PRIEST RAPIDS DAM

1962

*The* vision and effort of a pioneering people together with *the* natural resources of a great state created the Priest Rapids Project. It assures Grant County ~~with~~ an adequate, low cost power supply. Electric power generated here will benefit the entire Pacific Northwest.

*large power development*

This huge project is a symbol of American heritage combining efforts of the power industry and a local people into a common goal.

Ingenuity

This large power development is a product of American ~~ingenuity~~ where the  
combined efforts of the Power industry and ~~2070-1070-1070~~ the local people  
were focused toward a common goal ~~x~~
