January 29, 1959

To Members of the Publications Committee

It is time to start talking and making plans for the next book the Society will publish. There are several good prospects in the offing. Any additional ideas you can bring to the meeting will be welcome.

In sounding out several members of the committee it seems that February 18th is the best and nearest date we can set. We will meet at the Museum at a few minutes before noon, go to luncheon together, talk as much as possible over the "board". We can return to the museum to complete the meeting, if necessary.

Will anyone who cannot make this date please let us know soon so we can plan on an exact number? I hope a majority of you will be able to make it as there are several matters of importance to be discussed.
