Supt. D.F. LeCrone,
Yakima Indian Agency,
Toppenish, Wash.

Dear Supt. LeCrone:

I plan to visit the Toppenish Agency Wednesday afternoon, sometime around 3:30 p.m., and hope you may be available so I may make a brief report on the burial situation at Priest Rapids which I believe satisfactory to all concerned.

In the event that Kiutus Jim happens to be available, he may care to hear this report.

Also, if Watson Totus happens to be about the agency that afternoon, I would appreciate a brief conference with him relative to the Lewis and Clark sesquicentennial. Mr. Chapin Foster, director of the Washington State Historical Society has been named by the governor on that committee and so has Mr. Totus. Mr. Foster has several ideas he wished me to implement in cooperation with Mr. Totus and I wish to see how this can be brought about.

In the event that your schedule prohibits a meeting Wednesday, it is possible that you may wish the council chairman or others to participate in your stead.

Sincerely
