Mrs. Guy M. Travis,
Box 574,
Prosser, Wash.
Dear Mrs. Travis:

Thanks for your notes and observations on the Fort Simcoe trip. It will make a nice addition to the rapidly mounting notes on research. Soon, and by proper authority, there will be good news announced concerning Simcoe.

I am enclosing a petition that is self explanatory. The main object of this is to help convince those in power that a Treaty is a sacred promise. The petitions are to be taken to Washington by the Tribal Council delegation. There is no legal obligation, but a mass of names will help show that our friends have plenty of friends.

I am figuring to go to Celilo this week end (Sunday) if I can make it, and in spite of the fact I have so many things to do to keep abreast.

When you have the opportunity, let me know some of the things you wish a little help on, and before long, perhaps I can give you a hand, some notes maybe of early explorations, etc. I have much of the other material you wanted, more than you will ever need, but haven't a chance to make copies of it now.

Sincere regards
