Faculty Club,

Oct. 18, 1904.

My dear Mr. Stewart,

After what seemed to me a proper period I notified Mr. Maddox last week of my readiness to make the reduction I spoke of to the Visalia Center, for the more I thought over it the more it seemed to me that I owed this to the Visalia Center. With regard to the class there will be no special terms. What I should do would be to form a class for some hour on Saturday morning or afternoon out of those members of the Center who had subscribed for the evening course of lectures. For their use I would send down one of the Libraries illustrating the history syllabus, and since there would be no class in the French Revolution ~~and since there~~ I would only send down half a Library in that subject. I will let you know more when the date of the first lecture is definitely fixed.

Very truly yours H. Morse Stephens
