

ORIENTAL BOOK COMPANY

P. O. Box 1725 - San Diego 12, Calif.

Thank you very much for your order of Volumes VI and VII,
Secrets of Oriental Physicians.

Volumes I to V have been sold out for many months, and all so-called book finders are literally crammed with orders on these five volumes. Several letters received by us from the American Library Service in New York, and other book finders, say that demands for Volumes I to V are so great that customers want even old, soiled, spotted, or damaged copies. Some buyers say they would pay any price for these volumes.

Despite such a big demand, we are not going to print these volumes one by one, but are prepared to publish all Volumes under one cover. This book will satisfy all buyers and will contain hundreds of great healing formulas. The price for this new edition will be \$8.00, but those who purchased Volumes VI and VII will pay only \$2.50. This special offer is good only as a preliminary subscription, i.e. if you send your remittance right now.

November
In ~~July~~, 1950, as soon as the book is off the press, it will be rushed to you.

From reading the concluding chapters of Volumes VI and VII you could see distinctly the great contributions of this author to the treasure chest of folk and Oriental medicine. This author has taken a tremendous step in helping suffering humanity in a tired, unhealthy world.

This author is still struggling in an unequal fight against the all-powerful professional organization, which looks upon this author's excellent healing studies solely from the standpoint of competition and the "profit motive." It is a recommendation in itself that Big publishers are afraid to take the risk of publishing this esteemed book, largely for fear of boycott from the organized hundreds of thousands of members of this professional organization, and also because of fear of possible law suits.

This author is forced thus to publish this all-volumes-in-one-book at his own expense. If you are in sympathy with this author's writings, and have benefited from these studies, please subscribe for the forthcoming publication. Also please purchase other books by other authors represented in our circulars from time to time.

Thank you very much.
