Dear Click:

Thanks for your letter. I am writing Mrs. Panky, feeling that the presentation should be made at the picnic if possible. More people there--at least, that's a guess.

Dr. Barto to make the presentation would be fine with me, very fine. Or Miss Anthon. Probably Barto would be better, if he could come, because of his active connection with a historical organization.

I'd have to have my fingers crossed on November. The Dr. told me this morning that cutting down on extra-curricular activities is a MUST. For that reason, I'd feel the presentation should be made now if possible.

You'll have a good vacation. I'm permitted an hour at the office today, which means progress.

Hastily
