Dear Mr. Relander:

Thanks ever so much for taking the time and trouble to answer in such detail the questions I had asked Mr. Roscoe Sheller about the Indian pictures you loaned to us.

I feel a little guilty now, having put you to all that trouble, because we won't be able to use anywhere near all of the facts you sent me. I was interested in being accurate in whatever cut lines I wrote to identify your photos. The first one you will find in our February 5 issue credited to you, as you will note on the enclosed proof.

Sincerely yours,

*Cecil Hagen*
