Dear Mr. Belander

The apples arrived in delicious state. They were "divvied up" amongst us and all were happy to receive them.

I would like to take this opportunity to extend my personal thank both for the apples and the photographs.

Our "squires of the round table" hold forth as per usual each lunch break. We all enjoyed your enlightning communication and look forward to when you might join us again.

Thanks and thanks again.

Sincerely Yours
Bill
