

June 7, 1959

Mr. Jim Weasletail,
White Swan,
Washington.

Dear Jim:

I want to talk to you about getting a double runner head dress. I want to get this for my brother if we can arrange a satisfactory deal and before too long.

The double runner is about a foot and a half wide, of light blue with a six or eight inch streamer down the middle where the ends of the feathers (yellow wrapped) stick through. The front base of the headdress is red. He sent me a picture some time ago showing one of these which I can show you. But I thought I should write you now so you can get busy on it.

I don't know too much about these double runner type of head dresses, but maybe you know something about them, you are real good at things like that.

If you aren't going to be in Yakima soon, maybe you had better give me a call. I'm usually home after 3 or 4 o'clock. My number at home is Glencourt 27448. Call me at night, collect. I will have to be out the night of June 11, making a talk.

I saw Alba downtown the other day. He said you people saw a lot of things.

Write me or call me or come by and start looking around for the feathers.

Sincerely your friend
