### QUEST FOR A QUEEN

A fairy story in music, pantomime, and dance, telling the story of the unhappy prince of the unhappiest country in the world. His father, King Scowl, and his mother, Queen Tear-drop, consult the Seven Wisemen, who prescribe travel. That night, the prince hears a gypsy song. Going to investigate, he meets the light-hearted band, and a gypsy woman tells his fortune. To find the secret of happiness he must first find the most beautiful queen in the world. Her people know the secret of happiness.

To find her, he must go forth guided by the constellation of the Seven Sisters, who will lead him to the queen. As the gypsies vanish, he raises his eyes to the stars, and the seven stars become seven beautiful maidens, who lead him from country to county until he finds the queen.
