Dear Mr. Relander,

Enclosed is our brochure for the Mission medals with the information that you requested. We still have a few sets of the matched serial numbers in both the silver and the bronze, and as well can supply you with most anything from broken sets with the exception of the Serra and the Capistrano medals, which are sold except for the ones in tact in complete sets to date. There have been nine issued to date, and the only ones not depicted in the enclosed brochure are the last two commemorating Buenaventura and San Luis Obispo. Prices for the medals and the plastic or presentation folders are on the last page. Please let us know what we can do for you and we will be most happy to comply with your wishes.

Cordially

The California Mission Medal Series is designed for the collector who seeks a combination of artistic beauty and sculptured grace for his collection.

Each medal in this series is limited to 1000 (.999) silver and 2500 bronze serial numbered pieces.

When completed the entire California Mission Medal Series will be comprised of 22 medals . . . 21 depicting missions and one honoring the founder of the missions, Fray Junipero Serra.

The medals are being released at regular intervals with a completion date set for mid 1966.

The originator of the California Mission Medal Series, Joseph Mirkovich has been engaged in the stamp and coin business for more than 12 years.

In presenting this fascinating series to collectors, Mirkovich has sought and obtained the talents of two of the nation's foremost artists.

Maria Altobelli Abondolo, designer of the series has personally visited every one of the 21 missions to be depicted in the set.

Her formal education extends from the Chicago Academy of Fine Arts to the Accademia Di Belle Arti in Florence, Italy, and her works have been exhibited both in the United States and Europe.

Cataldo Papaleo, who has found world acclaim in his sculpture, has works throughout the United States and Europe.

A recognized expert in his field, Mr. Papaleo is presently working on the series slated for completion in 1966.
