Mr. M.L. Peterson, acting head curator,
Department of History,
Smithsonian Institution, United States National Museum.

Dear Sir:

I am writing to ask your assistance.

A committee of the Yakima Nation has discussed with me the matter of publication of a Treaty Centennial (Treaty with the Yakimas, June 9, 1855) . And in my capacity as city editor of the Yakima Daily Republic I agreed to cooperate with the committee by writing this material for them without charge.

I am writing now to obtain either photo negatives of 8 x 10 prints of the Gustav Sohon drawings, pertinent to the subject.

These would include:

- 1- Kamiakin
- 2-Owhi
- 3-(Skloom if available or any other Yakima individuals)
- 4- Peo-Peo-Mox -Mox (Walla Walla) listed as Pupumoxmox perhaps.
- 5-(Photograph) Gov. Isaac I. Stevens
- 6-Any Sohon drawing of the Walla Walla council scene as made by the artist.

If these are not available in the Museum Library or through your facilities, would you be kind enough to expedite to me the source.

The committee only recently determined upon such a publication, and I am afraid that time is running short.

Sincerely
