Mr. Click Relander
Yakima Herald
Yakima, Washington

Dear Mr. Relander:

Thanks for the copy of "The Yakimas" which you recently sent to me. It will be useful in a class on "The Geography of the Pacific Northwest" which I am teaching this quarter.

When I stopped by the Herald office ten days ago to find out about the date of the spring salmon festival at Celilo, I mentioned that I was interested in getting some scenes of some of the Indian leaders to include in an educational film which I am now working on.

Could you tell me which would be the better date to get the desired shots - Saturday, the 28th, or Sunday, the 29th?

Any assistance which you could give me in getting acquainted with such leaders of the Yakima Tribal Council as may be present for the festival would be greatly appreciated.

If you could give me an idea as to which would be the best day, and the best time of day, for getting the desired shots, I would greatly appreciate it.

Sincerely yours,

R. S. Funderburk
