Kohls Shoe Co.,
113 Yakima Ave.

COUNCIL PROCEEDINGS.

A Good Deal of Detail Business Transacted—Councilman Donald Resigns.

At the regular bi-monthly meeting of the city council Monday night, Mayor Fechter and all councilmen except Donald were present. The minutes of the preceding meeting were read by Clerk Doust and approved.

A petition was read from numerous property owners on Selah street. On motion of Reed the petition was laid on the table. Resolutions for the grading of Wenas and Kittitas avenues were presented. A verbal report was made to the council by City Engineer Marble on these matters in which he recommended that the two streets named be not graded south of Walnut street and that a block on A street be included in the proposed assessment district. On the suggestion of the mayor the matter of grading the two avenues was again laid over in order that the resolutions might be prepared in accordance with the recommendations of the city engineer.

Petitions were then read from Wm. Wilbitt, A. Starrett, A. S. Richmond, Geo. Ellis and G. T. Lahar asking for appointment as night watchman. The mayor ordered the ballot spread with the result that Lahar received four votes and Starrett one and Lahar was declared elected. The resignation of Ed. Bland as night police, was then read and accepted. Councilman Liggett stating that Mr. Bland desired to remove from the city. Marshal Grant on being questioned stated that two night policemen were necessary. A motion then prevailed for the temporary appointment of a second night watch.

The resignation of Geo. Donald as councilman from the second ward was then read. Councilman Sinclair expressed the regret of the council at Mr. Donald's resignation, but moved that it be accepted as he was satisfied that that gentleman would refuse to reconsider the matter. The council then voted to accept the resignation.

Chairman Liggett of the street and ditch committee, reported an examination into the condition of Cherry street and advised the council to instruct the marshal to compel certain property owners along that thoroughfare to remove their fences. This action was taken by the council after a lengthy argument. Considerable time was then taken up regarding a bill of \$84 rendered by P. Walen for hauling supplies and etc to the pest house and to families quarantined about the city. The bill was finally allowed after a statement was made by Mr. Walen himself.

The ordinance regulating plumbing then passed the second reading. Councilman Reed stated that this proposed ordinance was very important, but that he would first like to have the views of property owners before it was finally passed. He therefore moved that it be first published in the official paper, and the council so ordered.

The clerk then read the written resignation of Councilman Sinclair of the first ward. Ayres moved that the resignation be not accepted and the council so voted with the exception of Sinclair who voted no. A short recess was then taken to view the plans of City Engineer Marble for the extension of the sewer system.

Liggett suggested that inasmuch as the trimming of the city's street trees was costing a good deal of money that the work be stopped after certain streets were finished. The matter was left with the street and ditch committee. Marshal Grant called attention to the need of a dumping ground for city refuse. The subject was canvassed at length and the mayor stated why he had been unable so far to secure a part of the Thomas tract at the mouth of the sewer, since the man who held the tax receipts on the land had died and no title as yet could be secured to the tract.

J. T. Haines then addressed the council calling attention to the necessity of filling up a mud hole on South Second street. The matter was referred to Street Commissioner Hauser. No further business appearing the council then adjourned.

HE NEVER CAME BACK.

How a Yakima Gentleman Lost His Overshoes.

A good joke is going the rounds at the expense of H. J. Snively the well known attorney of this city.

The Yakima lawyer, it is said, was in Seattle recently and while there put up at a leading hotel. After dinner he tarried for a time in the lobby to enjoy a fragrant Havana and engaged in conversation with various people whom he met. The talk finally got around to the different kinds of confidence games that are daily being worked by the smooth men of that city when finally one man in the crowd remarked that he was "handicapped in getting around for the want of a pair of overshoes and that he guessed he would have to go out in the rain and buy a pair. Suddenly looking down at the lawyer's well shod feet, the fellow continued, "Say partner, if you are not going out what's the matter with lending me yours until I come back." The Yakima attorney courteously agreed to do so and pulled off his rubbers and handed them to the stranger. For a time the lawyer waited patiently and then for a good while impatiently for the man to come back with his overshoes, but he didn't come and doubtless never intended to. The advocate finally went to bed with his faith in human nature considerably diminished by the incident.

Working 24 Hours a Day.

There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy curing Torpid Liver, Jaundice, Bilelessness, Fever and Ague. They banish Sick Headache, drive out Malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at W. E. Ayres.

RED RUM FOR RED MEN.

Judge Hanford Clothes Many of the Yakimas With the Rights of Citizenship.

Federal Judge Hanford has applied the same rule to the Yakima Indians as far as the sale of liquor is concerned, as he promulgated a few months ago regarding the Puyallups. The court held, in an opinion rendered at Tacoma last Saturday, that an Indian who had received an allotment of land from the government whether he had or had not as yet received a patent for the same, was to all intents and purposes a citizen of the United States and as a citizen is endowed with the same right to purchase liquor or any other commodity that he may see fit.

The opinion was rendered in the cases of Peter McGuff and Charles Ross who were before his honor, charged with "boot legging." The prisoners were defended by Attorney H. J. Snively who raised the point in behalf of his clients that they were guilty of no crime, inasmuch as the evidence adduced showed that the Indians who purchased the whiskey had severed their tribal relations and had become citizens by virtue of taking land in severalty.

It the Indians are citizens of the United States, which according to this decision they are, there is probably no good reason why they cannot vote, as a number of local attorneys assert that there is nothing in the laws of the state that can prevent them. There is said to be about 350 or more Indians on the Yakima reservation who under Judge Hanford's decision would be entitled to vote, a fact which lends a good deal of interest to the situation in the minds of local politicians.

Superior Court Items.

Divorce suits have been instituted by L. B. Brown vs. W. H. Brown and by Mark Patterson vs. Blanche Patterson. Snyder & Preble have brought action in both cases. In each case the defendant is a non resident and service is secured by publication.

Court Commissioner Allen has granted a divorce to Florence R. Lewis from A. C. Lewis on statutory grounds.

Mrs. Anna Anderson of Zillah, has been appointed guardian of her husband Geo. K. Anderson who was recently sent to the Medical Lake asylum, hopelessly insane.

Mrs. Lucy Weddell of the Cowiche, was committed to the Medical Lake asylum Thursday afternoon by Court Commissioner Allen. The young woman is said to have become mentally unbalanced as the result of illness from smallpox.

To Extend Sewer System.

The report made by City Engineer Marble to the city council in regard to the extension of the sewer system recommends the laying of new mains as follows:

Eastside; connecting with the main sewer at Seventh and Beech thence three blocks north on Seventh to D, thence west on D to Front. Laterals to be laid through the alleys north of D.

On the westside the engineer recommends laying a main to connect with the present sewer at First and Beech thence west along Beech to Front, thence north to Pine, thence west to Selah, thence north to alley through block 210 and thence west to block 310. Laterals to connect to extend north through alley to D street.

Senator Lesh Seriously Injured.

Hon. D. E. Lesh met with a most painful accident Sunday afternoon at his Ahtanum ranch, while making a tour of inspection. He was climbing up a ladder in the hop house on the premises when a step broke precipitating him to the floor, about 18 feet below. In the fall the unfortunate man sustained a broken arm and limb, besides having three ribs fractured.

Though suffering intense pain, Mr. Lesh bore the trip, a distance of several miles to his home on Nob Hill, where medical attendance was promptly summoned. He is said to be now getting along nicely although it will doubtless be several weeks before he will be able to go about again. The many friends of Mr. Lesh and family sympathize with him in his misfortune.

Did Fife Kill Richardson?

According to Wednesday's dailies, the attorneys for the defense, in the trial of Stewart Fife charged with the murder of Frank W. Richardson, at Savannah Mo., have introduced testimony going to show that a man named George Crowley, a former intimate of both Fife and Richardson, is the real murderer. A witness for the defense, it seems, has testified that he saw Crowley about the hour that the murder was committed, running from the Richardson residence with his hat drawn over his eyes. When hailed by the witness Crowley refused to stop. The testimony of this witness seems to have created a sensation at Savannah. Fife, it will be remembered, was arrested here in January.

The New Shardlow Block.

F. B. Shardlow immediately after the expiration of his present saloon license which expires April 1, expects to remove the frame building from his lot at the corner of the avenue and Front street and begin at once on the foundation for his new brick block. The building will be of brick, 25x140 ft and two stories high. It will be a handsome structure and of modern design. The second floor will be devoted to office purposes. Mr. Shardlow expects that his new building will be ready for occupancy by Aug. 1.

READ'S STEAM LAUNDRY.

THE YAKIMA DEMOCRAT,
JOHN DAVID MEDILL,
Editor and Publisher.

Entered at the North Yakima Postoffice as
Second-Class Matter.

One Dollar Per Year—In Advance.

Published every Saturday morning at the
Democrat Printing House on First
Street, North Yakima, Washington.

OFFICIAL PAPER OF NORTH YAKIMA.

SENATOR HANNA's ship sub-
sidy bill is receiving some very
hard knocks at the hands of the
democratic senators. Even a
few of the republicans in the
senate have criticised the meas-
ure sharply and have given no-
tice that they will not support it
unless first amended in some
important particulars. The
minority of the committee on
commerce has made the follow-
ing report on the bill:

"This bill proposes to tax the
whole people to the extent of
several millions for the benefit
of one single industry. Besides,
the statistics of the last two
years prove that the shipbuild-
ing industry does not need such
special assistance, but is rapid-
ly increasing under natural con-
ditions.

"The highest rate of subsidy
is given to 20 knot vessels, while
the fast ocean mails are really
carried in 23 and 24 knot ves-
sels. The mail compensation to
the slow American vessels, al-
ready too high, is made immen-
sely higher by this bill. We pay
more for a weekly service than
England pays for a semi-weekly
service by faster ships than ours.

"The lines might also merge
with foreign lines to control
freight and passenger rates.
Thereby our subsidy would be
aiding the foreign partners of
our subsidized vessels.

"We know that there are hun-
dreds and thousands of indus-
tries in our country doing a
losing business, but we deny
that congress for this reason can
go into the public treasury and
save them from bankruptcy. We
sympathize with all men in the
hard struggles of life, but it is
not the duty of our government
to interfere in the private affairs
of the citizen.

"We believe that all men
should have an equal and fair
chance in the race for wealth
and happiness; every citizen
should bear his share of the
burdens of the government; one
class should never be the recipi-
ent of benefits not given to
others. Absolute equality of
rights is a doctrine we should
never abandon.

"The bill is wrong in princi-
ple, unjust, vicious, pure class
legislation."

Since the above was placed in
type the senate passed the sub-
sidy bill by a vote of 41 to 31,
four republicans voting against
the bill.

REPUBLICAN politics in the
neighboring state of Oregon are
peculiar, at least they seem so
to an outsider. That state holds
an election next June at which
time a legislature will be chosen
which will select an U. S. sena-
tor to succeed Senator Joe
Simon. At the primaries held
last week that gentleman was
knocked out of the ring, so to
speak, by a coalition of the Scott
and Mitchell forces and the
Simon men now threaten to
bolt. For 20 years Simon has
been the acknowledged political
boss of Portland and has had
absolute control of the local ma-
chine. Four years ago Simon
then a state senator, was in
charge of the senatorial boom of
Corbett the Portland millionaire.
After spending the old man's
money freely Simon had him-
self elected to the senate. Up
to this time Editor Scott of the
Oregonian, had been a thick and
thin supporter of Simon, but
when the latter's treachery to
Corbett was revealed the editor
of the "Thunderer" turned his
guns upon the new senator and
has been pouring hot shot into
him ever since. In order to de-
feat Simon for re-election Scott
has even went to the extent of
entering into a close alliance
with his old time enemy Senator
Mitchell. Now that Simon is
out of the way it is possible that
the old fight between Scott and
Mitchell may be resumed. Scott
denies that he wants to go to the

senate himself, but his friends
are determined to push him for
the place. Scott is an extreme-
ly able man, though from a po-
litical standpoint is sometimes
erratic. There are a great many
people, however, both in and out
of his own state who would like
to see him go to the senate.

PRESIDENT ROOSEVELT has
served notice on the Illinois
members of the federal brigade
in general and comptroller of
the currency Ridgely in particu-
lar, that he expects them to at-
tend to their official duties and
not meddle with the people of
that state in the selection of a
U. S. senator. If they continue
to do so after a fair warning he
will demand their official heads
as the price of disobedience.
Such an admonition as this
coming from a republican presi-
dent has a strange sound, but it
is eminently correct and the
people generally will endorse it.
A federal official like any other
officer is a public servant. He
is employed and paid to do cer-
tain things and not to dictate to
the people whom they shall se-
lect as their representatives. The
people of Illinois and of
every other state are competent
to decide the question of whom
they want to represent them at
the national capital without the
interference of a swarm of fed-
eral office holders. Some of the
distinguished gentlemen who are
holding down fat govern-
ment jobs in this state may well
profit by this notice from the
president. Since statehood be-
gan the federal brigade here has
constantly interfered with the
selection of state officials. If
the practice continues the presi-
dent's attention ought to be and
doubtless will be called to the
matter.

THE folly of the government's
policy in dealing with the In-
dians is constantly growing
more apparent. The revelations
of immorality that exists at
some of the agencies and at the
Indian schools as told by Inspec-
tor McConnell shows what a ro-
ten condition of things exist in
that service. The government
in its assumed capacity of guar-
dian of Indian children tears
the little ones away from their
parents at an early age and packs
them off to school to imbibe
book learning. At the schools
they are herded together in large
numbers and experience has
shown that the pupils learn
more cussedness while at these
schools than they would at home
in a lifetime. As a rule they
leave the schools mentally, mor-
ally and physically incapacitat-
ed to make good citizens. The
only system of education that
meets the needs of the young
Indian is the industrial plan.
By teaching the boys how to
make a livelihood with the hoe
and the plow and the girls how
to perform housework, the high-
er education which the Indian
needs will all follow in good
time.

COUNTY COMMISSIONER LINC
in a communication to the Her-
ald, asserts that the only proper
way to settle the grazing ques-
tion is to leave it to the cattl-
men and the sheepmen. The
fact that those two diverse in-
terests have had the settlement
of the question for the past 15
or 20 years and are now farther
apart than ever would seem to
detract from the value of the
judge's suggestion. His honor's
contribution to current litera-
ture on the subject unhappily
affords no solution of the vexed
problem.

No stockman should assume
that the government is under
any obligation to supply him
with grass. It is, however, un-
questionably the duty of the
government to protect the water-
shed of this valley from destruc-
tion. The government recog-
nized this duty when it set aside
the Ranier forest reserve. If it
fulfills that duty it must now
protect it instead of licensing a
favored few to destroy it. To
destroy the value of the water-
shed is like killing the goose
that laid the golden egg.

THE most important duty that
the present city administration
has to look after is the sanitary
condition of this community.
Now that spring is here a vigor-

ous policy of cleansing the city
of all pest breeding filth ought
to be inaugurated as well as
steps taken to extend the sewer
system. Public sentiment de-
mands that this be done and
the people are willing to stand
any reasonable amount of ex-
pense to have the work accom-
plished.

CERTAIN people in Ellensburg
are said to have instituted a boy-
cott against the Seattle P. I.
The grievance of the people up
the creek is due to the fact that
the newspaper recently in pub-
lishing some Ellensburg ditch
news inadvertently mentioned
Yakima valley in the head line
instead of Kittitas valley. If
they have many of that kind of
people in the "Burg" it is no
wonder that it is a dead slow
town.

It is a matter of regret that
Councilman Donald has seen
fit to resign his position as coun-
cilman from the second ward.
Mr. Donald gave to the city's
business the same conscientious
and painstaking effort that he
devotes to his private affairs.
It will be a difficult matter for
the council to find as useful and
as acceptable a member as Mr.
Donald made during his incum-
bency of the office.

By order of the city council
we publish this week the draft
of a proposed ordinance govern-
ing the matter of plumbing,
steam and gas fitting in the city
of North Yakima. The ordi-
nance is printed in advance of
its passage in order to obtain the
sentiment of property owners
as to the merits or demerits of
the proposed law.

SEATTLE came pretty near
swiping the U. S. marshal's of-
fice from Tacoma lately. As soon
as Senator Foster of Minnesota,
got on to the racket, however,
he promptly quered Seattle's
missionary work. Senator Fos-
ter runs a saw-mill in Tacoma.

Oil cake meal, ground bone, clam and
oyster shells, beef scraps and phosphate
fertilizer. Special prices in ton lots.

The Judge May Not Resign.

Attorney John J. Rudkin states that he has no information bearing on the reported resignation of his brother Frank H. Rudkin from the superior bench of this judicial district. He has received two letters recently from the judge while visiting in New York, neither of which conveys any reference to the contemplated resignation. Mr. Rudkin in fact, seems to be quite sanguine that his brother has no real idea of resigning.

The wish seems to be father to the thought, especially with certain gentlemen in the town of Ellensburg. There are said to be several lawyers in that place who are extremely anxious to don the judicial ermine in case a change is made. Friends of Attorney Mires have circulated a petition here among members of the bar and it is reported to have been signed by nearly all the members of the republican persuasion, although two or three are believed to have put strings on their signatures. Mr. Mires is an attorney of acknowledged ability and is chairman of the Kittitas republican county committee. He is said to have bolted his party, however, in 1896, but has since gone back to his old allegiance. He is reported to be a man who has for a long time maintained close affiliations with the railroad company.

Cottonwood's a Menace.

Fruit Inspector Beck says that spraying is more general and is being done more thoroughly this spring than ever before in this county. A trip up the Natchez the first of the week convinced the inspector that the cottonwood trees along that stream are breeding places for the scale. Farmers who have cottonwoods growing within 300 feet of their orchard are receiving notice to either spray or chop down the same. Mr. Beck left Wednesday on a tour of inspection in the lower valley expecting to go as far as Kiona.

'PHONE, No. 951.

A Proposed City Ordinance Governing Plumbing and Gas Fitting.

An ordinance to regulate the business of Plumbing, Steam Fitting and Gas Fitting in the city of North Yakima, Washington.

The City Council of the City of North Yakima do ordain as follows:

SECTION 1. It shall be the duty of any plumber, or other person or persons, interested in the contract for the plumbing and drainage of all buildings, both public and private, hereafter erected in the city of North Yakima, to submit to the Board of Health of said City for their approval, suitable drawing and description of said plumbing and drainage, before commencing work and to proceed according to the instructions, as approved by the Board of Health of said city, said drawings and description to be placed on file at the Health office of said City.

PLUMBING AND DRAINING.

Sec. 2. Every dwelling house, hotel, apartment house, tenement house, factory, store or other building in which plumbing arrangements are to be placed, shall be connected with the sewer, when such sewer is provided, and when such sewer is not provided, with a cesspool.

Sec. 3. All materials must be of good quality and free from defects. The work must be executed in a thorough and workmanlike manner.

The following weights of iron pipe per lineal foot will be accepted as standard.

3 "	9 1/2 "	"	"	"
4 "	13 "	"	"	"
5 "	17 "	"	"	"
6 "	20 "	"	"	"
7 "	27 "	"	"	"
8 "	33 1/2 "	"	"	"
10 "	45 "	"	"	"
12 "	54 "	"	"	"

All fittings used in connection with such pipe shall correspond with it in weight and quality and coating.

The arrangement of soil and waste pipes must be as direct as possible, and have a fall of not less than one-eighth of one inch per foot, towards the sewer or cesspool; said soil pipe shall extend three feet beyond the front wall or any area wall.

Sec. 4. All joints on a cast iron pipe shall be made with a suitable packing of hemp or oakum, and run full with the molten lead and properly caulked and anyone that is so negligent in caulked soil or waste pipe as to force the packing to the inside, thereby causing an obstruction, shall be fined not less than five dollars (\$5.00) or over one hundred dollars (\$100.00). The amount of lead used in a caulked joint shall not be less than 12 oz. to each diameter of pipe so connected.

Sec. 5. No waste pipe shall be less than 1 1/2 for one fixture and not to exceed two fixtures, and waste or vent pipes shall not be less weight than the grade known as extra light. In no case shall the waste pipe from any other fixture connect to the house side or in the seal of the water closet trap; such connection shall be made so that the discharge of the waste will not disturb the seal in the water closet trap.

Sec. 6. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, nor to ventilate any trap drain, soil or waste pipe. Every vertical soil and main pipe must be of iron, coated inside and out with asphaltum or coal-tar pitch, applied hot, or some other equivalent substance; and in no case shall it be less than four inches in diameter, and to extend two feet above the roof.

Sec. 7. In no case shall the waste from a bath tub or other fixture be connected with a water closet trap.

Sec. 8. Soil and vent pipes in an extension must be carried above the roof of the main building when within 15 feet.

Sec. 9. No horizontal soil, waste or vent pipes shall be placed in any building, apartment, factory, store or other building.

Sec. 10. All connections of lead with iron pipes must be made with a brass soldering nipple or ferrule or its equivalent of the same size as the lead pipe, connected with wiped joints.

Sec. 11. Traps must be placed as near the fixtures as practicable. Every water closet, sink, basin, bath or set of wash-trays or other vessels connected with the drain pipes, must be separately and effectively trapped with a water sealing trap.

Sec. 12. Wooden washers and sinks are prohibited inside of buildings. They shall be of nonabsorbent material.

Sec. 13. All traps from fixtures must be protected from syphonage by special vent pipes, not less than the size of waste pipes; water closet vents must not be less than two inches in diameter. Vent pipes may be combined by branching together those which serve several traps, and connected into the main soil pipe three feet above the highest fixture.

Sec. 14. All iron soil or waste pipes before being covered up must have all openings stopped, and be filled with water, or with the peppermint test and allowed to stand until inspected and approved.

Sec. 15. All safes under fixtures must be drained by special pipes of wrought iron, lead or copper discharging outside of building, said waste pipes to be provided at the end with metallic strainers to exclude from such waste pipes all substances likely to obstruct them.

Sec. 16. Water closets shall not be placed in an unventilated room or compartment. In every instance the compartment must open to the outer air or be ventilated by means of an air duct, only in that of a one and two story building, where the fumes may come in contact with a higher structure.

Sec. 17. In no case shall the general privy accommodations, except the water closet heretofore mentioned, of a lodging house or tenement house be allowed in a cellar or basement.

Sec. 18. All leader pipes connected with the sewer must be properly trapped, if placed inside of building, such pipe must be of cast iron with leaden joints, or of copper with soldered joints.

Sec. 19. All traps under fixtures, with the exception of closet traps must have trap sew directly under bottom of same. All vent pipes to be connected two inches below crown of trap, on drain side, and extend one foot above the fixture it serves before connecting to other vent pipes; traps must be placed above floors or in accessible locations.

Sec. 20. No person shall place in any building a whirlpool ash waterwash, water closet or pan closet, and when such style of closet is removed for repair or other causes, it shall not be replaced.

Sec. 21. Where additional fixtures are required, or alterations are to be made, and not practicable to be constructed in accordance with the provision of this ordinance, a special permit may be issued by the Board of Health of said City.

Sec. 22. All master plumbers shall be held responsible for all acts of their agents or employees.

Sec. 23. Every service pipe must be provided with a stop and waste cock for each consumer, easily accessible, placed beyond damage by frost, and so situated that the water can be conveniently shut off and drain from the pipes.

Sec. 24. The area of all soil pipes must correspond with the area of all waste pipes from fixtures that discharge therein.

Sec. 25. Cellar and foundation walls must where possible be rendered impervious to dampness and the use of asphaltum or coal tar pitch in addition to hydraulic cement is recommended for that purpose. Standing water in cellars or basements is prohibited.

Sec. 26. Steam—All boiler rooms hereafter constructed in any building other than dwelling houses shall be protected with brick or iron, and shall be so arranged that all openings between the said boiler room and other parts of the building in which it is placed, shall be closed by iron or metal covered doors, which shall be securely closed at the end of each day.

Sec. 27. No steam exhaust, blow-off or drip-pipe shall connect with the sewer or any house drain, soil pipe or waste pipe; such pipes must discharge into a tank or condenser from which a suitable outlet to the house sewer may be provided.

Sec. 28. No steam pipe shall be placed within one inch of any timber or wood work, unless the timber or wood work is protected by a metal or its equivalent shield; if so protected the distance shall not be less than one half inch. All steam pipes passing through floors and ceilings or lath and plastered partition shall be protected by a metal tube or its equivalent one inch larger in diameter than the pipe.

Sec. 29. Gas—Gas pipes in buildings shall not be "tapped" only where a drip is connected. All drops must be bent, capped and securely fastened to the beams.

Sec. 30. All gas pipes in buildings must be tested to the satisfaction of the Inspector of Plumbing, prior to being concealed, and a final test of such pipes shall be made after said pipes have been enclosed, before certificate shall be issued, and no artificial gas light company shall connect said building with their mains until said certificate shall have been issued. No caps shall be taken off drops without immediately replacing them with fixtures, or vice versa.

Sec. 31. The Inspector of Sanitary Plumbing shall be allowed access to all buildings during hours of labor for the purpose of examining or carrying into effect any of the provisions of this ordinance.

Sec. 32. Penalty.—Any person or persons who shall violate any of the provisions of this ordinance, shall be subject to a fine of not less than five dollars (\$5.00) nor more than one hundred dollars (\$100.00) for every offense.

Sec. 33. That all ordinances and parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

Sec. 34. That this ordinance shall take effect and be in force from and after five days after its passage and approval by the Mayor and its publication.

Passed by the City Council.

Attest Clerk.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Cuas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's also lutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all throat and lung troubles. Price 50c and \$1.00. Trial bottles free at W. E. Ayres' drug store.

Bosdet & Medill, REAL ESTATE AND INSURANCE

We represent the following first-class companies:

The Pacific Mutual, Life.

The Pacific Mutual, Accident.

The Norwich Union, Fire.

The Hetna Bonding and Indemnity Co.

Particular attention paid to Bond and Plate Glass Insurance.

We offer this week the following bargains in real estate:

A 5-acre tract, with small house, adjoining the state fair grounds, about 250 bearing trees; on the market for a limited time only, for \$600; part cash.

20-acre tract on School Section, 10 acres in hops and 5 acres bearing orchard; small house. \$4,000.

15-acre orchard tract, all in full bearing, good 7-room house and other improvements. This is a good buy at \$4,000; half cash.

40-acre tract, unimproved, 3 miles from town. This tract sub-irrigates and is a genuine SNAP at \$800; half cash.

A 1000-acre ranch in the lower Yakima, over one-half bottom land. There is a big speculation in this property at \$20 per acre; easy terms.

A very fine place in Sunnyside, half way between Zillah and town of Sunnyside; 50 acres in high state of cultivation—30 acres alfalfa; 5 acres orchard, balance plow land. Price, \$5,000; \$3,000 cash.

85 acres in Wide Hollow, six miles from town. 25 acres in cultivation; a choice property. \$70 per acre.

A good 7-room cottage on Wenas avenue and two lots, good well and good out buildings. This is a SNAP for \$900; part cash.

A new 4-room house and four lots on North Fourth street, near hospital, can be bought for a limited time only for \$850. This is a good investment.

Four lots on South Sixth street. Here are two good residence sites in a good neighborhood. Can be sold in pairs at \$300 and \$250 respectively.

A 5-room house with one lot on South Sixth street. \$600.

A 16-room lodging house, furnished, with one lot. \$1,500.

A new 7-room cottage on North Second street, situated on corner lot. Price \$1400.

75 acres 2 1/2 miles west of town, partially improved. Under Hubbard and Congdon ditches. For sale for short time only at \$50 per acre. This is a SNAP. Good, well finished eight room house and two lots on Ahtanum avenue. A very desirable home. Price \$2500.

2 1/2 acres adjoining town on east. Nice building site for suburban home. Price \$500.

Highly improved place of 45 acres near Yakima city. Good buildings. Profitable orchard. Price \$5500.

We have for sale the biggest and best stock proposition in the Yakima county. 5200 acres of good winter and summer range. Price \$25000, half cash.

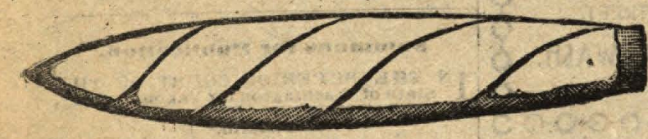

For sale cheap, two homestead relinquishments six and eight miles west of town under proposed ditch. \$350 and \$450.

In addition to the above we have a large list of good properties scattered over town and county which you will do well to inquire about if you are looking either for a home or an investment. We have aimed to list nothing but what can be sold at a reasonable price.

We are exclusive agents for the sale of the Ontario Land Co.'s valuable farm lands west of this city. We also sell lots in Capitol addition, the future bon ton residence section of North Yakima.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by W. E. Ayres.

Important.

The general manager of the Northern Pacific Railway Company has issued an order that demurrage shall be charged upon every car, held over twenty-four hours, for the purpose of loading or unloading, at the rate of two dollars (\$2.00) per day or fraction thereof, for each car.

This rule is to be rigidly enforced at this station hereafter, and no exceptions will be made to it under any circumstances whatever. G. A. GRAHAM, Agent.

Poultry food, beef scraps, ground bone, oyster and clam shells. Horse and cattle remedies. Coffin Bros. 10

The Local Round-Up.

B. F. Barge has let the contract for two new cottages in the north end.

Large consignments of fruit trees are being unloaded daily at the North Yakima depot.

The Sunnyside bank will open for business April 15th. J. E. Sawyer will be cashier.

D. L. Thacker, Chas. Collins and Geo. Wise have formed a partnership as house building contractors.

Henry Tampka aged 75 years died at his home on the Cowiche Wednesday of last week as the result of cancer.

The marriage of Henry Leach and Miss Lillie Carpenter is announced to take place Wednesday March 26.

A practice game of baseball was held at the Capital Hill grounds Sunday between the regular and High school nines.

The little son of J. P. Mayer got run over by a buggy Saturday with the result that a limb was broken in two places.

Dick Case formerly of this city, knocked out Bud Thielman of St. Paul, in the third round at Vancouver, B. C., last Saturday night.

W. L. Splawn the well known horseman, last week purchased the "S. J." brand of horses on the range, said to number at least 400.

While there was no formal recognition of St. Patrick's day here, the Irish and a goodly number who are not Irish, wore the green, the national color, on that day.

The St. Paul & Tacoma Lumber Co. has recently added a fruit packing house to its already large plant on Selah street. The dimensions of the new building are 40x50 ft.

Miss Lillie Ritter of the Wenas, having completed her studies at Blair's Business college at Spokane, has accepted a position as stenographer in the office of H. J. Snively.

The local lodge of Modern Brotherhood of America will give a banquet in the Woodman hall Friday evening, March 28. All members are earnestly requested to be present.

H. E. McBride is a candidate for the office of superior judge in the event that Judge Rudkin should conclude to resign. Mr. McBride is said to have the endorsement of several members of the Yakima bar.

The 20th Century club gave a reception Monday evening at the residence of Mr. Alex Miller in honor of Mrs. Elvira Marquis Elwood of Ellensburg, who is president of the state association of clubs.

The Koresky farm of 30 acres in Fruitvale was sold last week to a Mr. Russell who came here last week from Clifford, N. Dak. The consideration was \$7500, the sale being made through H. E. McBride.

E. C. Burlingame who was in town Saturday from Kennewick, stated that he has a large force of men employed on the ditch there and that he had about three miles of it already practically completed.

A severe snow storm and snow slide in the Rocky mountains delayed the trains from the east the first of the week. Monday and Tuesday's west bound passenger were both annulled as the result of the delay.

County Treasurer Dudley this week sold his 80 acre ranch under the Congdon ditch to the Johnson brothers of Wide Hollow, the consideration being \$10000 or \$125 per acre. The land is all in clover and alfalfa.

The Prosser Telephone Co. is a recent incorporation. The incorporators are D. M. Angus, W. H. Brownlow, Nelson Rich and John Chisholm. The object of the new company is to build and operate telephone lines radiating out in different directions from the town of Prosser.

The report of City Engineer Marole to the city council, on the proposed extension of the sewer system in the residence district provides for placing the mains in the alleys hereafter. It is now generally recognized that the placing of the sewers in the streets was a serious mistake.

Earl Watt expects to leave soon for North Bend, B. C. where he will go into the cattle raising business in company with Clarence Cline, a brother of A. B. Cline who spent the winter in Yakima. North Bend is in the center of a good grass country and is located about 125 miles east of Vancouver on the C. P. railway.

Lee Richmond who resides near Yakima City, met with a painful accident Saturday while unloading baled hay at the Morgan warehouse. The wagon tongue broke and the team started to run away, dragging the driver to the ground. By the sudden contact with terra firma Mr. Richmond broke his ankle, which will lay him up for repairs temporarily.

The city authorities this week consummated the deal with W. I. Lince for 40 acres of land adjoining Tacoma cemetery, the consideration being \$6000, one-sixth cash and the balance in five equal annual payments. The newly purchased tract is to be used for an extension to the cemetery, which is now badly needed. The Catholic church trustees have under consideration the matter of buying 10 acres of the tract from the city.

The Hub Mercantile Co., a corporation doing business at Sunnyside and Mabton, has increased its capital stock from ten to twenty-five thousand dollars. The company found it necessary to do this in order to keep up with its business. A large new store building of brick or stone will be built at Sunnyside this season also a frame store building at Mabton as well as a large warehouse at the latter point. I. H. Dills and G. S. Rankin are the principal stockholders in the "Hub".

30 to 40 per cent saved on a suit of clothes or an overcoat. Coffin Bros. dept store. 10

FOR SALE—A 10 acre tract on the school section all in bearing orchard. Yields \$1000 per year. 20 Bosdet & Medill.

Personal.

D. S. Farquebar went to Ellensburg Tuesday.

Col. Prosser is in the city this week from Seattle.

C. B. McConnell was a Kennewick visitor recently.

E. M. Ford was a Tacoma visitor the first of the week.

S. J. Cameron returned Tuesday from a visit to Tacoma.

Editor Randall of the Roelyn Miner, was a business visitor in Yakima Tuesday.

Mr. and Mrs. H. A. Marble returned Saturday from their bridal tour to Spokane.

A. J. Handley and family have removed to the Storrow ranch west of town.

Prof. Geo. Stephenson having concluded his term of school at Parker, has moved his family back to his farm south-west of town.

R. E. Smith and family will leave next week for Arlington, Or., their former home and thence to southern California to remain.

Robert Ray returned from a visit to his Mabton ranch Tuesday. Mr. Ray is having his 100 acre farm all seeded this spring to alfalfa.

Nick Mechtel, a brother of John Mechtel, and wife, arrived recently from Shakopee, Minn. Mr. Mechtel is a carpenter by trade.

Former Night Policeman Ed Bland left Tuesday with his family for western Idaho where Mr. Bland goes to look after some government land.

John Ellis, a stone mason who was taken to the Medical Lake asylum for treatment about three years ago, was discharged last week and is again in Yakima.

The family of Wm. Steigeler returned to Yakima Tuesday from Prescott, Walla Walla county, where they have lived the past year, Mr. Steigeler having arrived last week. They will reside here in the future.

Miss Ethel Liggett who has been employed in the Republic office for several months, left for her home at Prineville, Or., Thursday. The evening preceding a farewell party was given the young lady at the residence of her uncle C. W. Liggett on the west side.

John G. Hartman, a brother of Mrs. John Mechtel, who came here a few months ago from Shakopee, Minn., has bought the Hixon ranch of twenty acres south of town and will make his home there. Mr. Hartman's family arrived last week from Minnesota.

Mrs. J. H. Price and son arrived Saturday from Olympia and will remain as guests of the Yakima for some time in the hope that the change of climate will benefit Mrs. Price's health. The lady's husband Hon. J. H. Price was secretary of state during the McGraw administration.

W. S. Jones of Wheeler, Ind., J. E. Swartz of Chicago and B. F. Helfrich of North Baltimore, Ohio, were shown about the valley this week by A. D. Sloan, whom they knew in the east. They went to the Sound Thursday, but will probably return.

Elks Annual Election.

The North Yakima lodge of Elks held its annual election Thursday night and selected the following officers for the ensuing year:

Exalted ruler, Z. Y. Coleman; esteemed leading knight, W. P. Guthrie; esteemed lecturing knight, John Coleman; esteemed loyal knight, A. J. Shaw; secretary, Dr. P. Frank; treasurer, C. F. Meyer; tyler, John Reed; trustee, G. S. Vance.

Van D. Ritter of the Wenas, is now the baby elk and is sporting a pair of horns. He was initiated Thursday night.

Bachelors to Entertain.

The bachelor members of the Commercial club held a meeting Wednesday night and resolved to give an entertainment and banquet to club members and their ladies on Friday eve April 4th. It was decided to give a masquerade ball that will be the event of the season. This will be the closing entertainment for the winter.
