Postmaster T.R. Grove,
Beverly, Washington.

Dear Mr. Grove:

Enclosed are a couple of clippings result of our recent newspaper visit to Priest Rapids on the Grant County side, and Beverly. Got so snowed under couldn't do as good a job on you as I would have liked, had to check back on old notes today, so hope I didn't make too many bobbles.

Also, enclosed is clipping re: your friend, Johnny Buck. He is out of hospital tomorrow but has to remain in bed about a month.

I am also taking the opportunity of sending several circulars of my forthcoming book, Drummers and Dreamers, which concerns Priest Rapids and the "anapums. Perhaps some of the people coming into the store are interested. I will be glad to see that they receive copies when the book is out, soon now.

Sincerely
