returned to her home Thursday afternoon.

J. B. Gordon, representative of R. L. Polk & Co., is in North Yakima arranging for the procuring of the data for the 1929 directory.

George Weikel was a passenger west Thursday on a business trip to cities of the Sound and returning will stop at Roslyn and Cle Elum.

Licenses to hunt have been issued by the county auditor to Charles Babcock of this city, and Fred C. Sharp of Toppenish.

The Pacific Hotel company, with a capital stock of \$10,000 has been incorporated by H. H. Lombard and H. C. Lucas. Mr. E. B. Moore is to assume the management of the house.

Lester Palmer, a graduate of the North Yakima High school class of 1908, will leave Monday for Seattle, where he will attend the State university.

Dolph Barnett, a graduate of the local high school in this year's class, will leave Saturday afternoon for Seattle where he will attend the University of Washington, specializing in law.

W. H. Gano of Green Spring, Ohio, is expected in North Yakima today to visit his brother G. A. Gano. It is probable that he may determine to locate here as in previous visits he has been preparing for such a change.

Matt Hunter, who stole parcels from a wagon Wednesday, was fined \$50 by Judge Wendt Thursday. The man claimed to have been drunk when he stole but Police Judge Wendt didn't see much excuse in that.

Syringa Chapter No. 38 of the Order of the Eastern Star will hold a meeting Friday night, September 24 in the Masonic hall. After the business session a social evening will be spent. Refreshments will be served.

Mr. J. L. Curtis, of Osato, Minnesota, arrived in the city Thursday afternoon. While in the city Mr. Curtis will be a guest of his brother A. W. Curtis, corner East B. street and Tenth.

Eugene Wilson, bank examiner, is in North Yakima and is making an examination of the National banks here. He finished with the First National Thursday and it is probable will start in with the Yakima National this morning.

Miss Hazel Durall, a graduate of the North Yakima High school class of 1908, will occupy a principalship in the Upper Naches school this year. Miss Durall is in the city this week.

strat business and on the return route will spend some time in Butte, Montana and other cities.

Ethel May McLeod has filed suit for divorce from Hugh Duncan McLeod whom she married at Pilot Bay, B. C., January 4, 1894. She alleges that her husband is addicted to the use of intoxicating liquors, that he has treated her cruelly, called her vile names and struck and beat her. She alleges specifically that on August 15, 1902, at Roseland, B. C., he beat her so cruelly as to tear her clothing from her. She asks for separation and right to resume her maiden name of Ethel May Russell.

Among visitors in North Yakima are Mr. and Mrs. W. R. Taylor of Santa Anna, Texas. They came to North Yakima because they found a Yakima picture postal card in the seat of a car in which they were traveling in Texas. They liked the looks of the fruit in the picture so came up here to see where it was grown. They have been in Yakima for 10 days and will probably remain for a month or so. Mr. Taylor is a cattleman. He says this is as nice a small town as any he knows of.

George E. McDaniel and Miss Annetta Fry, daughter of Mr. and Mrs. Frank Fry of Nob Hill, were married at the home of the bride's parents Wednesday evening, Dr. Morton L. Rose of the Christian church officiating. A wedding supper was served, the guests being the immediate friends of the bride and groom, both of whom are North Yakima people having been reared here. Mr. McDaniel was absent for a time in Alaska. The young people will make their home in Portland.

The seating capacity of all the grade schools, is at the present time overtaxed. This is the first time in the history of the local school system the schools have been overcrowded in the second week in September, though during the months of December, January and February the schools are seated to their full capacity each year. City Superintendent D. C. Reed was busy all yesterday forenoon straightening out the tangle. Many of the pupils were shifted from one building to another and the trouble was relieved to some extent. If the enrollment continues to increase other arrangements will have to be made.

Mrs. F. W. Stacy, whose husband has charge here of the overhead construction work of the street railway company, was painfully injured in a runaway accident in Minneapolis on Sunday. She has been visiting friends in Minneapolis and went out driving. The horse became frightened and started to run. Mrs. Stacy jumped and sustained a broken ankle and a broken knee cap. Had she remained in the carriage she would probably have been unhurt as the horse stopped of its own accord after going a hundred feet or so.

W. A. Olson, a newspaper man of Woodhull, Ill., is the guest of Robert Rundstrom, of the Coffin-Rundstrom Furniture company for a few days. Mr. Olson recently sold out his paper and is taking the first vacation trip enjoyed in 12 years.

Mr. Ernest H. Baker, of Portland, Oregon, and Miss Lillian O. Counts, of Lucas, Washington, were married at 2 p. m., Tuesday, by Rev. Morton L. Rose at his residence, 131 North Second street. Mr. and Mrs. Baker will make their home in Portland.

TWO YOUNG JAPS ROB A CHINAMAN

Are Landed in the City Jail, Where Roll of Currency Is Taken from Them.

An old Chinaman by the name of Lee Sing, to whom Sam Chong entrusted \$75 with which to pay off the balance of his hop picker, was robbed of the entire roll by two Japanese boys about midnight Thursday. The theft was reported to the police, and with the assistance of Chinatown Patrolmen Loker and Smith finally located two Japs counting money in a rear room over the Red Apple Cafe.

Lee Sing said that the boys looked like the ones who had robbed him and they were taken into custody and landed in the city jail, where they gave the names of S. Omo and H. Fujama. The first search revealed only \$24.45, but later \$70 in currency was coaxed from their clothing, and the officers are quite sure that they were successful in landing the lads who attempted to get away with the money.

MORTLAND PLANT READY.

Conditions This Year Are Against a Heavy Output But Best Will Be Made of the Prospects.

Operations in a small way will be undertaken Thursday at the plant of the Mortland Manufacturing company. Under normal conditions the plant would now be going full blast but the conditions, with regard to the fruit men, are not normal this year. For the manufacture of vinegar, grape juice and the other products of the Mortland plant the raw material is not overabundant this season. There is however, enough in sight at this time to warrant a start at the plant and it is expected that later it will be found that there is a considerable quantity of cull apples.

The Messrs. Mortland are now in North Yakima and have been making contracts for such supplies needed by them as are available. Everything is in ship shape at their factory and they are prepared to hold up the quality of their goods even if fate and nature have compelled limits on the quantity.

Classes in physical culture for girls were organized Wednesday under the direction of Miss Baldwin, of the High school faculty.

DIVORCES GRANTED COMPLAINING WIVES

Mrs. E. B. Moore and Mrs. Walter McLaren Divorced and Given Share of Property.

Mrs. Minnie M. Moore was on Thursday granted a divorce from E. B. Moore, the grounds being incompatibility and irritable treatment of the plaintiff by the defendant. Mrs. Hallie W. McLaren was granted a divorce from Walter McLaren, the grounds alleged being cruel treatment. Mrs. McLaren is the daughter of a former governor of the state of Colorado.

In the Moore case in the division of property the residence at 222 north Second street in this city, 40 acres of land at Parker and \$4000 in cash were allowed to Mrs. Moore. Payment of the community debts is to be attended to by Mr. Moore, who also received 21 acres of land in Parker bottom subject to a \$400 mortgage. The property received by each is valued at \$20,000. Mrs. Moore is to assume the management of the Pacific hotel in this city and Mr. Moore will make his home at Parker Bottom.

In the McLaren case custody of the 5-year-old boy was awarded to the mother, who is also to receive alimony of \$80 a month until paid \$4000 in cash by Mr. McLaren, who is also to pay all the community debts. H. J. Snively appeared for the plaintiffs in each case. Mr. Moore was represented by J. Lenox Ward and Mr. McLaren's interests were cared for by W. M. Thompson.

Two whole carloads of apples will be distributed free at the Alaska-Yukon-Pacific Exposition Apple Day, October 6. Prizes are being offered for the best 200 word article on the "Apples of the Northwest."

Creed Wilson, of Seattle, who has been visiting Dr. and Mrs. L. L. Porter, of North Second street, returned to that city yesterday, Thursday afternoon.

FRUIT PRICES AT WENATCHEE

Delicious Tops the Market and Spitzenbergs and Winesaps Follow in Second and Third Places.

Apples of the Wenatchee valley held the Wenatchee Valley Fruit Growers' association pool have been sold under bid to the Wenatchee Produce company and the Gibson Fruit company of Chicago. There were 75 cars or 66,000 boxes in the pool and the figures to be obtained are as follows: Spitzenbergs, \$2.50; Winesaps, \$2.25; Black Bens, \$1.75; John-

athan, \$1.75; Missouri Pippins, \$1.50, for the fruit awarded to the Gibson Fruit company.

The Wenatchee Produce company bought the Delicious at \$3; Arkansas Blacks, \$2.10; Staymen Winesap, \$1.65 and Ben Davis at \$1.40; all other choice grades at \$1.10.

The board at first considered the price offered for Winesaps too low at \$2.25, but it was finally decided that they should be sold at that figure.

Mrs. Ella Stair and son Clarence are guests at the home of Mr. and Mrs. A. E. Larson.
