OFFICIAL PAPER OF NORTH YAKIMA.

NO true friend of the down trodden cause of silver, or of the needed reforms in government, will listen with patience to the siren voice of a goldite who entreats him for friendship sake to vote for this man or that man on the republican ticket. Let no man be deceived. The goldbug republican party is in a hopeless minority in Yakima county, and have no earthly chance to win in this election, unless they succeed in inducing a sufficient number of silver men to scratch their tickets, thus knifing their own candidates, to elect gold men. We know precisely what we are talking about, when we assert that this method of campaign is being worked thoroughly by the republicans in every precinct in this county. By this means they hope to be able to pull a portion of their ticket through. Where it is impossible to get votes by begging for them, they will offer to trade in order to get votes for their favorite candidates. Again we say let no man be deceived by such sophistry. The gold men themselves, almost to a man intend to vote straight republican tickets. How supremely ridiculous, how absurdly silly then would it be, for fusionest's to allow themselves to be used to pull the goldmen's chestnuts out of the fire, especially so, when we reflect that the republican organ of this county has for years been heaping abuse and ridicule on all the men who opposed the republican party—and is still doing so, and with the full endorsement of the party candidates. In view of all these facts will any silver man consent to help them out? And at the same time prostitute his own principles in doing so. We cannot believe that they will, and we do not believe that they will.

THE Spokane Review that fearless champion of the rights of the citizens of Washington, is pouring hot shot into the little Pewee statesman who misrepresents this state in the national senate. It openly charges that he is a time serving tool of the Northern Pacific Railway Co. and an enemy of the settlers on the public domain. A series of questions have been put to him through that paper, relating to his connection with the lieu land bill, but he has failed to answer them. He stands charged before the bar of public opinion with being

a willing and servile agent of that great corporation. If by any mishap a republican legislature should be elected this year the Pewee railroad statesman is practically sure of being returned to another term in the United States senate. With the powerful backing that he has from the Northern Pacific, together with that of Mark Hanna and the administration, does any sane man believe that a republican legislature would, or could turn him down. Not a bit of it. A vote for the republican legislative candidates means a vote for the perpetuation of John L. Wilson the railroad lobbyist in the Senate, for six years more. Do the people of Yakima wish to be misrepresented longer by such a trickster? If they do not, they have the remedy in their own hands—vote for Brooks and Colby:

HARK! we hear a voice from the tomb! Let all men listen respectfully, for it is the voice of the dead. But it is the same old siren voice of the so called national (Goldbug) democracy. As of old the scolding comes from Indianapolis, where this bastard infant was born a few years ago, by the treachery of a few men to their mother party. What reason have these men to associate the name of Grover Cleveland with that of Jefferson and Jackson, except on the hypothesis that all are dead. Go back to the grave, thou unsightly creature, and hide thy face in shame to all the world. Thou art dead thou abomination and men have forgotten thee! avaunt.

WHILE we regard it as unnecessary at this late day as the public thoroughly understands the position of THE EPIGRAM, still for the benefit of our benighted brother the Postmaster-editor of the Republic, we will state that THE EPIGRAM is an independent paper, and always will be as long as it is under the present management. But although independent THE EPIGRAM is not a neutral paper, as may be seen from its motto. THE EPIGRAM would never consent to be a mere party organ, afraid to say that its soul is its own, as is the case with the Republic. THE EPIGRAM is supporting with all its might in this campaign the People's ticket for two important reasons. Firstly because every man on the Fusion ticket, is the open and avowed enemy of the gold standard which we believe to be the worse curse ever visited upon mankind, and secondly for the reason that the major part of the Fusion candidates are to day serving the people honestly, faithfully and well. In

every case they have done their work acceptably, they have already saved to the people thousands of dollars by the exercise of common sense and strict economy. THE EPIGRAM maintains that in common fairness, that these men having done so well, are entitled to another two year lease of power. We insist that if the people of this county should turn down their faithful public servants, after they have made such splendid records, in order to reward a lot of opposition office seekers—they would be guilty of the grossest ingratitude, and put back the cause of reform for years. This is our position Mr. Republic, make the most of it.

ON another page we print a comparative statement from the assessor's office, which ought to be mighty interesting reading to the taxpayers of this county. The comparison which is made between the two years of 1896 and 1898 are extremely favorable to the present incumbent. Mr. Lasswell in assessing the property of corporations has conscientiously done his duty in spite of coaxing, threats, and bluffs and every influence brought to bear upon him by the representatives of corporations. During the current year he will swell the total tax receipts of the county over \$9000 on account of the higher valuation which he has placed on the property of the Northern Pacific railway Co. in this county. Is it any wonder then, that every corporation hireling in the county should be shouting "down with Lasswell?" Is it any wonder that the editor of the Republic froths at the mouth, at the mere mention of his name? Lasswell's honest administration of the office, has been a blessing to the small taxpayers. We believe the people appreciate the rugged honesty of the man, and that they will not permit such a man to be turned down simply because he has forced rich corporations to pay their taxes like other people.

BAKER the unfortunate gentleman who is the G. O. P. nominee for joint senator it seems, has a very nauseous railroad legislation record charged up against him on the House journal. THE EPIGRAM hopes to be able to print it soon, as it will we believe prove mighty interesting reading for the Yakima farmers.

HAS the republic the reputed and acknowledged organ of the Pewee senator, nothing to say in behalf of the libelous statesman?

OF LOCAL INTEREST

Frazer & Agen have leased the new stone building on South First street and will open a milk and butter depot.

The session of the city council on Monday evening last was unimportant, but little business being transacted.

W. F. Bullock, of Tacoma, has leased the basement under the Columbia Market and next week will open baths and a first class barber shop.

Marriage licenses have this week been granted to E. Cro-no and Vida Wardell, H. F. Marble and Emily Dooley and D. N. Keene and Miss B. A. Sullivan.

Mrs. C. A. Abbe, who, with her husband, removed here last spring from St. Joe, Michigan, and settled on the Roaf ranch on Knob Hill, died last week from an affection of the heart, complicated with paralysis. The funeral took place on Sunday.

Frank E. Tracy, advance men for The Pulse of New York Co., was doing the town Tuesday. His company will appear at Mason's on Wednesday the 26th. The Pulse is said to be one of the best comic drama's on the stage this season.

Every body is invited to come out to Mason's opera house next Tuesday evening Oct. 25th, to hear Hon. N. B. Brooks, the People's candidate for joint senator, and F. H. Colby candidate for the legislature. Hon. H. D. Jory will also be present to show up the railroad record of G. H. Baker, with whom he served in the legislature two years ago.

Sneak thieves have been getting away with baled hops lately in the Ahtanum. Andrew Slavin near Tampico had a bale stolen recently out of his hop house. Complaints are also coming in from other quarters. We publish this in order that our farmers may protect themselves in time against these petty thieves.

That time tried success "The Pulse of New York" with its twelve high grade specialties will be the attraction at Mason's Oct 29. This season's production will no doubt prove to be a pleasant surprise, being new in its entirety. The cast is headed by Miss Emyline Barr, the Baltimore belle, and still retains all the old special favorites.

Tony Krober was registered at a Seattle hotel yesterday. He is returning home from Dawson City where he went last fall in search of gold. He will not again return to the North, preferring to engage in business of some kind in this city which, while yielding slower returns, is much surer than the average Klondika mine.

W. L. Siverly, of the Ahtanum returned home Tuesday night from the Atlin lake country Alaska, bringing with him some fine specimens of nuggets. Mr. Siverly reports that he and his two associates have located twelve claims in that district, and that they know that some of them are very rich, for the reason that as high as \$45 to the pan has been taken out of claims in that vicinity. Mr. Siverly expects to return in about six weeks.

The Hollanders who took up claims on the summit between this city and the Columbia river have erected six or seven cabins and are now hauling up supplies, preparatory to boring artesian wells to water their land. There is now a continuous settlement from North Yakima out through the Moxee coulee for thirty miles, and if the Hollanders are success-

ful in getting water there will be opened to cultivation one of the finest bodies of land in central Washington. May success attend their efforts.

"The Pulse of New York" with its twelve star specialties will be the attraction at Mason's opera house, Wednesday, Oct. 26th. "The Pulse" is as ever in pace with the Calendar, introducing Miss Emyline Barr, the Baltimore belle, and fifteen celebrities. Since its last production here various changes and additions have been made, and the performance in its entirety may be described as a refreshing comic play, swept by ocean breezes of genuine merriment. Among the special vaudeville numbers may be mentioned the Thompson Tots, infant vocal phenomenon, Madge Maitland, female baritone supreme, W. Hill, trans oceanic star comique, the "Pulse" quartette, and the "Cake Walk" wonder, James Burris, the Ebon aristocrat.

Persons suffering from headache, nervous disorders, etc should consult Dr. Klug, scientific optician, room 4, Barthollet hotel, 5t

The above comparative statement has been made for the two years of 1896 and 1898 only—1896 was the last year in which O. V. Carpenter, a republican acted as assessor. The difference between the showings made by the two administrations is truly astounding, as may be seen by the above statement. Mr. Lasswell assessed the rolling stock of the railroad \$66,000 higher than Mr. Carpenter placed it, while the roadbed and right of way assessed for over half a million more. The number of sheep assessed by Mr. Lasswell is nearly double the number assessed by Mr. Carpenter, while the valuation is double. The office expenses as may be seen from the above, were reduced nearly one half by the present assessor. The corporations of Yakima county will this year pay into the county treasury over \$9000 more than they did in 1896 on the same property. Is it any wonder then that the corporations are opposed to Lasswell?

Senator Turner in Town.

Hon. Geo. Turner the talented and handsome silver senator of Washington arrived from Spokane on Thursday night in order to fill his appointment in this city Friday evening. The senator on being interviewed by THE EPIGRAM stated that owing to a pressure of private business, that he had only just started to take the stump, but from now henceforth until the election, he meant to leave no stone unturned, in aid of the fusion ticket. So far as his observations had extended, his judgment was that the fusion ticket would sweep the state by 10,000 majority. He said that it was incredible that the goldites could seriously hope to carry the state in the face of the splendid record which the peoples party had made in the administration of state and county governments. State warrants were now worth a premium, the state government in every department, had been so much more ably and honestly administered than had been the case under the preceding administration, that the people wanted no change. As for national politics it was apparent said the distinguished senator, that the republicans were going to lose control in this election, of the national house of representatives, this great overturning was due not only to a revulsion of feeling on the financial question, but the people were displeased and angry at the manner in which the late war had been carried on, and the soldier boys illtreated. In conclusion Senator Turner expressed his strong hope and belief that the people of this state would in the ensuing election, elect a fusion legislature that would give him a Silver Colleague in the senate.

TRY TO FOOL THE PEOPLE.

Gross Misrepresentations Aneent the Prosecuting Attorney's Office Corrected.

Some of the Republican speakers are telling the people that during the term of office of the last republican county attorney the state credited this county with over \$1600, because of costs on convictions for felony, and that during the present term of Mr. Snyder there has only been credited to the county \$97 on account of such costs, and that the county was ahead during the term of said republican the difference, or about \$1500. This is a bare faced attempt to deceive the voters by telling a part and suppressing the rest of the truth. It is true that during the term of the last republican county attorney there was another cost—the McGonigle trial the costs in which credited to our county by the state treasurer amounted to over \$1321 50, which, with some small costs brought up to over \$1600 the costs credited to our county by the state during such term. But now, mark you, the fact which these gentlemen suppressed in their desire to deceive the voters: The laws provides that a part of the costs upon convictions for felony shall be credited to this county by the state but it also provides that the county shall first pay these costs. Hill's Code, Sec. 3053, 2 Hill's Code, Sec. 1382a.

Thus every dollar of that \$1600 was paid by Yakima county and the state simply reimbursed the county, and the state got the money from the taxpayers including these of our county.

To such petty tricks are the republican politicians driven by the splendid record of our present county officials for economy and fidelity to duty

Schorn will make it to your interest to talk to him on a buggy proposition.

Frazer & Agen have leased the new stone building on South First street and will open a milk and butter depot.

Mrs. C. A. Abbe, who, with her husband, removed here last spring from St. Joe, Michigan, and settled on the Roaf ranch on Knob Hill, died last week from an affection of the heart, complicated with paralysis. The funeral took place on Sunday.

Frank E. Tracy, advance men for The Pulse of New York Co., was doing the town Tuesday. His company will appear at Mason's on Wednesday the 26th. The Pulse is said to be one of the best comic drama's on the stage this season.

Every body is invited to come out to Mason's opera house next Tuesday evening Oct. 25th, to hear Hon. N. B. Brooks, the People's candidate for joint senator, and F. H. Colby candidate for the legislature. Hon. H. D. Jory will also be present to show up the railroad record of G. H. Baker, with whom he served in the legislature two years ago.

Sneak thieves have been getting away with baled hops lately in the Ahtanum. Andrew Slavin near Tampico had a bale stolen recently out of his hop house. Complaints are also coming in from other quarters. We publish this in order that our farmers may protect themselves in time against these petty thieves.

That time tried success "The Pulse of New York" with its twelve high grade specialties will be the attraction at Mason's Oct 29. This season's production will no doubt prove to be a pleasant surprise, being new in its entirety. The cast is headed by Miss Emyline Barr, the Baltimore belle, and still retains all the old special favorites.

Tony Krober was registered at a Seattle hotel yesterday. He is returning home from Dawson City where he went last fall in search of gold. He will not again return to the North, preferring to engage in business of some kind in this city which, while yielding slower returns, is much surer than the average Klondika mine.

W. L. Siverly, of the Ahtanum returned home Tuesday night from the Atlin lake country Alaska, bringing with him some fine specimens of nuggets. Mr. Siverly reports that he and his two associates have located twelve claims in that district, and that they know that some of them are very rich, for the reason that as high as \$45 to the pan has been taken out of claims in that vicinity. Mr. Siverly expects to return in about six weeks.

The Hollanders who took up claims on the summit between this city and the Columbia river have erected six or seven cabins and are now hauling up supplies, preparatory to boring artesian wells to water their land. There is now a continuous settlement from North Yakima out through the Moxee coulee for thirty miles, and if the Hollanders are success-

ful in getting water there will be opened to cultivation one of the finest bodies of land in central Washington. May success attend their efforts.

"The Pulse of New York" with its twelve star specialties will be the attraction at Mason's opera house, Wednesday, Oct. 26th. "The Pulse" is as ever in pace with the Calendar, introducing Miss Emyline Barr, the Baltimore belle, and fifteen celebrities. Since its last production here various changes and additions have been made, and the performance in its entirety may be described as a refreshing comic play, swept by ocean breezes of genuine merriment. Among the special vaudeville numbers may be mentioned the Thompson Tots, infant vocal phenomenons, Madge Maitland, female baritone supreme, W. Hill, trans oceanic star comique, the "Pulse" quartette, and the "Cake Walk" wonder, James Burris, the Ebony aristocrat.

The Railroad Bill.

The so-called "Wilson lieu land bill" was prepared by Cornwell, an attorney of the Northern Pacific, and Senators Wilson, Carter and Hansbrough were chosen by the railroad to slip it through congress. The Spokesman-Review, with all the facts in its possession, has stated that charge repeatedly, and it has not been denied by Senator Wilson, although he has come into these columns with an "explanation" which does not explain.

Proof that the Northern Pacific had set its heart on the Wilson bill is had in the fact that the company paid one man more than \$50,000 to go away from Washington and stop fighting the measure.

The railway company had a double purpose in the Wilson bill. Its chief object was to get congressional recognition of its claim to the entire land grant of the old Northern Pacific Railroad Company. Until that was secured, a cloud hung over the title to the land grant, and over the bonds issued by the company with these lands its partial security. The Wilson bill gave that recognition, but that object was thwarted by Senator Turner's amendment.

The second purpose of the Northern Pacific was to swap a long string of lawsuits for another big land grant. It had laid claim to much land in this state which has long been occupied by bona-fide settlers, and it well knew that in a large majority of these contests it stood beaten. The "Wilson bill," drawn by its own attorney, allowed it to sway these shadowy claims for more land from the public domain. Discussing the phase of the bill before the senate, Senator Turner said:

"Mr. President, I am very doubtful about the propriety of this legislation at all, first, because of the objection urged by the senator from Nevada, that it constitutes a floating grant to the Northern Pacific Railway Company of several million acres of land which may be located anywhere within any of the states and territories through which the railroad runs. It is, of course, desirable to quiet the title of settlers in the several states

through which the road runs to lands which are now in conflict between them and the railroad company. To that extent the amendment is meritorious in my judgment, but it seems to me to be going a very long way indeed, and to be paying a very high price indeed, for quieting the rights of settlers on the land to give a new, independent grant to the Northern Pacific Railway Company of several million acres of land located anywhere within any of the states or territories through which the road runs."

Senator Wilson's part throughout has been that of the active and willing agent of the Northern Pacific Railway Company. The railroad company prepared its bill; he introduced it, and the company was willing to pay large sums to secure its passage, and did pay one man more than \$50,000 to stop firing on the measure.—Spokane Review.

When the liver and kidneys refuse to act the blood is prevented from circulation by poisonous acids, and then comes Rheumatism. Dr. Drummond's Lightning Remedy drives these poisons from the blood, and Dr. Drummond's Lightning Liniment restores the stiff joints, drawn cords and hardened muscles. If your druggist has not got these remedies, send to the Drummond Medicine Company, New York, and the full month's treatment of two large bottles will be sent to your express address.

Old Friends.

Have trusted us and our statements for years, because they trusted to their common sense and the reasonableness of our promises. We count on this same good common sense of yours to discount vapory statements of some stores.

Reliable Clothing

are the only goods to buy—a cheap suit often has the appearance of a good one, but a few days' wear shows you your mistake. Take no chances, and buy where you know you can get good goods. You never read an advertisement of clo poor thing. Strange, too, for there's more poor than good clothing. So do not take our word, but come and see for yourself. The largest stock of Clothing and Furnishings the town affords and at the lowest prices.
