## GARDEN CITY TEAM LOSES.

The Hoppickers do up the Walla Walla Boys in Two Clean Games.

Walla Walla's baseball aggregation came to North Yakima last Saturday and by Sunday night had lost two games to the Hoppickers. Neither contest would appeal to the baseball critic as top notch exhibitions of the national game but the people who saw them had every kind of sentiment on the gamut of human feeling played upon, and with it came the satisfaction that the home team won out.

Poor fielding lost the visitors Saturday's game. Taylor pitched for the locals and struck out ten and gave five bases on balls. In this he compared very favorably with McGucken, the much touted visitor who was seen here last year with the Dayton team. The one brilliant play of the game was a difficult stop by Speidel and a quick throw to first while the short stop was falling. Edwards, the visitors' catcher got a kink in his temper and threatened to strike umpire Lang. A muss seemed imminent, but Capt. Dunn and other cool headed players interfered when the bleachers swarmed to Lang's rescue, which was entirely unnecessary, and prevented any trouble. Score,

	R	H	E
Hoppickers	11	8	3
Walla Walla	3	7	8

Sunday's game drew a big crowd and demonstrated to the local management that more capacity is needed for the patrons of the game if the locals do not slump in 'drawing powers. The game had more ragged edges than Saturday's game. Good hitting was frequent, but bad errors just as much in evidence. Walla Walla took the lead and kept it to the last half of the ninth inning, the locals playing uphill, especially after the fifth inning when the visitors made six runs on errors by Dunn, Lawrence and Speidel, two single hits and two bases on balls. After that it was mountain climbing instead of uphill work. But the locals kept at it, though many left the grounds, feeling that there was no show of winning. It was a hair raising finish. With two runs to tie, the Hoppickers got three runs. This is how the trick was done: Kohls struck out, Speidel got a life at first on an error Lawrence swatted a hot one to third with a speed that the opposing player could not handle. Klinkhammer was hit by a pitched ball, and the bases were full, Wilkins had a double and single to his credit but had another double up his sleeve. With two strikes and one ball called on him, he lifted the leather out of reach of the right fielder and landed on second, with Speidel and Lawrence scoring runs which tied, and Klinkhammer on third. Shaw then drove a double to left field and Klink came home with the winning run, Wilkins trotting to the bench. Score:

	R	H	F
Hoppickers	10	14	7
Walla Walla	8	9	6

The game Tuesday afternoon with the Spokane P. N. L. team was played under unpleasant weather conditions. The wind was high and drove the dust in great gusts across the diamond and made fielding difficult. The resulting score was 7 to 3. The scores with Spokane are considered as furnishing a line on the relative strength of the Hoppickers and Ellensburg. The latter was beaten by the leaguers by a score of 14 to 1. The locals with games of 4 to 1 and 7 to 3, certainly look good to do up the burghers in the season's contests.

One of the finds of the week has been on the third corner in the three games. He is a ball player though a trifle rusty. He is certainly an acquisition.

The Hoppickers go to Ellensburg tomorrow and next week Sunday the "Burgers" come to North Yakima.

## The Washingtonian suspends

The Yakima Washingtonian failed to appear this week. The reason for this unfortunate state of affairs is due to the fact that the junior republican organ has been in the hands of the sheriff since last Saturday and while that officer takes a pardonable pride in being something of a thief catcher he don't claim to know anything about running a newspaper plant.

The suspension of the Washingtonian was brought about through the foreclosure proceedings instituted by F. G. Drew, the former publisher of the paper. Mr. Drew holds a note against the late publishers which amounts to about \$600 which was secured by a chattel mortgage upon the paper and printing plant. Editor Boyle informed the DEMOCRAT on Thursday that his attorney, H. J. Snively, had secured a temporary restraining order the effect of which would be to estop the mortgagee from interfering with the publication of the paper and that it would appear next week as though nothing had happened.

The DEMOCRAT makes a specialty of finecommercial printing.

## Mr. McNAUGHT RETURNS.

No Electric Line, as the Expense is to Great. Suburban Steam Roads However, may be Constructed. It is now up to the People.

Mr. Joseph H. McNaught returned here the first of the week from New York where he had been for several months engaged in the arduous task of financing the Yakima Valley Central Railway company. Mr. McNaught informed the DEMOCRAT the day of his arrival that he had succeeded in interesting New York capitalists in his proposition to build suburban lines from this city to Sunnyside, Soda Springs and to the Upper Natches valley but that the new roads would be operated by steam instead of electric power as at first intended. The fact that the cost of installing an electric plant would be fully \$600,000 greater than the cost of building and equipping a steam road system made it impossible to secure the former, especially in view of the fact that Wall Street authorities are now inclined to be rather pessimistic as to electric railways built almost exclusively to handle freight traffic. Mr. McNaught says that a number of such roads in different parts of the country are not earning sufficient to pay interest on their bonded indebtedness in addition to operating expenses which of course are much heavier than is the case where steam power is used. For this reason Mr. McNaught found it difficult to interest eastern capitalists in electric roads in this valley.

"It is therefore a question of steam roads or nothing," said Mr. McNaught, "and it is up to the people of this community to say whether or not they want the roads built. If they will agree to the concessions asked for last summer for an electric road the steam road will be built as fast as men and money will do it. We would build the road to Sunnyside first and the lines up the Abnatum and Natches afterwards. The roads would be standard gauge, which would permit of Northern Pacific cars being used on the lines. The proposition is now up to the people here and whether the roads will be built or not depends upon them."

Mr. McNaught stated further that he had made the necessary arrangements for terminal grounds in this city, so that the local committee would be relieved of any further worry on that score. A bridge across the Yakima and free right of way is now all that is asked of the citizens.

## A Brute in Durance Ville.

Marshal Mull arrested two specimens of the genus hobo Wednesday who seem to be of the toughest variety. While drunk they broke in the front windows of the Davis marble shop and Marshal Mull being notified, followed the pair, arrested them and lodged them in the city jail. There were three other men in the city bastille at the time who were booked as "plain drunks."

Russell, one of the two window smashers, worked himself into a terrific rage on account of his arrest and as soon as the marshal's back was turned, proceeded to take his spite out on one of the plain drunks, Kelly by name, a sheepherder. He beat the inoffensive Kelly almost into insensibility, the other men in the jail being so cowed that they dared not interfere. The marshal being called back, rushed in and by the vigorous use of his billy compelled Russell to let up on the prostrate man. The injured man was then sent to the hospital, while the brute, Russell, was taken to the county jail and locked up in a steel cell to await the result of Kelly's injuries.

## To Entertain the President.

A special meeting of the Commercial club was held Tuesday evening to take the preliminary steps to arrange for the reception of President Roosevelt and party, due in North Yakima, May 25.

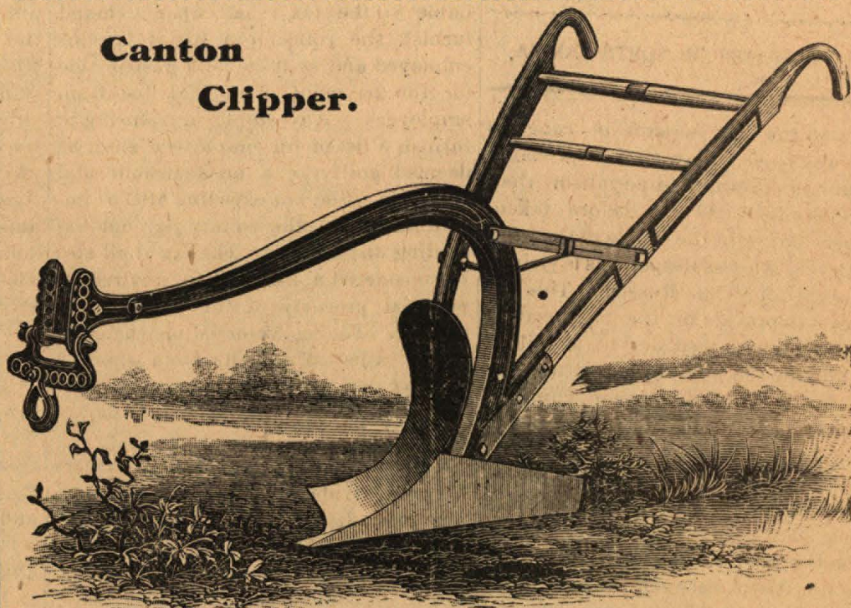

Congressman Jones read a communication from Wm. Loeb, jr., secretary to the president, stating in detail President Roosevelt's desires regarding the arrangements. The matter was discussed at some length by different members. Edward Whitson then made a motion for the appointment of an executive committee of five members, which was instructed to act in conjunction with the committee appointed by the mayor, and other committees that might be appointed. The motion prevailed and President Cornett named the following committee: O. A. Fechter, George Donald, Miles Cannon, A. B. Weed and Edward Whitson.

## Fawcett Bros., Lowe Block

### To Build a Scouring Mill.

Mr. William White who operated a wool scouring mill at Los Vegas, New Mexico, was in this city a few days ago and has decided to locate a mill of the same kind here. In conversation with R. K. Nichols, secretary of the Wool Growers' association, Mr. White stated that he would be willing to erect a mill here and install firstclass scouring machinery therein, providing that he could receive some local assistance. Mr. Nichols informed that it would be useless to ask for a subsidy but that he thought that a number of the larger wool growers here would be glad to extend some financial assistance to such an enterprise.

Mr. Nichols immediately went to work and soon secured pledges from local shepherds to advance the sum of \$3000, which is to be loaned to Mr. White to aid him in getting the new scouring mill started.

Mr. White agrees that the machinery of the plant will be up to date and figures that it can be installed at a cost of \$8000. It would have a capacity, he stated, of 8000 pounds of wool per day and would give employment to quite a number of men during the scouring season. Mr. White, who left here Tuesday for New Mexico, said before leaving that he would be able to get the mill started in time to handle a part of this season's clip.

The local wool growers who have interested themselves in the proposition are Coffin Bros., John Cleman, Alex McAllister, D. G. Goodman and E. Kemp of Prosser.

### The Jubilee Minstrels April 16-17.

The leading theatrical event of the season in this city will unquestionably be the performance to be given at Larson's theater next Thursday and Friday evenings by the Jubilee Minstrels of this city. Everybody seems to be looking

forward to the event and everyone possessed of the price expects to be in attendance, so that standing room even is likely to be a premium.

Manager Baylor has been busy for two months past in getting his company ready for this engagement and has secured the best musical and minstrel talent in the city for the engagement. The company will consist of over forty people and will contain three end men and three end women, namely, George S. Vance, A. A. Tylee and W. H. P. Bell, while the lady minstrels who will crack jokes are Mesdames Burns and Arnold and Miss Gilman. The mixed chorus promises to be the best ever heard in North Yakima.

Don't fail to secure your tickets in time. This is an event you can't afford to miss.

### Death of Mrs. McGlothlen.

Elizabeth, widow of the late G. H. McGlothlen, died at the home of her son, "Jap" McGlothlen, 305 N. Wenas avenue, Saturday, April 4, at the ripe old age of 87. She had been in reasonably good health until attacked with the grip, recently, from the effects of which, owing to her advanced age, she was unable to rally. The funeral, which was held Monday, was largely attended, the remains being taken to Wenas cemetery for burial.

"Grandma" McGlothlen, as she was affectionately called by her many friends, was born in Indiana, in 1816. In 1833 she was married to her late husband. In 1843 they removed to Monroe county, Iowa, where they lived until their removal to the Wenas valley, in 1881, where Mr. McGlothlen died in 1895.

The deceased leaves seven children, who are living, as follows: Mrs. George Taylor, of Selah; Mrs. Ellen Rogers, of Oregon; Mrs. Eliza Harshow, of Iowa; Charles and "Jap," of this county; Geo. W., of Yelm, Wash., and Benton, who resides in Lincoln county.

# THE YAKIMA DEMOCRAT,

JOHN DAVID MEDILL,

Editor and Publisher.

Entered at the North Yakima Postoffice as Second-Class Matter.

One Dollar Per Year—In Advance.

Published every Saturday morning at the Democrat Printing House on First Street, North Yakima, Washington.

OFFICIAL PAPER OF NORTH YAKIMA.

DURING the late session of congress there was passed a law that is probably a longer step towards imperialism than our government has ever before taken. It places power in the hands of the president every whit as despotic as is yielded by the czar of all the Russias. This act purports to provide for the organization in each state and territory of a militia system which in point of fact is nothing more nor less than a provision, cunningly devised, for a reserve national army of huge proportions—an army, by the way, that might be made to foot up in round numbers to perhaps ten millions of men.

This law provides that each able bodied male citizen, between the ages of 18 and 45, in every state and territory and the District of Columbia shall be deemed liable to military duty and shall be included in the militia of such state or territory of which he may be a resident. That the militia under this act shall be divided into two distinct classes as follows: First, the organized militia to be known as the National Guard of the state or territory, as now constituted; that all the remainder shall be known as the Reserve Militia.

Section 4 of this law provides "that whenever the United States is invaded, or is in danger of invasion from any foreign nation, or of rebellion against the authority of the government of the United States, or the president is unable with the force at his command to execute the laws of the union in any part thereof it shall be lawful for the president to call forth, for a period not exceeding nine months, such number of the militia of the state or territories of the District of Columbia as he may deem necessary to repel such invasion, suppress such rebellion, or to enable him to execute such laws, and to issue his orders for the purpose to such officers of the militia as he may think proper."

The American people are doubtless not aware of the far-reaching importance of this law, indeed it is safe to assume that the great majority of them were not even aware that such a law had been placed upon the statute books of the nation. For some reason but scant mention was made of the new law by the press at the time of the enactment. It does not seem to be in any sense either a necessary or a desirable law.

Under the old law the control of the militia was vested in the different states. In fact, the militia was a purely state institution. This new law puts it entirely in the control of the general government, a part of the regular army.

The assumption of this law seems to be that patriotism is dead in the hearts of the people. A greater mistake could not be made. The loyal men of this country will rise up to strike an invading foe without waiting to be drafted into the military service. The shadow of an excuse for the passage of such a law is not apparent. It seems to have been done covertly and is unquestionably a long and important step towards imperialism. The men who conceived this law and are responsible for its passage need watching for it is evident that they have designs upon the liberties of the people.

MAYOR SHAW has appointed Councilmen Switzer, Fisher and Liggett as a reception committee to represent the city on the occasion of President Roosevelt's visit May 25. It has been suggested that Mayor Shaw, being the chief executive officer of the city, should himself be a member of the committee and ride around in Tucker's best carriage with Teddy to show his excellency the chief points of interest in this neck of the woods. The suggestion, we think, is a good one and ought to be carried out, as the mayor is the proper officer to represent the city and the president while here will be the guest of the city.

The only thing that is liable to mar such a program is the fact that Teddy may catch on to the fact that our mayor is an undertaker by profession and conclude to dodge him.

SPEAKING in a recent interview of the Republican state platform and the late legislature, Senator Turner says: "Notwithstanding the earnest exhortation of Gov. McBride that the promises therein be kept and his solemn warning that to break them would be dishonor, the Republican majority in the legislature scorned the platform, broke their pledges and flouted the governor. The legislature has demonstrated the utter incapacity of the republican party to govern the state. It has demonstrated that the republican leaders have no regard for party pledges. In my judgment the result will be a political revolution in this state, as the people are tired of broken faith, and the control of politics and legislation by powerful corporations."

THE new road law passed by the late legislature makes some sweeping changes in the manner of road construction and maintenance in this state.

The new law provides that all male persons between the ages of 21 and 50 outside of incorporated cities or towns and not exempt by law, shall pay an annual road tax of \$2, which sum is due the first day in March of each year. Poll tax collectors authorized by the board of county commissioners are empowered to collect the tax. Any person firm or corporation, or agent thereof, having persons in his or their employ liable to the tax, shall upon demand furnish the collector a list of persons employed and will be held responsible for the payment of poll tax due from employees. Any employer refusing to furnish a list of his employees shall be deemed guilty of a misdemeanor and liable to a fine not exceeding \$100 or imprisonment in the county jail not exceeding one month. The tax shall also be considered a lien against any real or personal property of the party owing the tax. The collector is instructed to certify a list of persons from whom a poll tax is due to the county auditor who shall extend the same on the tax rolls.

The board of county commissioners may sub-divide the county into not more than four districts, selecting a commissioner for each. At the time of fixing the tax levy for the ensuing year the board of county commissioners is instructed to include a levy for road and bridge purposes which shall not exceed the sum of three mills on the dollar to be paid in cash the same as general taxes. Any contemplated improvement the estimated cost of which is \$300 or over must be let by contract and a notice to bidders advertised in the official county paper.

From the above it will be seen that the new road law makes some radical changes from what the people of this state have been accustomed to. Under the new law no man will be permitted to "work out his poll tax" but will be compelled to pay it in cash and the commissioner will employ his men by the day. For this reason especially there are many advocates of good roads who know that the new law will work better results than the old one.

Here in Yakima county it is to be hoped that the new law will work successfully. At any rate there is room in this section for a great deal of improvement. With our dry climate and the abundance of material at hand out of which to make good roads there is really no excuse for the bad condition that our country roads are in during certain seasons of the year.

The new law ought to be given a fair trial and if its effect is to make better roads it should have the loyal support of every citizen.

There is no accounting for some people's tastes. A wealthy woman of San Francisco, who is a religious enthusiast, while visiting the jail in that city fell in love with a confirmed criminal confined therein. The fact that the fellow already had several wives made no difference to her and she insisted on marrying the prisoner post haste, even misrepresenting the case in her anxiety to procure the necessary license. As long as this class of people are permitted to wed and breed others of their kind, just so long will the jail and insane asylums be filled to overflowing.

IT HAS been suggested that the most agreeable way of entertaining the president for the 30 short minutes that he is to be in North Yakima would be to turn the distinguished guest over to the Yakima gun club. Shooting at clay pigeons might be dull work for the strenuous "Teddy" but the probabilities are that he would prefer it to riding about trying to look pleased when in reality he is bored or engaged in idle speechmaking.

THE papers announce that President Roosevelt is not coming west after votes, but for recreation. He will however make some 200 speeches in which he will discuss the tariff, trusts and the record of the last congress. The defense of that record will prove a strenuous kind of recreation.—Colfax Commoner.

SENATOR FOSTER is reported to have suggested to President Roosevelt that Attorney Ben Grosscup of Tacoma would make a suitable running mate for him in 1904. Shades of Jupiter! What is the matter with the "business" senator himself. Won't somebody speak a word for Foster.

THE Canadian government has charted another transcontinental railway which is to be built from ocean to ocean. It will be known as the Trans-Canadian railway and will traverse the heart of Canada at a distance of from 200 to 400 miles north of the line of the Canadian Pacific road.

INSTRUCTOR (of class in physiology)—"What do you know concerning the sebaceous follicles?" Boy at foot of class (making a wild guess)—"Sebaceous follicles is the name of the new senator from the state of Washington."—Chicago Tribune.

TOM L. JOHNSON the millionaire democratic mayor of Cleveland, Ohio, has just been reelected by 7000 majority notwithstanding the violent opposition of Mark Hanna. You can't keep a good man down.

THEODORE ROOSEVELT among presidents is unique and constitutes a type of that there cannot be a reasonable doubt. If he were not president of the United States he would be sized up in the public mind as being "rattle-headed," a term said to have been applied to him by Mark Hanna when his support was solicited and denied for "Teddy's" nomination to the vice presidency.

People will differ, of course, as to the propriety of these frequent presidential jaunts about the country, one of which the president is now making with great eclat and blare of trumpets. The president goes from city to city receiving the plaudits of the assembled crowds which will stand for hours in a pelting rain perhaps to catch a glimpse of the chief magistrate as he passes by with a fixed smile and a continuous bow in answer to the huzzahs of the populace. Apart from the constant speech making and handshaking the whole business smacks a great deal of kingcraft. Kings sometimes condescend to show themselves in public in order to awe the people and increase their veneration for throne.

The president's object in making the present swing around the circle is doubtless political. He is an intensely ambitious man and means to succeed himself. He is making a bid for popular approval, and he means to gain it if constant hustling will do it. True, he is now the chief magistrate of the greatest nation in the world but only so by reason of the dark deed of an assassin and not by the voice of the people. Under this restraint the man is restive and sighs for the time, which will probably never come, when he may reign in his own right.

To the majority of sober minded people the thought will occur that "Teddy" would really gain more in the popular esteem if he should instead remain at home absorbed in the disposition of public business. The duties of the presidential office have now become so onerous and exacting that many people cannot understand how the chief executive may absent himself from the regular duties of the office for two or three months at a stretch without the possibility of serious injury to the public service to say nothing of the bad example thus set to more than one hundred thousand employees of the executive department of the government.

However, the American people everywhere will give the president a warm welcome. They rather like "Teddy" even though they know he is full of fire works and loves to play to the galleries. Besides they have a fitting conception of what is due the honored position that he holds. All this does not imply though by any means that they will fall over each other in 1904 to vote for "Teddy the Terror."

Carter Harrison, the invincible, was elected mayor of Chicago for the fourth time last Tuesday by a majority of about 6,000. This is about the size of Tom L. Johnson's majority in Cleveland. Such magnificent victories as the democrats achieved this week indicate that the political tide is at last beginning to turn and is likely to sweep the democracy back into power in 1904.

Both Johnson and Harrison belong to the stalwart element of democracy and can be trusted to stand pat in the interest of the common people. Both are men of presidential stature and it need not surprise anyone if either of them should be pitted against "Teddy the Terror" next year.

ONE of the surprises of this week's municipal elections throughout the country is the astonishingly large vote polled by the socialist party. While that party did not win to any great extent it cut a great deal of figure in the elections of a number of leading cities; enough of a figure indeed to keep the old party politicians a guessing between now and the next election.

THEY have discovered a bug in Michigan whose bite causes insanity. That's nothing, they have a bug juice in Seattle which produces the same effect.—Olympian Standard.

THE name of Carter Harrison seems to be one to conjure with in Chicago. At all events it is one that has always proven a hoodoo for the republicans of the windy city.

## Anti-Dead-beat Bill.

Hotel keepers over the state who have suffered in the past at the hands of the professional dead-beat are given recourse against these personages by the terms of S. B. 221, which has just been approved. This bill makes it a misdemeanor punishable by a fine or imprisonment to obtain food, lodging or hotel service of any kind without paying therefor. The bill says: "Proof that lodging, food or other accommodations were obtained by false pretense, or by false or fictitious show or pretense of any show of any baggage or other property, or that the person refused or neglected to pay for food, lodging or other accommodations on demand, or that he gave in payment such negotiable paper on which payment was refused, or that he absconded without paying or offering to pay for his accommodation, or that he surreptitiously removed, or attempted to remove, his baggage, shall be prima facie evidence of fraudulent intent as defined in Section 1 of this measure as necessary to prove in order to convict."

## Washington Letter.

(From our regular correspondent.)  
WASHINGTON, April 2, 1903.

Those democratic statesmen now in Washington are talking earnestly and seriously of the great tariff fight which they will precipitate in the next session of congress. They say they will be a unit for tariff revision along a tariff for revenue line although without going to extremes. They will start the ball rolling as soon as the joint resolution approving the Cuban treaty is introduced in the house. This they will seek to amend with a provision for the removal of the differential on refined sugar. It is expected that Speaker Cannon will rule the amendment out of order but an attempt will be made to gain assistance from those republicans who attached such an amendment to the Cuban reciprocity bill and repeat the tactics adopted then, overruling the chair. If this is not successful a tariff bill will be introduced and some of the democrats believe they will be able to secure sufficient strength from the republicans, whose majority in the house will be only thirty, to pass it. This hope is based on the fact that many of the western and northwestern republicans made their canvasses last fall on a promise to revise the tariff. Such hopes are not entertained with enthusiasm by the older democrats, however.

The democrats are watching with the keenest interest the political situations in Ohio and Iowa. Senator Money has said, and his views meet with general approval, that any democrat who carries either of these pivotal states will stand an excellent chance of securing the presidential nomination. There seems to be little prospect of Ohio's electing a democratic governor, although M. E. Ingall's candidacy for the mayorality of Cincinnati is appreciated to be closely allied with the gubernatorial nomination next fall. If Mr. Ingall's could win the governorship, he would doubtless be the democratic national candidate. In Iowa there is believed to be greater possibility of a democratic victory. Governor Cummins has educated a large faction of the republican party to believe in tariff revision and if President Roosevelt demonstrates to the Iowans on his western trip that there is no hope of any practical revision, it is possible there would be a considerable opportunity for a strong democratic gubernatorial candidate.

The president has started on his sixty-six day western trip, during which he will travel nearly 15,000 miles. He will meet with many factions of his party and will have a difficult task to reconcile all he meets and avoid giving offense. Many of the older members of his party expressed relief when his trip of a year ago came to a sudden end at Indianapolis and some of them now regard his long expedition as a dangerous experiment but if he gives serious offense and robs himself of some votes in the national convention some of the members of his party will shed no tears.

Evidently the president regards the ratification of the Panama canal treaty with great confidence as he has authorized the Isthmian Canal commission to make a trip of inspection over the route of the canal. The working members of the commission will sail from New York probably on the 9th, for this purpose and they will be accompanied by Major William M. Black who accomplished much in the work of cleaning Havana and solving the sanitary problems which confronted this government when it took possession of Cuba. Major Black, who is a member of the Army Engineer Corps, has been detailed for service with the canal commission and expects to make so thorough an inspection of the canal zone as to be able to form his plans for improved sanitation even before the treaty is ratified. The first work of the United States in connection with the canal will be the cleaning of the cities of Colon and Panama and other towns along the route with the hope of materially improving the sanitary and hygienic conditions prevailing there. It is appreciated that this must be done to prevent a repetition of the fearful loss of life which attended the active work of the French company on the canal.

The final exchange of ratifications of the Cuban treaty has been effected and now only the approval of congress remains to make operative the provisions of the treaty. In this connection, Secretary Hay has made public the intention of the president to call congress in extraordinary session, probably on November 9. By so doing the president hopes to secure prompt passage of a joint resolution of approval and a promise of this action was made to the Cuban government on condition that the Cuban congress ratified the treaty as amended by the United States senate without change. Senator Lodge confidently predicts the prompt passage of the necessary legislation.

## Trustee Sale,

104 S. 2nd Street.

In the Cadwell Block, Between Chestnut and Walnut Streets.

An exchange says its reporter stepped into a butcher shop and was shocked to hear the boss say to his delivery boy, "Now boy, look lively. Break the bones in Mr. Anthony's chops, and put Mr. Gleason's ribs into your basket, and by Jove, here's Mrs. R's liver that she left on the counter yesterday, and take Joe Large's feet out of the pickle and deliver right off." "All right," replied the boy, "Just as soon as I saw Miss J's leg off."

See C. H. Bruenn and let him figure on that new house. 24tf

#### FRATERNAL BROTHERHOOD.

A Fraternal Beneficiary Organization that Protects its Members Through Life.

Without disparagement of any other fraternity, the Fraternal Brotherhood claims to have the most practical and comprehensive plan of insurance ever offered to the people.

In addition to the usual death benefit it pays a general accident benefit. This is not restricted to loss of limb or broken bone, as it is in other fraternities arising from accident.

It pays the whole amount of certificate to any member who is totally and permanently disabled from any cause, or to any member who reaches the age of 70 years, in ten equal annual installments. In either case the expenses of the member cease when title to benefit is established.

Other fraternities pay only a portion of the certificate and require continuous payment of expenses until death.

This order recognizes the equal right of women to share its benefits and admits them on exactly the same footing as men.

The rates of assessment are not excessive, but high enough to guarantee safety. No double assessments and no vexatious discussions as to readjustment are likely to occur in the Fraternal Brotherhood. It started on a right basis and already has a healthy reserve fund.

The order now has 17,000 members, and is fast coming to the front as the leading fraternity of its class on the Pacific coast.

R. A. Maze, general organizer of this society, is located at Paul Kruger's, No. 105 North First street.

Mr. Maze is thoroughly conversant along all the lines of fraternal insurance, and while he has placed the Fraternal Brotherhood for a brief period of time among the leading orders of North Yakima, he is ever ready to say a good word for kindred societies.

The charter rate of initiation remains at \$2.00 until May 1st.

#### Sitton, the New Champion.

Harry Sitton, the smiling man of the North Yakima Rod and Gun club, had a morning Sunday at the traps which he seriously never had and may never be experienced again. He simply couldn't miss those black saucers. As a consequence, he wrested the club championship medal from the waistcoat of City Plumbing Inspector Walker and jumped from class C of the club membership, right over class B and plumped down alongside of Geo. Stacy in class A. After Sitton had given a sample of his skill, he allowed Walker a chance to warm up for the medal shoot. Five presented themselves. The score was, with extra birds to shoot at as handicaps: Sitton 4, 25; Walker 4, 21; Bell, 5, 20; Pennington, 10, 20; Fisher 5, 18. Sitton also did well in the other events of the morning, his score at straight singles being 61 out of 85, exclusive of doubles.

#### Tillman Loves a Negro.

Senators are talking about a passage in the fire-eating speech of Tillman, of South Carolina, in the senate on Tuesday which did not get into the newspapers. Right in the middle of his attacks on the negro race he said: "I want to say to you—and I say it with all the sincerity of my nature—that I do not hate the negro."

I was nursed by a black mammy. I have on my farm in South Carolina today a negro man of about my own age, Joe Gibson, who has been with me thirty years. He has charge of my keys and of everything I possess there in the way of a house, furniture, horses and carriages and everything for a farm of 200 acres, worth some \$12,000 or \$15,000. "I trust him implicitly. He cannot read or write. He has got a wife who is as trustworthy as he is."

Later on he said of the proposition of the African Methodist Bishop Turner that the negroes should be induced to go to Africa: "How many of them want to go? I do not know, and, certainly there is no law to make them go, and congress cannot pass one."

"Joe does not want to—my Joe. I do not know whether I belong to Joe or Joe belongs to me. Anyhow, we have been together for thirty years, and we have agreed to live together until one or both of us die. I know he will shed as sincere a tear as anybody. I would die to protect him from injustice or wrong."—Washington Correspondence Philadelphia Record.

Don't fail to attend the Easter sale to be given by the Ladies' Aid society of the M. E. church in Wisconsin hall to day. The sale will consist of many useful as well as fancy articles and will begin at noon. A lunch and exchange table will be run in connection with the sale. 1t

Everything is fresh and clean at Current's Cash grocery, 106 S. Second street tel. 624. Ring them up. 30tf

#### THE CITY COUNCIL.

A Large Grist of Municipal Business Discussed. An Interesting Session.

The city council met in regular session Monday evening, Mayor Shaw presiding with all the councilmen present except Keck and Moran.

A remonstrance was read from the N. P. Ry. company regarding the laying of a sidewalk across their right of way on West Yakima avenue.

The city clerk read a number of additional specifications prepared by H. J. Snively, attorney for the protesting property owners on Second street. On motion of Fisher the assessment roll for the Second street paving was accepted by the council.

A petition was read, signed by Joseph Stephenson and others complaining that the Fashion livery stable, maintained in the midst of a residence district, is a public nuisance and asking that it be abated.

The monthly report of Police Judge Taggard for March showed the sum of \$550 collected from gamblers, \$260 from prostitutes, \$90 from slot machines and \$166 miscellaneous, making a total of \$1065 in all. The marshal's report corroborated that of the police judge. The city sexton's report showed that 12 burials had taken place in the city cemetery and the sum of \$18 collected for the past month.

An ordinance was passed vacating an alley in Capital addition.

Bids were then opened for the construction of a plank sidewalk on Selah avenue. G. H. Moulton bid 45 cents per foot, while J. F. Kauffmann's bid was 44½ cents. The contract was let to Mr. Kauffmann. The following bids were read for the grading of N. Fourth street: G. T. Aumiller 98 cents per foot, Wm. McKivor 70 cents, Daniels & Pettibone 63 cents. The contract was let to the latter firm. For the grading of S. Fourth street only one bid was read, that of Wm. McKivor for 70 cents per foot and on motion of Switzer the contract was awarded to Mr. McKivor.

The plats of Lowe's addition, the Mill View addition and also the Modern addition were laid over pending the settlement of the old cherry street row. H. J. Snively appeared before the council as the attorney for a number of people who live on that street who complain that the street is now closed. Mr. Snively asked that action on the acceptance of the Lowe and Mill View tract be deferred and that the marshal be instructed to use his authority to open Cherry street while the matter was pending and it was so ordered by the council.

J. H. Needham addressed the council asking that South First street be graded stating that there was no justice in the position taken by the council in denying the petition for the improvements which had been signed by a majority of the property owners along that street. On a roll call the petition was granted although it was vigorously opposed by Councilman Aikins.

A large grist of bills for the preceding month were then read and ordered paid. On recommendation of Marshal Mull Ed. Bland was elected to the position of night watchman.

Wyman moved that the south half of block 210 and the north half of block 211 situated west of the track, be included in the fire limits and the city attorney was instructed to draw an ordinance to that effect.

Dr. Burns, city health officer reported that there were now but three houses in the city under quarantine, one because of smallpox and two from scarlet fever. The health officer also reported that he could make arrangements for a temporary dumping ground for the city's garbage and secured the services of a man and team to haul the refuse matter for 50 cents per load, which offer was accepted by the council. At the health officer's suggestion the council ordered that the street commissioner be sworn in as deputy marshal in order to the better enforce his orders compelling citizens to clean up their premises. Fisher, from the committee on fire limits, reported in favor of the purchase of 13 new hydrants to be placed in different portions of the city as well as several hundred feet of new hose. The report was accepted, the sense of the council being that the city was in need of both appliances. No further business appearing the council then adjourned.

#### Walks Without Crutches.

I was much afflicted with sciatica, writes Ed. C. Nud, Iowa, Sedgewick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm. 25c, 50c and \$1.00 at Fred L. Janek's.

#### The New Game Law.

The bill amending the game law—in fact practically giving us a new game law, passed both houses, and it behooves people to get in touch with it at once. The open season, during which it will hereafter be lawful to hunt the various birds and animals protected by the new law is as follows:

Deer—September 15 to December 15  
Elk, moose, antelope, mountain sheep or goat—September 15 to November 1.  
Grouse, partridge, prairie chicken, sage hens and native pheasant—September 1 to January 1, except in Kittitas county, where the open season is from September 10 to October 1, and in the counties east of the Cascades where the open season is from August 15 to November 15.

#### Beauty and Strength

Are desirable. You are strong and vigorous, when your blood is pure. Many—nay, most—women, fail to properly digest their food, and so become pale, sallow, thin and weak, while the brightness, freshness and beauty of the skin and complexion, depart. Remedy this unpleasant evil, by eating nourishing food, and taking a small dose of Herbine after each meal, to digest what you have eaten. 50c a bottle at Fred L. Janek.

### Paper from Corn Stalks.

There no longer seems doubt but that the long sought substitute for rags in paper making, will soon be found in corn. Under the supervision of the Agricultural Department at Washington, a series of experiments has lately been carried on at Kankakee, Ill. The result of the experiments seems to indicate clearly the corn plant, all its various parts, may be utilized in paper making. The hard shell of the stalk, the pith and the husk, all may be used, it is said, in making different kinds of paper. From the pith may be manufactured the finest grade of oil paper, almost equal to linen. A machine has been invented which will take the corn stalk, with the ear still on it, husk the ear, separate the husk from the stalk, and then remove the shell from the pith. Paper-makers, it is said, will send these machines into the fields, with proposals to the farmer to buy the corn crop as it stands. One of Balzac's novels, "David and Eve," is almost wholly taken up with the efforts of the hero to find a cheap substitute for rags in paper-making. He experiments with rushes, nettles, thistles, weeds of all kinds, but, unfortunately, was not turned loose in an Iowa corn field.—Davenport Tribune.

### Announcement.

This is to inform the public that I have opened a real estate office in my own building, erected for the purpose, corner North Wenas avenue and West A street, 4th block west of R. R. depot, North Yakima, Wash., where we shall be pleased to list for sale all classes of real estate and personal property, which may be offered at a salable value.

We take property to rent on commission and collect and remit promptly and shall be able to prove to those who favor us with their business, that real estate business can and will be conducted on as high a plane as any other business.

Having had 16 years successful experience in this line, as well as in farming, fruit growing, market gardening, dairying and creamery lines, will be apt to locate buyers more intelligently than some who have not such practical experience. But to do so to best advantage buyers should favor me with a plain statement of their wants, that I may have a proper chance to serve them faithfully. We aim to earn our commissions fairly. If you have property to sell, or wish to purchase, drop in and get acquainted with us and our methods.

"The Buyers Home."

R. D. SANFORD.

Carriages, Hacks and Buggies—a big saving. Coffin Bros. 29tf

### Fine Herd of Devonshire Cattle.

Mr. L. V. McWhorter late of New Madison, Ohio, last week bought the 30-acre ranch of J. H. Lewis about a mile east of the state fair grounds. Mr. McWhorter has brought his family with him and expects to make Yakima valley his permanent home. The newcomer is an experienced breeder of fine stock and brings with him a carload of fine Devonshire cattle. Regarding the departure of Mr. McWhorter from Ohio the New Madison, O., Herald make the following comment:

"Last Wednesday evening Mr. L. V. McWhorter left here with a car of Devonshire cattle for North Yakima, Washington where he will conduct a cattle ranch. This will be the only herd of registered Devon cattle in the State of Washington and they are from the very best strains of the breed in the United States. The ten head which he is taking with him are valued at more than \$1000 besides the freight charges which are over \$300.

Mr. McWhorter has been a successful breeder of Devons for several years and was one of the most prominent breeders in West Virginia (his native state) before coming to Ohio.

This winter his herd took first rank in the creamery test over other breeds.

Mr. McWhorter claims for the Devons a butter making capacity equal to that of standard dairy breeds and a beef making capacity superior to the Short Horns and has offered to wager \$1000 that he could produce cheaper beef at an earlier age than can be done with Short Horns.

### Moving to Seattle.

The many friends of Dr. and Mrs. C. E. White who for the past two and one-half years have resided in this city, were pained to learn of their intention to remove to Seattle. Dr. White having recently formed a business partnership with Dr. Babcock, a leading dentist of the Queen city, has found it necessary to remove there and has been busy packing up this week.

A number of friends of the couple, learning of their contemplated departure planned a surprise party Tuesday evening. The jolly party, supplied with a large stock of refreshments, invaded the cosy home of Mr. and Mrs. White on North Second street, taking the occupants completely unawares. The evening was spent mostly with cards.

### WEDDINGS.

MINNER-STONE—At the residence of the bride in North Seattle at 8 p. m., Sunday evening, April 5th, occurred the marriage of W. H. Minner, the well-known rancher of the Ahtanum, to Mrs. Anna H. Stone of Seattle.

The ceremony took place in the presence of a small party of invited guests among whom was W. H. Minner of this city. After a honeymoon spent on the Sound the happy couple will take up their residence at the groom's farm seven up the Ahtanum.

RESLER-BUNNELL—At the residence of the bride's mother, Mrs. H. R. Stone, occurred the marriage of Miss Grace Bunnell, the charming daughter of the hostess, to Mr. A. Resler.

The ceremony was performed by Justice Taggard in the presence of relatives and a few particular friends. After the ceremony the party, including the officiating magistrate, sat down to an elegant repast. The newly wedded couple left Monday morning on a wedding trip to the Sound cities. The bride, who has spent the most of her life in this city has a large circle of friends who wish her joy on her matrimonial voyage. Mr. and Mrs. Resler will make their home in this city.

BROWN-SCOTT—of Fairview—Ethan A. Brown and Mrs. Sarah E. Scott, late of Springfield, Ills., were married Friday evening, April 3rd, at the residence of Mrs. F. D. Estes, a sister of the groom, 910 Wenas avenue, Rev. F. S. Ticknor officiating. The couple will reside in Fairview.

LEACH-TRUITT—George Leach and Miss Ollie Truitt were married at the residence of the bride's mother in this city, Wednesday, April 8.

The wedding was a quiet one, only a few relatives of the contracting parties being present.

### New Suits Filed.

The following new suits have been filed with the clerk of the superior court: Wm. Stevens vs. Louise Stevens, divorce.

Jim Baker vs. Taylor Piles and wife, appeal from J. P. court.

Charles S. Hatch vs. Charles E. Forsythe, promissory note.

Thomas B. Nelson vs. Daisy Nelson, divorce.

John Michels and Manda Michels vs. E. G. Tennant and M. B. Miles, cancellation of lease.

Judge Rudkin on Monday granted a divorce to P. H. McBean from Charlotte McBean, also to Gertrude Long from Frank Long. In the latter case the custody of a 10-year-old daughter was given to the mother.

### Candidate for Midshipman.

Congressman W. L. Jones has just been notified by the Navy Department to nominate a principal for examination for admission as midshipman into the United States Naval Academy at Annapolis, and three alternates. This nomination must be made by the first day of June of this year. The minimum age for admission to the academy is 15 years and the maximum age 20 years; a candidate is eligible for appointment on the day he becomes 15 and is ineligible on the day he becomes twenty years of age. Examinations will be held in Tacoma, Port Townsend, Whatcom, Seattle and Spokane, on the third Tuesday in April if nominations are made prior to that time. A second examination will be held in Washington City on the second Tuesday in May, and a third examination will be held at Annapolis on the third Tuesday in June. The first two examinations are made under the supervision of the civil service commission, and at these examinations only the mental qualifications are determined. The third examination is held under the supervision of the superintendent of the academy. All those qualifying mentally who are entitled to appointment will be notified by the superintendent when to report at the academy for physical examination, the physical examination being made only at the academy. The alternates have the privilege of reporting for examination at the same time with the principal. Mr. Jones understands that each of the congressmen from this state have the selection of a midshipman and he would be glad to hear from any young men at once who may desire to go to Annapolis.

The Fraternal Brotherhood lodge, through its diligent efforts in securing members, was presented a handsome set of badges last meeting through its general organizer, R. A. Maze.

### For Sale.

## The Local Round-Up.

Sam Foster has the position of flagman at the Yakima avenue railroad crossing.

The Lady Maccabees will give an Easter ball at the armory next Tuesday evening.

J. R. Elmore is finishing up a neat five room cottage on South First street for a residence.

Sheriff Grant has had the trees in the court house yard pruned and topped in a uniform manner.

Mr. and Mrs. James Ward of Toppenish lost their two year old baby which died on Sunday last.

A. B. Pearson, the enterprising avenue grocer, has just put out a handsome new delivery wagon.

The Rudkin brothers have moved from the Yakima National bank block to the rear of the Allen block.

Elbert Hubbard, editor of the "Philistine," lectured in Wisconsin hall last evening, his subject being "Roycroft Ideals."

The Woodmen of the World are building a new hall in the upper Natches valley a short distance above the Presbyterian church.

The managers of the Yakima Valley Canal company, known locally as the Congdon ditch, expect to be able to turn water in by the 15th.

Marshal Mull put several of his prisoners to work on the chain gang Thursday under the supervision of Street Commissioner Lemon.

The stockmen of this valley as a rule all feel good as the result of the late rains which has started the grass to growing on the range.

W. D. Larson leaves in a day or two for Seattle with his thoroughbreds Almoner and Major Hooker and will condition them there.

Wool is worth from 10c to 12½c per pound on the local market according to test. James Wright sold his clip at a price reported at 12c.

The eighth grade examination was held Thursday and Friday of this week at about 20 of the schools of this county outside of this city.

County Supt. Dickey will go to Walla Walla next week to attend the session of the Inland Empire Teachers association to be held in that city April 16-17-18.

The local lodge of Odd Fellows is preparing to properly observe April 28th, which is the 77th anniversary of the order. A program is now being prepared.

Shipments of live stock from this city continues. Since the first of the month W. H. Whipple alone has shipped five car loads of beef and hogs to the sound markets.

E. W. Sankey, the architect, has drawn plans for Commissioners Lince's proposed courthouse which have excited the admiration of all who have viewed them.

Prof. L. M. Scroggs, of the High School, has concluded to conduct a Normal School for a period of six weeks in this city at the conclusion of the regular school term.

R. D. Sanford of the "Buyer's Home" real estate office, recently started on the west side, sold for Wm. Lee lots 7 and 8, block 250 to W. F. Volkmar who will probably build soon.

Engineer Wands has been engaged to survey and plan for a water works system for CleElum. An eight inch pipe line is to be constructed from a reservoir 3½ miles southwest of the city which will give a water head in the town of 200 feet.

Postmaster Lemon received a notification from Washington this week that another carrier would be allowed by the department for this city April 15. The new carrier will make the fourth for this city. J. W. Rightmire of the postoffice force will probably receive the appointment.

Company E of this city has been invited to go to Spokane to participate in a military parade in that city May 26 in honor of President Roosevelt. The invitation has been accepted and the boys are laying themselves out for a good time. The expenses of the trip will be assumed by the Spokane reception committee.

The board of county commissioners has been in session all week engaged mostly in the transaction of routine business. Dr. Frank was re-appointed county physician, the undertaking firm of Sessions & Gilbaugh was given the contract for burying the pauper dead. Orlando Beck was re-appointed fruit inspector and Al. Beilstein was refused a license to carry on a saloon business at Mabton.

Mr. and Mrs. A. Schindeler received the sad news Friday morning of the death of William Rehmkne, of Ellensburg, who died suddenly from heart trouble. Mr. Rehmkne was about 50 years of age, a man of means and for years had been one of the most progressive business men of the "Burg." About two years ago he retired from the jewelry business. The deceased was a brother-in-law of Mr. Schindeler and was well known in this city. The funeral will be held Sunday.

## Personal.

George Donald was a Sound visitor this week.

H. M. Lichty was a visitor from Sunnyside Monday.

Miles Cannon made a business trip to Ritzville Saturday.

Hon. Jay Lynch was in from Fort Simcoe the first of the week.

Attorney I. M. Krutz was a Sound visitor this week on legal business.

A. J. Chambers, the Ahtanum merchant, was in the city Thursday.

Mrs. J. W. Crane left Wednesday for a visit with her daughter at Hailey, Ida.

S. J. Cameron has been laid up with an attack of quinsy for the past few days.

A. W. Fuller of Pendleton, Or., has accepted a position in Ditter Bros. big store.

Otis Fry has quit delivering rural mail and gone to Seattle to enter a business college.

A. E. Poole and family left Monday for a protracted stay in Southern California.

Mrs. John Michels went to Ellensburg Sunday to visit her sister, Mrs. Groger.

C. H. Furman, the real estate and hotel man of Zillah, was in the city Friday.

F. H. Marble and wife are entertaining the former's cousin, Miss Marble, of Tacoma.

Mr. and Mrs. Harry Mull are in Seattle this week on a visit to Mrs. Mull's parents.

Frank Garrett left for Goldendale, Friday, to look after his new brick yard that is being started there.

Miss Hancock, of Spokane, who has been visiting Mrs. J. C. MacCrimmon, left for her home Thursday.

Lawrence Bryan, who is now employed in the store of E. J. Jaeger at Zillah, spent Sunday in the city with relatives.

E. P. Putney is here from Ashland, Neb., the guest of A. A. Tylee. Mr. Putney will probably conclude to locate here.

County Clerk Day made a business trip to the sound this week. His family accompanied him to visit relatives in Tacoma.

Ben Innes, the well-known plumber, went to Kennewick Tuesday to figure on work in a number of new buildings in that town.

J. F. McNaught left for his home at Seattle Wednesday to be present at the marriage of his daughter which was to occur Thursday.

Mrs. Dean Stair, who has been on a visit to her parents. Mr. and Mrs. A. Morrison of Wide Hollow, returned to her home at Mabton Thursday.

State Fair Commissioner J. E. Shannon left for his old home in Indiana this week. When he returns he will bring with him several head of high bred cattle.

Mrs. E. L. Davies, representing the Spokane Home Finding association, was in the city Tuesday and Wednesday conferring with the members of the local association.

C. W. Badger and James Calavan returned the first of the week from Prosser, having finished the construction of a business building for which they had the contract.

A. B. Pearson enjoyed a visit from his brother, William Pearson, of Bay City, Mich. The visitor stopped off on his way to Nome, where he is interested in some valuable mining property.

J. W. Day and Geo. N. Tuesley were in Olympia this week as delegates to the grand lodge A. O. U. W. which met in that city. Mrs. Fannie Scott went as a delegate from the Legion of Honor.

Mrs. Frank Lemon, a daughter of D. E. Lesh, arrived Thursday from her home at Elk Creek, Cal. The particular reason for her visit at this time is the serious illness of her sister, Miss Alma Lesh.

E. K. Riley, general agent of the Pioneer Mutual Insurance association of Seattle was here this week. The guest of T. W. Clark of Nob Hill, the local agent of the company. Mr. Riley says that the passage of the new insurance law by the late legislature removes a number of restrictions heretofore placed upon mutual companies doing business in this state, a fact that enables the Pioneer to broaden its field of usefulness.

### A New Business Firm

Fay Fenton and W. L. Williams are now conducting the blacksmith shop at the corner of Front and B streets, which for a number of years was operated by the late A. H. Wilgus, but since the latter's death by J. H. Hulce & Sons. Mr. Fenton and Mr. Williams are finished workmen in their line as horseshoers and general blacksmiths and will no doubt receive a fair share of the public patronage. Associated with them in the same shop is Mr. J. R. Elmore, recently of Missouri, who is a practical wagon-maker and woodworker. The work turned out by this firm can always be relied upon and they are prepared to guarantee it.

## The Burlingame

## Suburban Homes.

The U. S. Government has an engineer here examining the Tietan and Cowychee Ditches. Now is the time to buy a 10 acre tract 5 miles west of North Yakima, beautifully situated under the proposed Government Ditch, which will have the

## Cheapest and Best Water Right

in the State. This is an opportunity that many have been waiting for. This section is the Cream of the country, will make the finest Fruit, Hay and Vegetable farms in the Yakima Valley, and will sell rapidly. Do not delay. Call at our office at once and make your selection.
