Dear Chick:

Perry told
me you were in
the hospital. Hope
it was nothing
too serious; two
years ago I had
plenty of experience
in hospitals so
this note is to
wish you well
and a full
recovery -

I'm enjoying ^{my}
"Freedom" and with
the "Gang" ideas
coming out of
Washington now I'm
really happy to be
out of the Bureau
though my heart
is with the Indians
and my many fine
associates in the
Indian Service.

Good luck Chick
and happy days
ahead for you.
Dana
