

Feb. 23, 1940

Bloom maple

march 11, 1933

Feb 11, 1934 - was early all way through

march 9, 1936

march 8, 1938

Feb. 27, 1939

Last was not until march 20. Before temperatures were as high as now

although maples march 9, 1936 } same time
and Feb 27, 1939 } for apples

ahead of last year now

average maples march 1
apples April 27
apricots April 6

apricots - end of march last year
in 1934 march 13

1922 latest season apricots April 22
apples middle of May

apples

1937 only year in 10 years not in bloom
by end of April

1930-1939 - just one year not in bloom
by end of April

19120-1929 - 5 seasons not in bloom
by end of April

Late seasons were

1920 21 22 27 29

so last 10 years earlier than previous
10 years.
