Dear Click:

You have set up a perfect case for "Busy" with room for emphasis.

I have written a Night Letter for Reno Odlin to approve, so you will have that in the morning. It struck me that a telegram would indicate more interest than a letter. I certainly will try to be on hand for the dedication of the building.

I suspect that a lot of your people don't realize yet what this means to the Yakima Valley but as the years pass I am sure it will be regarded as one of the Valley's finest assets. Glad to know of the fine work Walt Purdin and others have put in on the project. As soon as I can work it in I'll write Mr. Miller note. I talked to him some years ago about doing something over here but he felt that whatever he did should be done in Yakima and on that I agreed completely.

Vance Orchard of Walla Walla is here now, just came in a few minutes ago, with a lot of his own and brother's youngsters. I think he'd going to drop in on you next Monday.

Thanks plenty for the clippings, both the Indian and Pro America.

This is a rush note as I'm trying to get several off before a Cashmere delegation shows up. They're moving ahead with their museum program.

Hastily
