OFFICIAL PAPER OF NORTH YAKIMA.

THE Republicans are straining every nerve in this campaign, in order to carry enough state legislatures to enable them to control the next U. S. Senate. The present senate with its silver majority, stands like a stone wall in its unyielding opposition to the selfish schemers of Wall Street. The Senate has held these men at bay thus far, but the 4th of March next the terms of 30 Senators expire, and their successors will be elected by Legislatures that are to be elected next month, and our own state will elect one of the thirty. The Han-naites are leaving nothing undone in order to capture a majority of these seats, and counting on maintaining a majority in the house, expect to rivet upon the people of this country forever their damnable system of finance, which includes the firmer establishment of the gold standard, and the wholesale destruction of the greenbacks, and the handing over to the National banks the exclusive privilege of issuing money. Silver, the money of the common people, is to receive its death blow at the hands of these New York gamblers when the gold men control the Senate. It is to be hoped that the silver men of the great state of Washington will stand sholdier to sholdier in this campaign, and by united effort elect a legislature that will send a man to the National Senate, that will not bow the knee to this conscienceless gang of sharks and gamblers who claim the right to control the destinies of the people of this county.

THE EPIGRAM in this issue submits to the tax payers of Yakima county a carefully compiled comparative statement, showing the receipts and expenses of the different county offices, for the period of eighteen months ending June the 30th last. The comparison is made with the eighteen months of the preceeding administration ending Dec. 31, 1896, which was republican in all branches, save the Treasurer's office. This statement of the case is an honest one, and is sworn to by the county auditor as being substantially correct. It is not garbled and distorted for the purpose of deceiving and casting dust in the eyes of the people, as was so evidently the case with the misleading and much doctored comparative statement which appeared in the columns

of the Yakima Republic a week ago. The present administration makes a most excellent showing to the people. They have been economical with the taxpayers' money. Instead of employing a horde of expensive deputies, they have very largely done the work of their offices themselves. Two years ago the people revolted against the old court house crowd, and turned them all out, and the taxpayers have profited by the change. Today, Yakima County unquestionably has the best and most economical set of officials, that she has ever had in all her history, and yet there are some people who think that the taxpayers of Yakima County are fairly aching to turn these worthy and useful servants out, in order to make room for a job-lot of local politicians, nearly all of whom are totally inexperienced in regard to the work which the county's servants have to do. But the taxpayers will never do it.

IF it is true, as reported, that the Republicans have failed to file the nomination of G. H. Baker with the Secretary of State, and thus left him off the ticket, no one will sympathize with him more sincerely than the Fusionists. The silver men realize that he is a badly beaten man, anyway, as many Republicans will since learning of his close affiliations with the Northern Pacific and his rotten record in the last legislature, scratch his name off their ballots; while numerous other staunch Republicans in this county are incensed against him because of his well known preference for Pewee Wilson to succeed himself as United States senator.

THE Republicans of this county and state will gain nothing by dragging into this campaign a discussion of the war. The war with Spain never would have been undertaken had it not been for the liberty loving democrats and Populists in congress backed by the conscience of the nation. And besides think of the contempt with which our brave Washington soldier boys have been treated by the republican secretary of war. Look out for this war question Mr. spell-binder, its red hot, and liable to burn you. The people sometimes have long memories.

THE Precinct Polls that are being received at the head quarters of the Fusion campaign committee of this county clearly and unmistakably indicate a victory for the Peoples Party ticket. Although this is an off year and naturally a good deal of apathy prevails, it is unlikely that the total vote

will be less than that of two years ago, because of the increase in population. It is to be hoped that no silver man will remain away from the polls for the silver party have to much at stake in this campaign to take any chances of losing it. The Fusionists will not only fight to save what they already have, but they are determined to capture the other U. S. Senator from the party of gold and greed, and the only way this can be done is a vigorous and united support of our legislative candidates.

MR. Vestal Snyder, the present efficient prosecuting attorney, is before the people again as a candidate for reelection. Mr. Snyder is a bright and brainy young lawyer, with a high conception of the duties of his important office. He has so far served the people most acceptably and well. For some time past he has been burning the midnight oil in his endeavor to make out strong cases for the state against the numerous law brakers who are now in the hands of the sheriff. Mr. Snyder deserves especial consideration at the hands of the Silver party, for the manly stand he took two years ago in breaking away from his party when it threw principle overboard, and begun the worship of the golden calf. Snyder's successful leadership of the big revolt against the G. O. P. two years ago, has made the goldites anxious to secure his political scalp, but they will not get it this year.

THE claim of the Republic that the clerk's office is not being run as economically now as under the Republican clerk, is pure balderdash. Sperry seems to "have it in" for the present efficient clerk, because the receipts of his office have not been greater. A clerk cannot increase his receipts; but he can cut down his expenses, and that is what Mr. Coe has done. If Joe Brown was such a cracker-jack of a clerk, as the Republic would have us believe, what did Boss Sperry turn him down for at the last convention, when Brown wanted his old job back? Let the organ answer.

APPARENTLY about 90 per cent of the signers of Jock Morgans petition as an independent candidate for sheriff are republicans, and lo, at the head of the list in bold hieroglyphics stands the name of H. L. Tucker. This looks bad for Tucker as well as Morgan.

A fire alarm was sounded on Sunday and a large crowd congregated about the Daniel Sinclair house in the Huson addition, when it was learned that the cause of all the hubbub was merely the burning out of a chimney.

H. M. Lichty, of Carelton, Neb., and family, have lately arrived and purchased improved property in Sunnyside. Edward B. Reichel, of Philadelphia, has also lately purchased a fine piece of property from the company, with the idea of making for himself a model ranch.

Col. G. B. Brackett, a government pomologist, was in the city on Tuesday. Through the courtesy of Dr. Gunn he was enabled to see a few of Yakima's choice orchards. He was shown a Yakima apple which weighed 31 ounces, which he said was the largest he had ever seen.

Dr. Gunn returned the first of the week from the Spokane Fruit Fair, which he reports as very fine. Tom Vance, our own Tommie, is proving himself to be a cracker-jack on the stump in Western Washington. His dry and original North Carolina wit, together with his great force and impressiveness, makes him a great favorite with the people. We prophesy that Tommie will be holding down a seat in Congress before many years.

C. M. Howland, of Company E, returned home on Tuesday night from the Presidio having been discharged on account of ill-health. He reports that the boys do not now wish to go to Manila, but would prefer that the war is over, to come home, as they are all more or less dissatisfied with their present camp and surroundings.

Marion Brown, the peg legged negro, who was arrested by Deputy Marshal Dilley during fair week, is now on his way back to London, Ontario, to answer to the charge of the murder of a policeman in that city last March. A Great Play.

"The South Before the War" did a very satisfactory business at the Winnipeg theatre Monday and Tuesday evenings the S. R. O. sign being required the opening night. It is really one of the best shows on the road and furnishes a delightful evening's entertainment. Those who are fond of darkey songs and dances and that recent craze, the cake walk, certainly got their money's worth. A very artistic feature of the performance is the series of animated pictures, portraying the Passion Play. Such pictures are both pleasing and elevating. "South Before the War" is a good show and worthy of the liberal patronage it everywhere receives.—Winnipeg, Town Topics. At Mason's opera house Friday, October 21.

Fred and J. C. Booker, on Friday purchased the two lots on the corner of Yakima avenue and Fourth Sts. and in the spring will erect and conduct a first class livery stable.

With its branches running in every direction, are the arteries and veins, which convey the blood to every part of the system. When the liver and kidneys refuse to act the blood is prevented from circulation by poisonous acids, and then comes Rheumatism. If your druggist has not got these remedies, send to the Drummond Medicine Company, New York, and the full month's treatment of two large bottles will be sent to your express address.

W. L. Malloy, of Everett, on Wednesday bought the confectionery stand J. P. Crawford, and expects to make some additions to the stock, and other changes in the house, which will undoubtedly add to its popularity.

There is nothing of interest to report in the hop market this week. The price is quoted at 14c with no one eager to buy, and growers are by no means desirous of selling at that figure. A num-

ber of car loads have been shipped this week on 10c contracts, outside of these the market is at a standstill. However, growers are firm of the opinion that a price better than 15c will be realized inside of thirty days.

Sheriff Shaw returned Monday night from Seattle bringing with him T. M. O'Connell who is accused of forging a check on Archie Hughes of the O. K. livery barn last week. O'Connell was taken before Justice MacCrimmon on Wednesday for trial. The evidence showed that he had victimized Hughes, by passing off on him a bogus check for \$25. The Judge bound the accused over to the Superior court in the sum of \$1000, in default of which, the prisoner went to jail. Sheriff Shaw is entitled to a great deal of credit for the skillful manner in which he caught O'Connell. Starting for the Sound with nothing but a description of his man, he overhauled him in a Seattle saloon the second day, and brought him back.
