

THE YAKIMA DEMOCRAT.

No. 34.

NORTH YAKIMA, WASH., SATURDAY, MAY 11, 1901.

VOL. 8.

THE YAKIMA DEMOCRAT,

BY J. D. MEDILL.

Entered at the North Yakima Postoffice as Second Class Matter

One Dollar Per Year—In Advance.

Published every Saturday morning, at The Democrat Printing House on First Street, North Yakima.

OFFICIAL PAPER OF NORTH YAKIMA

THE administration is endeavoring to break into the Solid South by way of an attempt to build up a "White Man's" republican party in that section. The plan being systematically pursued is to appoint renegade democrats wherever they can be found, to fill the offices instead of negro politicians who have received a majority of the plums heretofore. There is no reason to believe that the plan will work any better under McKinley than it did under Hayes. Indeed this new scheme is very apt to bring about disastrous results for the party that hopes to profit by it. The so-called democrats who are to be thus favored are generally without influence in political affairs and their popularity is not apt to increase with the people by virtue of the offices they fill. On the other hand what would be a more natural course for the despised and rejected negroes to pursue than to rebel against their treacherous allies? Such a state of affairs may not count for much in the south where the negro race is a negative quantity in politics, but it is liable to produce serious difficulties for the Hanna party in the north, where the negroes are smarter, better educated and more jealous of their rights. It should be remembered in this connection that the colored voters furnish the republican majority in at least ten northern states.

IT is not likely that Aguinaldo's proclamation will end Filipino resistance, but it is to be hoped that it will. The people of this country have grown mighty weary of the whole business and want some kind of a settlement patched up that will hold good at least until the time when the present administration shall have become a thing of the past. The Filipinos should be dealt with along the same general lines that we are dealing with Cuba on. If this wise plan had of been adopted at the start what a world of misery would have been saved. Thousands of brave young men would have yet been alive and the nation's treasury would have been the richer by 300 million dollars. Besides the country's honor would not have been smirched as it has been by the mad persistence in a policy which every intelligent American in his heart knows is directly contrary to the traditions and long established policy of this great republic.

SENATOR HANNA is a great humorist —when he is apparently most serious. He declares, with hands raised to heaven, that "the Dingley tariff is a most perfect

work of human ingenuity," and that "we are not going to take off the metal schedule and allow the Nova Scotia Steel company, for instance, to dump its product into New England." This is surely a monopoly-protection's last ditch. We no longer need a tariff to guard our market against European competition—in fact, we are underselling its own market in the markets of the world. But our great Steel Colossus, capable of producing more than 11,000,000 tons of steel a year, and the largest owner of iron mines and iron lands in the world, needs a 45 per cent. tariff to protect it against poor little Nova Scotia. Mark can pass right up to the head.—N. Y. World.

THROUGH the courtesy of N. P. officials this office has been favored with a copy of "Wonderland" for 1901. This year's edition is a very handsome book of 108 pages and is beautifully illustrated with well-finished pictures representing various places of interest in the west. The reading matter also has been well selected and carefully edited in order to comport with historical facts. The leading feature of the little volume is the narrative of what is known to history as the Custer massacre which took place on the Little Big Horn river, Wyoming, June 25th, 1876. Nearly a quarter of a century has rolled by since that momentous event occurred, but the horror of it is still fresh in the minds of the older generation. The story of the sad affair in "Wonderland" cannot fail to arouse the interest of the casual reader.

A REFERENCE in these columns last week to the fact that the location or establishment in this city of a college, seems to have aroused a considerable interest among our people. At any rate a number of prominent citizens have since informed us that they concurred in the sentiment expressed by this paper. We are glad to see some interest taken in our suggestion. In fact we think it is generally taken for granted that the location of such an institution here would do much for the town in a commercial way, besides being a great convenience to parents at home who have children to educate. What is needed now is a good healthy agitation of the subject.

JAPAN adopted the gold standard a few years ago at the behest of European money changers and is now, according to report, beginning to pay the fiddler. Twenty banks are said to have suspended payment in that country recently, a condition that is apt to precipitate a general panic throughout the Mikado's realms. Japan's great progress on all lines of western civilization, which has been the wonder of the world, was accomplished while on a bi-metallic basis. It is now in order to hear an explanation from the gold standard papers which so far seem to have ignored the matter.

THE President and party are receiving a warm and hearty welcome wherever they go. This was particularly true of the trip through the southern states where the people maintained their splendid reputation for hospitality and respect for the high office of president, even though but few of them are in accord with Mr. McKinley's policy. It's all folderol to assume, as some of the republican organs do, that these splendid receptions are evidence of the president's personal popularity or an endorsement of his peculiar ideas of government.

THE fire that recently devastated the city of Jacksonville, Florida, was one of the most destructive on record. The business portion of the place consisting of 130 blocks was completely wiped out, entailing a loss of about fifteen million dollars. The loss of life will probably never be known. Jacksonville, according to the last census, was a city of 33,000 inhabitants.

THE democrats seem to have won out handily in the municipal election at Spokane this week, having elected their entire ticket, with the exception of two councilmen, by healthy pluralities. The wave of imperialism which swept over the country last year and engulfed all opposition seems now to be rapidly receding.

HOW would it have turned out if Carnegie had paid his workmen for their labor in proportion to what they actually earned, charging at the same time only a fair price to buyers for iron and steel? Would there now be \$200,000,000 to be given away, and a billion-dollar steel trust to follow up Carnegie's operations?—Oregonian.

NEVER before have the fruitful orchards of the Yakima valley, at this season, given such promise of an abundant yield as is the case this year. Unless the unexpected happens the crop will be a splendid one in all lines. The contented grower has the satisfaction of knowing, too, that a remunerative market awaits his product.

WALL street sages like Henry Clews and Russel Sage prophesy that another "Black Friday" will soon be experienced on the speculative market which will mean ruin for thousands. All manner of industrial and railroad stocks have been boomed far beyond their value and that a great reaction cannot be avoided.

PLATES at the McKinley banquet in San Francisco cost only twenty dollars. How nice and very exclusive the affair will be. None but the very elect need apply.

LOCAL HAPPENINGS.

John A. Brown who resided here a few years ago, was recently appointed prosecuting attorney of the new county of Clearwater in Idaho.

W. H. Whipple's fine black horse ran away on the reservation, near Toppenish, completely wrecking the buggy and throwing Mr. Whipple out in the sage brush.

The State Fair commission will meet next Monday to award contracts for a big addition to the grand stand and printing the premium list besides routine business.

Two enormous gun carriages, billed to Fort Flagler, Wash., passed through here last Monday. Each carriage occupied a separate flat car and strained its capacity.

Jas Stuart, who has had charge of the work of changing the channel of the Natchez river at the Nelson bridge, reports the work as completed and of a permanent character.

On Saturday Marshal Boyle found his buggy in the new Selah-Moxee ditch, about six miles from town, where it had been left by his runaway cayuse. The horse is thought to be still going.

The ladies of the W. C. T. U. will give an entertainment at the Christian church, Tuesday evening, May 14. An excellent program has been prepared. All are cordially invited to attend.

The Goldendale Sentinel last week issued a handsome special souvenir edition. The town and surrounding country is well written up and handsomely illustrated with half tone pictures.

C. H. Bartlett, whose name has been frequently mentioned in connection with the office of school directors, wishes it distinctly understood that he is not a candidate and would not accept the position.

The annual school election occurs at Central school building today, for the purpose of electing one director for a term of three years and a clerk for one year. The polls will be open from 1 to 7 o'clock p. m.

Mr. Underwood an old resident of Yakima City, suffered some severe injuries about the head Monday by being thrown from his wagon by a runaway horse. He will probably be confined to his bed for some time.

Justice MacCrimmon's court was a place of interest to many last Tuesday, and quite a number of persons attended at the city hall to hear the examination of John Thomas, on a charge of grand larceny. This was the sequel of the troubles of the Old Town creamery corporation, and after hearing all the testimony, which, while rather voluminous, was not incriminating, Judge MacCrimmon discharged the prisoner.

Sheep Commissioner Simpson has quarantined in the neighborhood of 50,000 head of sheep owned in this county, a large number of which are said to be in the vicinity of Prosser. The commissioner discovered the presence of scab in several bands and promptly established the quarantine as provided by law, meanwhile serving notice on the owners that the sheep must be dipped. In some cases where the order has been complied with the quarantine has already been raised.

City Justice Taggard on Wednesday morning sentenced a batch of seven drunks to two days at cleaning the alleys.

E. W. R. Taylor received word Tuesday that his Prosser flour mill was obliged to suspend operations for a time owing to a sudden breakage in the flume that carries water to the mill. The damage will probably be repaired in a few days.

M. Sehorn this week removed his stock of paint, oil and glass from the Metcalf stand on First street into his own building on Chestnut, where he has recently fitted up a handsome store room to accommodate this branch of his business.

A three-year-old boy was picked up by officers in a lumber yard west of the track last Sunday. He could not give an intelligible account of himself, but was later found to be the son of Thurston Brown, who was anxiously hunting over the town for his offspring.

At the Congregational church last Sunday evening two very interesting talks were made by Misses Rosine M. Edwards and Mary Dixon, principal and assistant of the Ahtanum Academy. The themes were kindred, being "An Ideal of Antiquity," by Miss Dixon, and "The Ideal of All Ages", by Miss Edwards. The church was well filled, many residents of the Ahtanum being present.

The sudden rise in spuds during the past ten days has been of but little benefit to the farmers as almost the entire crop had previously passed out of their hands. Tubers of the best quality reached \$35 per ton in Seattle on Tuesday and those who were fortunate enough to still have potatoes on hand rushed them in to market. The sudden spurt in price, it is thought, will prove an incentive for the planting of an additional acreage.

Messrs. Cannon, Hall and Larson came very near getting into the toils of the law Wednesday, for deliberately working a "hold up" game on the streets. The trio presented such a formidable appearance that the average victim threw up his hands in dismay at the word of command. It is perhaps needless to add that the three robbers mentioned were working in the interest of the McKinley reception, having been appointed as a finance committee.

The ordinance licensing bicycles which passed the council Monday night is still in the hands of the mayor, not having yet either been signed or vetoed. The ordinance provides for an annual tax of one dollar per year on wheels, the proceeds collected to be used for the construction of paths. Practically all the owners of wheels in the city are in favor of the ordinance, the opposition strange to say, as a rule, comes from the class of people who don't ride wheels.

J. M. Arrington this week sold his fine ranch "Sunnydale" on the Wenas to John Cameron a new arrival here from Kamilche, Wash. The sale not only included the 240 acres of real-estate, including a fine 55 acre orchard, but all stock, machinery and tools on the place. The consideration which has not yet been made public, is said to be a handsome figure. Mr. and Mrs. Arrington expect to leave today for Spokane and later for Southern California and old Mexico where Mr. Arrington is said to have some flattering business prospects. The many friends they have made during their short residence in this county are sorry to see them depart permanently.

Superior Court Matters.

On Wednesday court met in equity session. Judge Rudkin presiding.

The old case of E. L. Farnsworth vs Mary E. Jones, was decided in favor of the plaintiff.

In the case of Eliza A. Kane vs M. E. Kane, action for divorce, the defendant was ordered to pay into court the sum of \$125 for plaintiff's alimony and costs of suit. The final hearing of this case is set for Monday, May 20.

The R. S. & C. Irrigation Co. has instituted suit against S. E. Aumiller and W. J. Aumiller and their wives for condemnation of right of way for a proposed ditch.

Tax Collections.

The first quarterly statement of the county treasurer for 1901 issued April 1st, makes a very flattering showing of tax collections.

The statement shows that of the total amount of taxes levied for 1900, which includes real and personal amounting in the aggregate to \$135,876.71, \$71,414.72 was paid in by April 1st. In addition the sum of \$11,191.99 was collected in back taxes running back as far as the year 1891. This is an increase in receipts over the same quarter of last year of about \$24,000.

The "Evil Eye" for the second time within a year, was presented at Larson's theater Thursday night. The show, which is of the extreme spectacular order, seemed to be enjoyed by all in attendance. The clever acrobatic work of "Nid" and "Nod" was especially commended by the audience.

The ball game between the North Yakima and Ellensburg High schools, scheduled to take place today, has been postponed until next Saturday, in order to allow more time for the completion of the grand stand and other necessary preparations on the new grounds in Capital addition, near the old city park.

Rev. P. B. Jackson left Monday for a month's visit to the South, hoping to build up a rather rundown system. During his absence an addition will be built to the Congregational church and needed improvements and repairs made on the interior of the building. There will be no services in the church for four weeks.

On Tuesday, in the Palouse river, four miles from Colfax, the body of Laura Morgan was found on a sandbar. It will be remembered that this is the young lady about whom so much has been said in the papers in connection with the earnest search made to find her by her distracted mother. The girl disappeared from her home in Colfax after a reprimand for some trifling misconduct in school, and up to the finding of her body last Tuesday it was thought she had left the community in a suit of boy's clothes.

For President McKinley's reception in North Yakima, May 25th, the N. P. Ry. Co. announces a round trip rate of a fare and a fifth from all points on the line between Roslyn and Pasco. Tickets will be on sale May 24 and good to return until the 26th. 2t

Cards on the Cars.

"Cards are not played as much on the cars as they used to be," said the commercial traveler. "A few years ago it was a common sight to see three or four games, whist, euchre, poker or seven up, going on in a car, and wherever four or five drummers were gathered together there was sure to be a lively game of draw in progress. Suburban trains were turned into whist clubs, and morning and night the commuters were engaged in a rubber."

"But all this has been changed. Nowadays it is the hardest thing in the world to get up a game of any kind in a train. Ask a stranger if he would like to take a hand at whist or euchre, and he will freeze you with a suspicious look. And, what is worse, he is entirely justified in his suspicions."

"In the last ten years the railroads of this country have been the harvest for gamblers, bunko men and short card experts. They have worked the field to the limit, from New York to California and from Vermont to Florida. They have worked all kinds of flimflam games, until now it is almost impossible for a man to flash a deck of cards in the smoking compartment of a Pullman without the atmosphere growing a dozen degrees colder. A man who has been bitten once doesn't care to have the experience repeated."—Rochester Post-Express.

Transplanting Vegetables.

In setting out cabbage and celery the top should be shortened severely so as to lessen evaporation. This will make a very vigorous growth, besides preventing the setback which a withered leaf on a transplanted plant always gives. With each transplanting there will come a large mass of roots, so that after being twice transplanted the cabbage or other vegetable will grow without any perceptible check. If the weather is not suitable heel the plants in, covering tops and all for two or three days. Then the roots will be ready to grow at once.—American Cultivator.

Frank Wood has resigned his position in the county treasurer's office and will become a soliciting agent for the N. W. Savings & Loan Association of Portland.

North Yakima, Wash.

Ordinance No. 310.

An Ordinance establishing a local improvement district for the grading of Natchez avenue in the City of North Yakima, Washington, and providing for the construction of such grading, and for the assessment of the cost thereof on the property benefited by such improvement, and for the collection of such assessment.

Whereas, The City Council, has heretofore by resolution duly passed, declared its intention to improve a certain avenue in the city of North Yakima, in said resolution particularly described, by the construction of a grade thereon, which resolution was duly published as by law required; and whereas, the owners of property affected by said proposed improvement have not filed any protest against the same as provided by law and said resolution, and the time for filing such has expired; and

Whereas, the City Council, by resolution duly passed, voted to proceed with said work and improvement, now, therefore,

The City Council of the city of North Yakima do ordain as follows:

Section 1. That for the purpose of making said improvement and assessing the cost thereof on the property benefited, a local improvement district to be known as "Local Improvement District No. 27" is hereby created and established, including within the limits thereof the following described lots and parcels of land to-wit:

Lots 1, 2, 3, 4, 6, 6, 7 and 8 in block No. 86; lots 1, 2, 3, 4, 5, 6, 7 and 8 in block No. 85; lots 1, 2, 3, 4, 5, 6, 7 and 8 in block No. 84; lots 1, 2, 3, 4, 5, 6, 7 and 8 in block No. 83; lots 1, 2, 3 and 4 in fractional block No. 82; lots 9, 10, 11, 12, 13, 14, 15 and 16 in block No. 105; lots 9, 10, 11, 12, 13, 14, 15 and 16 in block No. 104; lots 9, 10, 11, 12, 13, 14, 15, and 16 in block 103; lots 13, 14, 15 and 16 in block No. 102.

All of said lots and lands being in accordance with the plat of the City of North Yakima, Washington.

SECTION 2. That Natchez avenue in said city be improved by the grading of the same in front of said lots and lands between D in said city and the southeast corner of lot number 5 in block number 82 in said City of North Yakima. That said avenue be graded between said points according to the grade marked out and established in front of the lots and lands above mentioned and described, as the same appears from the grade stakes placed along said avenue by the city engineer, and in all respects according to the plans, specifications and details and notes of the city engineer filed with the city clerk; that said specifications require the cuts in said avenue to make the fills therein, and to be finished and completed in such a manner that said avenue will be left in first-class condition for travel.

Sec. 3. That the cost and expense of the construction of said grading shall be taxed and assessed upon all the property in the local improvement district established by section 1 of this ordinance, which cost shall be assessed in proportion to the number of

feet of such lots and lands fronting on said grade and included in said improvement district, and in proportion to the benefits derived by the construction of said grading, provided that the expense of constructing said grading in the space formed by the junction of two or more streets, or where one street terminates in another, and of the street crossings, shall be paid by the City of North Yakima.

Sec. 4. That the Committee on Streets and Ditches of the City Council of the City of North Yakima are hereby constituted a board of assessors for the purpose of assessing the cost and expense of the construction of said grading on the several lots and parcels of land included in the improvement district hereinbefore established.

Sec. 5. That immediately upon the completion and acceptance of said grading, when constructed, by the City Council or its authority, it shall be the duty of the Committee on Streets and Ditches to subscribe and take an oath for the faithful performance of their duties as such assessors and proceed to assess the cost and expense of constructing said grade upon the property in the local improvement district herein established, in proportion to the number of feet of lands and lots fronting on said grading and included in said local improvement district and in proportion to the benefits derived by the construction of said grade; provided, that the cost of constructing said grade in the space formed by the junction of two or more streets, or where one street terminates in another, and of street crossings shall not be included in the cost assessed against the property included in said improvement district.

Sec. 6. It shall be the duty of said Committee on Streets and Ditches to prepare an assessment roll which shall contain a description of each lot or parcel of land included in said improvement district, together with the name of the owner, if known, if not, to be so stated, and the amount of the assessment against such lot or parcel set opposite the description, and in making such assessment the decision of a majority of said committee shall be deemed the decision of the committee.

Sec. 7. On the completion of said assessment roll said committee shall forthwith file the same with the City Clerk and thereupon the City Clerk shall cause the same to be published for two weeks in the newspaper doing the city advertising, together with a notice that said assessment roll is on file in his office subject to the inspection of all persons interested and at the first regular meeting of the City Council after such last publication to be held on a day and hour named in said notice, any person feeling aggrieved by reason of such assessment may appear before the City Council with a view to the amendment of the same. The City Council at the time and place designated in such notice, may amend and revise said list if necessary to render the same fair and equitable, and may raise any assessment without further notice than herein provided, and may adjourn from time to time until the work of amendment and revision is completed.

Sec. 8. The City Clerk shall note on said assessment roll, opposite each description, any change or amendment made by the City Council in such assessment, and shall thereupon deliver to the City Treasurer a certified copy of said assessment roll, as revised and amended by the City Council.

Sec. 9. Upon the receipt of the assessment roll it shall be the duty of the City Treasurer forthwith to publish notice in the newspaper doing the city advertising, for two successive weeks, that a certified copy of such assessment roll is in his custody, and that unless said assessments are paid to said City Treasurer within thirty days from the first publication of such notice, the same will be delinquent and be collected according to law.

Sec. 10. It shall be the duty of the City Treasurer to report at the first meeting of the City Council held after such assessments become delinquent, to the City Council, what portion of said assessments have been paid, by whom paid, what portion is delinquent, together with a description of the lots and lands upon which said assessments are delinquent included within said local improvement district, together with the names of the owners, if known, and thereupon it shall be the duty of the City Attorney, under the direction of the City Council to enforce by proper proceedings the lien of such assessments upon the lots and lands in said local improvement district against which the assessments have not been paid.

Sec. 11. When assessments are collected by the City Treasurer the same shall constitute a special fund to be known as "Local Improvement District No. 27 Fund" and the same shall be applied in payment of the cost of the improvement herein provided for and to no other purpose and on presentation of any warrant or warrants drawn against said fund the treasurer shall take up said warrant or warrants drawn against the same out of any money in said fund, in the order of the issue of such warrants, or endorse on the back thereof the date and amount of any payment made if not paid in full.

Sec. 12. As soon as said grading is completed and accepted by said city it shall be the duty of the Mayor and City Clerk to draw a warrant or warrants in favor of the contractor, payable out of the special fund created by section 11 of this ordinance, for all that portion of the cost of said improvement assessed against the lots and lands in said local improvement district, which said warrants shall bear interest at the legal rate from and after the time when assessments herein provided for, become delinquent, and the City of North Yakima shall be in no manner liable for the payment of said warrants if it uses due diligence in collecting the assessments properly applicable to the payment of the same, and at the time of issuing the foregoing warrants the Mayor and Clerk shall also issue a warrant payable out of the Current Expense Fund for that portion of the cost of such improvement chargeable to the City under the provisions of this Ordinance.

Sec. 13. All assessments levied under the provisions of this Ordinance shall bear interest from and after the same become delinquent at the same rate as general municipal taxes.

Passed the Council May 6, 1901.

Approved May 9, 1901.

Attest—H. B. DOUST, City Clerk. O. A. FECHTER, Mayor.

"Nathan Hale" May 13th.

One of the principal events of theatrical interest for the closing season here will be the presentation of Clyde Fitch's beautiful play, "Nathan Hale." The complete outfit of scenery and costumes as seen during the play's long run at the Knickerbocker theater, New York, and Powers' theater, Chicago, will be presented here in its entirety. May 13th at Larson's.

"Nathan Hale" stands alone as a brilliant example of the representative American play. It treats of the life of the glorious patriot spy, who at the age of twenty-one faced death on the gallows without a tremor. His ambition found its noble climax in the sacrifice of his life for his country's good. He secured information which he conveyed to Washington that enabled that great general to frustrate the plans of the British. Although Nathan Hale paid the penalty of his patriotism with his life, he died bravely in the thought that he had served his country. "I only regret that I have but one life to lose for my country," his dying words—breathe an eloquence that few famous utterances of heroes can equal. The pathos of his untimely death is heightened by the fact that he left behind him a sweetheart, Alice Adams, for whom his love great as it was, still gave place in importance to his country's need.

The moving spirit of this great play, — Nathan Hale—will be interpreted by the brilliant young American actor, Howard Kyle, whom nature has endowed with the essential qualities for this role. This is the opinion of the author, Mr. Clyde Fitch, who is enthusiastic over the superb company that Manager W. M. Wilkison has brought together.

If you want a house moved or anything else that you can't handle yourself, see Jim Baker who makes that a business.

For President McKinley's reception in North Yakima, May 25th, the N. P. Ry. Co. announces a round trip rate of a fare and a fifth from fall points on the line between Roslyn and Pasco. Tickets will be on sale May 24th and good to return until the 26th.

"NATHAN HALE" MADE A HIT Marquam Grand Packed and Audience Enthusiastic.

(Special Dispatch to Tacoma Ledger.)
PORTLAND, May 7.—"Nathan Hale" and sanest and finest lesson in patriotism, was presented tonight at the Marquam Grand by Howard Kyle and an admirable company to a large and most enthusiastic audience and was received throughout with abundant demonstrations of great favor. It is one of the finest plays ever seen in Portland and Mr. Kyle and every member of his company scored a success.

The original Knickerbocker theater production was used and the ensemble fully met all the requirements. It was the universal verdict last night that "Nathan Hale" was a fine play, finely presented, and the engagement will be a memorable one in Portland. To Clyde Fitch belongs the distinction of having in "Nathan Hale" written the best revolutionary play.

FOR SALE—An 8-horse horizontal engine, in good running order. Enquire at Yakima Machine shops. 24-tf

Notice to Builders.

Bids will be received at the office of the secretary of the State Fair Commission, at 1 o'clock, Monday, May 13, 1901, for furnishing and building a 50 foot extension to the grand stand on the State Fair grounds, according to the plans and specifications which may be found at the office of the architect, A. E. Bissell.

T. B. Gunn, Secretary.

For Sale.

The Yakima Machine shop is now offered for sale. The size of ground is 50x140 feet. Main shop is 25x100 feet and in addition there are smaller buildings. The shop is fitted with a first class steam-power and have all the necessary tools as good as new. This is the only machine shop in the county and is doing an A 1 business. Reasons for selling are that other lines of business require all of our attention.

NO PASTURE FOR SHEEP.

A Million Must Leave Utah and Other States Won't Have Them.

DENVER, April 27.—Cattlemen of Colorado are preparing to resist an invasion of a million sheep from the state of Utah. At a conference between officers of the Colorado Cattle and Horse Raisers' association and traffic managers of the Utah railways yesterday a decision was reached that a district be set apart for sheepmen. They will be allowed to unload their sheep in no other part of the state for grazing purposes. The sheep district is in the high altitude of Leadville and comprises an area sixty miles long and forty miles wide. Aside from mine holdings, it is largely government land. The sheepmen may occupy it but no more than $\frac{1}{4}$ million sheep can be grazed there. It is not known what will become of the other $\frac{3}{4}$ millions sheep that must leave Utah to be saved from starvation.

W. S. S. May, superintendent of the government forest reserves in Colorado and Utah, is confident that the sheep must be kept out.

"Colorado," said he, "has the best water supply of any arid state in the Union. The water supply absolutely demands that no sheep or goat shall place his foot on any of the government forest reserves. Our wardens have been fully informed on this subject and will see to it that no sheep shall graze on forest reserves of Colorado."

Colonel May recently refused permission for a drove of sheep to pass through the Battlement Mesa reservation on their way to summer grazing.

It is estimated that Utah has 5 million sheep. The ranges of the state have in many places been obliterated by the trampling of the sharp hooved animals, and already, it is claimed, many sheep are dying for lack of food. Large droves have been sent into Idaho, but pasture in that state cannot meet the immediate demand.

E. P. Snow, secretary of the state board of sheep commissioners of Wyoming, says no Utah sheep will be permitted to enter Wyoming, as the state has 5 million sheep of its own, and the capacity of the grazing grounds is more than taken up.

Edward's Salary.

London is discussing the King's salary. By act of Parliament he will receive an annual stipend of \$2,500,000, a very respectable consideration as compared with that of the President of the United States.

Mr. Labouchere, the doughty editor of Truth, caused the first shock to the Londoners. He was the only member of the committee who had the audacity to question the advisability of paying the sovereign such a sum. Even his efforts to have the matter discussed in committee were fruitless. Only his published statements have been instrumental in raising a cloud of defenders for the King and the regular salary.

Some of the reasons advanced are amusing to Americans. One is the large cost of the "shows" which he is compelled to make on state occasions. Openly, and apparently without a shade of hesitation, some papers put forward the

argument that the vulgar crowd must be amused. Summed up, the arguments sound about like this: "Give them something to look at and they won't cause any trouble."

How like the days of Rome in her decline. How like the old circus which the Caesars used to provide. There is not so much difference between the action of the Britishers and the later Roman Senators who voted sums for the pleasures of the people.

Another reason advanced is just as amusing. Vote the money so that the King will be good. Be liberal with the King and he will not get fractious. Let him remain a figurehead and pay him well for doing so. Don't worry him or he may see what there is really to be done in his position.

And so the whole thing is a game of you tickle me and I will tickle you.—St. Louis Republic.

Mineral Rubber in Utah.

There has been found in Utah a large deposit of a curious substance, which, so far as is known, exists in no other place in the world, and to which the name of "mineral rubber" has been applied. It is a semi-elastic substance similar to elaterite. The India Rubber World states that a prominent rubber house of Boston has made extensive tests of it and now offers it to the trade as a substitute for rubber in cheaper grades of goods. This mineral rubber under qualitative analysis shows itself to be a pure hydro-carbon, the molecules of which are built up in series precisely similar to those of crude rubber. It is wholly neutral, free from sulphur and acids, and under heat does not throw off any vapors which might cause porosity. An interesting point about the remarkable substance is that the melting point, hardness, ductility and resistance of the product can be regulated at will, points of great importance when the wide range of rubber compounds are considered.

Up to the present its use has been confined to boots and shoes, but it has never been tried for pure gum goods, such as elastic bands. Vulcanized samples of goods made of reclaimed rubber and mineral rubber, and of a great variety of rubber compounds, where from 15 to 20 per cent of crude rubber has been taken out and mineral rubber substituted, have been tested without showing any apparent loss either in elasticity or durability.—Ex.

WASHINGTON LETTER.

(From Our Regular Correspondent.)

WASHINGTON, May, 3, 1901.

It was idle for republicans to deny that this administration is unfriendly to the rich corporations, in view of the donation it is now openly accepting from them. The McKinley excursion train will cost not a cent less than \$50,000—probably considerably more—and it is being accepted as a gift by Mr. McKinley and his fellow travelers. Yet, officers in the Philippines are being tried by court-martial for exacting bribes of a few thousand dollars from army contractors. There is not even a pretense that any person in the McKinley train is paying a cent for his trip. The Pullman monopoly furnishes the cars, and each railroad over which it passes furnishes the motive power and the eatables, drinkables, etc., during its transit over its lines, and the bill of fare is as good as that furnished by the most expensive hotels. No man of ordinary intelligence believes that corporations give away money without exacting its return in favors of some sort. Mr. Mc-

Kinley knew that when he accepted this donation that he incurred an obligation to the donors which would sooner or later have to be met, and the intelligent people of this country knew it, too, and will doubtless express their opinion of the transaction, at the polls, when their next opportunity comes.

Has the supreme court agreed to decide Porto Rico to be a part of the U. S.—that the constitution follows the flag—and that the Porto Rican tariff bill was unconstitutional? Many lawyers believe it has, and that the decision will not be handed down until next December, when Congress will be in session, because to hand it down before would be to make an extra session of Congress necessary. It is thought that this is fully known to the administration, as Solicitor General Richards, who knew the rule of the U. S. Supreme court that only citizens of the U. S. can become members of its bar, made the motion to admit Frederico Degetau, resident Porto Rican commissioner, to practice before that court. The motion was granted. Previously the president of the Civil Service Commission had decided that citizens of Porto Rico were citizens of the U. S.

A Congressional party, largely made up of democrats, have arranged to go to the Philippines on the U. S. Transport Engless, which will start from New York in a few weeks, to be gone about four months. The party will consist of Senators Bacon, of Georgia; Harris, of Kansas; and Turner, of Washington, and Representatives Smith, of Illinois; Gaines, of Tennessee; Mercer, of Nebraska; McCleary, of Minnesota; Dinsmore, of Arkansas; De Armond, of Missouri, and Burleson, of Texas.

The members of the River and Harbor committee of the last House and their wives are going to imitate the McKinley excursion in a small way by making a junket to the Pacific coast, via the gulf ports of Texas, and as they announce that their junket is not to cost the government anything, the bills are probably to be footed by the same parties—the obliging railroads. The alleged object of this junket is to inspect ports. That is a good scheme, too, as it induces boards of trade and other commercial bodies of towns having harbors in need of improvement to stir themselves in properly entertaining the inspectors and their wives, thus making sure that the junketers will not have to spend their own money. It is not within the bounds of probability that any one of these junketers will acquire any information about the harbors that he personally inspects—from the deck of a steamboat or the window of a hotel—that could not have been acquired just as well, and from the same parties in the committee room at Washington, but "personal inspection" furnishes the excuse for the junket.

Voters to Nominate Directly.

Minnesota's election in the coming fall will present a feature of general interest in the first application of its new Direct Primary law. This law has been so successfully tested in the municipal elections at Minneapolis that its broader application has been arranged with high hopes.

Under the new provisions the voters of the State will nominate directly without the interposition of party primaries or conventions, candidates for all local, county, legislative, congressional and minor judicial offices. In time, if the

TELEPHONE 36,

law works its expected benefits, the state executive offices will be included in this list.

Nominations are to be made on one of the registration days, which will be set seven weeks before the election. Each voter will select before the regular judges of election his party ticket, containing the names of all proposed nominees, and will mark his choice of candidates. Thus on the same day all party tickets will be filled out by popular action. No wire-pulling is needed to secure places on the primary lists. A would-be candidate pays \$10 at the county auditor's office to be recorded for a local or county nomination; \$20 for an office to be voted for in two or more counties.—N. Y. World.

Rivers Under the Sea.

La Nature.

A few months ago, Mr. H. Bense, an English geographer, published an interesting study of streams of fresh water flowing beneath the surface of the sea.

Disasters to ocean telegraph cables first called attention to this subject. On several occasions, about 1895, a new and well made cable between Cape Verde and Brazil broke. Soundings were made to discover whether these breakings were due to the state of the sea bottom and it was found that the place in question was near the submarine mouth of a subterranean river. The alluvial material transported by this fresh-water stream encountered the cable and finally succeeded in breaking it. The fact is that a river that flows into the lagoons of Yof, on the coast of Senegal, is finally lost in the sand. It undoubtedly has taken its invisible course to the sea, and it is this river that has been discovered in the deep hollow of more than 1,300 meters (4,270 feet) that is traversed by the Brazilian cable. Also, while the cable was being repaired at a point twenty-four kilometers (fifteen miles) from the shore the repair ship was surrounded one day by orange skins, calabashes and bits of cloth which could not have come from the mouth of the Senegal river, 140 kilometers (ninety miles) distant.

First St., N. Yakima.

A Fable.

An eagle on his lofty perch on Liberty Mountain saw a sparrow on an island below sorely beset by a cruel hawk.

The little bird was plucked and bleeding in the claws of its merciless foe. Suddenly the eagle emitted a cry of anger and warning, and screamed:

"The sparrow is, and of right ought to be, free and independent."

And he notified the hawk that if he did not at once release his prey and quit the island he would forthwith eject him with beak and talon.

At the same time the chivalric Eagle proclaimed to all the birds of the air and beasts of the field that his only purpose in interfering was the salvation of the sparrow, and that as soon as the piratical hawk was driven off forever he would leave the government and control of the island to its native birds.

After a short but sharp fight the hawk was whipped into the semblance of a pigeon, and defeathered and crestfallen, took his departure for his own land.

Did the eagle then keep his promise? Or did he say to the sparrow: "You must permit me to boss your next building—to say what company you shall keep—and give me a permanent roosting place in your tree; in short, you are to be free only to the length of my leading string?"

It remains to be heard just what the eagle finally said to the sparrow.—New York World.

Two of a Kind are These.

Newspaper readers of the past ten days have no doubt noticed the similarity of headlines, in even the most conservative of newspapers, referring to the president of the United States and the emperor of Germany. In the same issue of one of the prominent republican newspapers of the United States recently appeared a heading: "Will Suppress Papers Criticizing McKinley." On another page of the same paper is a heading: "German Newspapers Are Warned Not to Criticise the Kaiser."

A few days ago La Discussion, a newspaper published in the city of Havana, printed a cartoon symbolizing the Cuban view of that country if they were forced to submit to the Platt amendment. The cartoon which caused General Wood to suppress the newspaper publishing it represented the Cuban people in the person of a Cuban soldier being crucified between President McKinley and General Wood, while Public Opinion wept at the foot of the cross. The cartoonist pictured Senator Platt offering vinegar and gall to the dying soldier. Underneath the cartoon were the words, "Destiny will not reserve for us a glorious resurrection."

Not only did General Wood suppress the newspaper criticising the president, but its editor and the cartoonist were both arrested on criminal charges, and will be prosecuted before courts appointed by the president and under laws provided by the president.—Houston Post.

Worship of the Golden Calf.

Here are two extracts from recent editorials in the Tacoma Ledger:

"That the vast accumulation of money in the hands of a few is the chief peril confronting this country is hardly to be denied by any thoughtful student of events. It narrows opportunity, centralizes power and creates classes. To create classes is to bring into existence class hatreds."

"In this age, when money has become a god, and is worshipped as grossly as

A Country Lass,

Health in her beaming eyes, health in her glowing cheek, health in her merry laugh. Yet country air and country hours can't save her from the common experience of women—an experience which dulls the eye, pales the cheek, and turns the laugh to a sigh. Womanly ills come to almost all. The most severe and painful of the diseases which affect the delicate organs usually attain their severity through neglect or through the unskillful treatment of local practitioners. Young women should be warned that irregularities and debilitating drains are only the precursors of more serious trouble if proper treatment is not obtained. Disease never stands still. The deeper rooted the disease the more difficult the cure.

Dr. Pierce's Favorite Prescription has been the means of curing thousands of women, many of them in the last extremity of disease. It is a medicine for woman's ills which does what it was made to do and never disappoints any woman who gives it a fair and faithful trial. *It always helps. It almost always heals.*

"Favorite Prescription" regulates the periods, dries enfeebling drains, heals inflammation and ulceration and cures female weakness. It makes child-birth easy and gives strength to nursing mothers.

There is no alcohol in "Favorite Prescription" neither does it contain opium, cocaine, or any other narcotic.

Women suffering from chronic forms of disease are invited to consult Dr. Pierce by letter free, and obtain the advice of a specialist in the treatment of woman's diseases. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Miss Ella Sapp, of Jamestown, Guilford Co., N. C., writes: "I had suffered three years or more at monthly periods. It seemed as though I would die with pain in my back and stomach. I could not stand without fainting; had given up all hope of ever being cured, when one of my friends insisted upon my trying Dr. Pierce's Favorite Prescription. With but little faith I tried it, and before I had taken half a bottle I felt better—had better appetite and slept better. Now I am happy to say I am entirely cured, and all done in two months' time, when all other medicines had failed to do any good at all."

Dr. Pierce's Pleasant Pellets are woman's favorite laxative. They are small in size, the dose is small, and their benefit is not transient but permanent.

the hosts of Israel bowed to the golden calf, there is comfort in knowing there are still people who think with the singer that a good name is rather to be chosen than great riches."

Such sentiments are surprising in a republican paper, and especially in such a rabid one as the Tacoma Ledger.

For the whole philosophy of the party can be concentrated into the two words—"Get money." Its leading men defend those "vast accumulations of money in the hands of a few" and the centralization of power, and call those who talk of "narrowing opportunities" "calamity howlers," and designate the "people who still think with the singer that a good name is rather to be chosen than great riches" as "visionary theorists and dreamers." Its own party is the champion and main support of those things which the Ledger laments in the two editorials from which the foregoing extracts are taken.—Mt. Vernon Argus.

King Edward's Wide Domination.

The British possessions in North America and the West Indies are larger than the territory of the United States in America, including Porto Rico and Alaska. In the North American continent alone King Edward's possessions are nearly 100,000 square miles larger than those of the United States, and taking in the West Indies and Newfoundland, more than 200,000 square miles larger. No man ever before reigned over an empire so great as King Edward's. The empire to which Victoria acceded in 1837 covered one-sixth of the land surface of the globe; the empire to which King Edward has acceded covers nearly one-fourth. It is 53 times as big

as France, 52 times as big as Germany, 3½ times as big as the United States without Alaska and the island possessions, and three times as big as continental Europe.—Ex.

STATE PRESS OPINION

Everyone should do every thing in their power to make Mr. McKinley have a pleasant time here when he comes. Forget your politics and honor the office. —Tacoma Sun-Democrat.

The kindly disposed republican editors, who manifest such a deep interest in the welfare of the democratic party, between campaigns, are still busy trying to prove that Bryan is losing his influence and that his party is a failure. They are wasting their time, and their eagerness to have Bryan retired from politics simply proves how much they fear him. —Colfax Commoner.

The desire to make "easy money" regardless of conscience and consequences, is responsible for the suicide of the two Vancouver bankers. When the world will treat with contempt the man who acquires wealth by means other than honest conscientious effort a better condition of society will prevail; but so long as the "gold that gilds the straightened forehead of the fool" is the one end and aim of life just so long will society suffer from the evils that naturally and inevitably follow. —Montesano Independent.

The Argus doesn't like President McKinley's refusal to receive the many people here who wish to meet him. If he feels too good to shake hands with us he should remain away, and if hand-shaking is too painful an operation to be born, he should wear a cast-iron glove. Either would be better than to give out the impression that he is "McKinley the First and Emperor of the Islands of the Sea," as senator Pettigrew dubbed him. Walla Walla Argus.

Lockouts, strikes, bank failures, trusts, combinations and marked unrest among the industrial classes is now the order throughout the eastern states. Much of this class of news is suppressed by the associated press and other news agencies under corporation control, hence the people on this coast do not get at the actual facts now existing. There will be hell to pay bye and bye. —Vancouver Register.

An exchange asks: "Why is a newspaper like a wife?" These various answers have been given: "Because both have been appreciated." "Because it has to have something to run it." "Because it changes its dress." The correct answer is: "Because every man should have one of his own and not run after his neighbors." —Ex.

A rustic couple in Iowa got married a short time ago and boarded a train for a wedding tour. Strolling into a Pullman sleeping car the groom said to the porter in a confidential tone, "Mister, me and my wife got married and we are looking for the best accommodations this train has." "Looking for a berth, I suppose," said the dusky son of ham. "A berth! Thunder and lightning, no! We just got married. We only want a place to stay all night." —Ex.

An editor works 365 1/4 days per year to get out fifty-two issues of a paper—that's labor. Once in a while somebody pays him a year's subscription—that's capital. And once in a while some dead beat takes the paper for a year or two and vanishes without paying for it—that's anarchy. But later on justice overakes the last names creature, for

there is a place where he will get his disserts—that's hell. —Ex.

Charles A. Towne said in regard to Aguinaldo's proclamation: "It is clearly the utterance of a man who yields to force only, and, considering the occurrences of the past two years, it constitutes one of the most pathetic incidents in history. I see nothing in the proclamation on which to base any imputation on the good faith of Aguinaldo. There is, however, an expression that somewhat alters my opinion of his astuteness, based on his previous conduct. He says that the Filipino people will, under the sway of the United States, obtain all 'promised liberties.' He cannot have forgotten the assurance of Gen. Anderson in 1898 as to the justice with which our allies with Spain would be treated, or the solemn promises of the benevolent assimilation. One thing should be borne in mind—the surrender of every hostile force in the Philippines and the absolute acceptance of our dominion throughout the archipelago does not dispose of the question involved in the acquisition and government by this republic of distant colonial dependencies. Wrong as the policy is, and cruel as it is against the Filipinos, it is infamously more wrong and cruel from the standpoint of the welfare of the United States.

Reflections of a Bachelor.

On every page of a girl's diary love is 'most as big as the map of Asia.

No man can be said to have really lived till he has seen a woman try to kill a moth with a hair brush.

You never see anything sadder in life than the husband of a woman who has a theory that men have to be "managed."

The only kind of a woman that makes a good wife is the kind that makes a good husband.

The first month he is married a man looks as tickled every time he kisses his wife as a baby does when a woman has got four of its toes in her mouth and is pretending to eat them.

There's a lot more baby talk talked to husbands than there is to babies anyway.

When you see a man carrying a market basket before 9 o'clock in the morning, it is either a case of love or else softening of the brain.

No woman ever wishes she was a man unless she has failed to be a woman. —New York Press.

Wouldn't Stand For It.

The women of a Kentucky church had 5,000 cook books printed, containing the favorite recipes of the ladies of the congregation. Two thousand of them had already been sold before the clergyman discovered that it contained recipes calling for "a half pint of sherry wine" and "a half pint of best whiskey." He now says the remaining 3,000 must not be sold unless the objectionable recipes are marked with red ink as a lurid warning. Most people will consider that he displays an unnatural disregard of the interests of Kentucky and of the principles for which she stands. —Ex.

"A Scrap of Paper."

After much work the High school is at

last almost ready to present, "A Scrap of Paper." On Friday evening May 17, the public will be entertained by this highly pleasing drama. A few words of explanation of the play may be necessary;

Prosper Couramont, the star, has just returned after a three years tour of the globe, only to find that Louise, a lady whom he ardently admired, the wife of the Baron de la Glaciers. In an interview he finds that she had written a note to him the night before his departure not having received which he failed to answer. Taking offense at the slight, she had been married, and the note had remained in the statuette of Flora where she had placed it for him the night before his departure. The note is now discovered and various wanderings and happenings of this "Scrap of Paper" form the main feature of the play. The proceeds will go for the benefit of the High school.

THE NEW YORK WORLD.

Thrice-a-Week Edition—Almost a Daily at the Price of a Weekly.

The presidential campaign is over but the world goes on just the same and it is full of news. To learn this news, just as it is—promptly and impartially—all that you have to do is to take a look in the columns of The Thrice-a-week Edition of the New York World which comes to the subscriber 156 times a year.

The Thrice-a-Week World's diligence as a publisher of first news has given it circulation wherever the English language is spoken—and you want it.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year. We offer this unequalled newspaper and THE YAKIMA DEMOCRAT together one year for \$1.65.

The regular subscription price of the two papers is \$2.00.

CITY COUNCIL MEETING.

An Unusually Interesting Session of the City Dads, at Which Much Important Business Was Transacted.

Council met Monday evening in regular session, the mayor, clerk and all members being present.

The new arm chairs ordered by the last session of council were in evidence, and expressions of complacency marked the features of the various councilmen as they settled down to business in a most happy frame of mind.

A petition was read from draymen to have their license fees refunded, on account of other drays running without payment.

Police Judge Taggard reported the collection of \$272.50 in fines for the month of April.

Street Commissioner Chappell reported the collection of 122 poll taxes, and various street improvements.

City Sexton Carvoso reported seven burials for April.

City Marshal Boyle reported 101 arrests, 128 meals furnished prisoners, 29 animals impounded, and various other matters pertaining to his official duties, including a request of chief police of Washington, D. C., to secure the protection of the president while visiting North Yakima.

The committee on fire and fire limits reported, reiterating the demands made in their last report for seven additional fire plugs in various parts of the city, was on motion of Hall adopted, and the water company instructed to place the hydrants in the various locations mentioned in the report.

The committee on streets and ditches, as a committee on assessment of damages against various property owners for laying sidewalk on Moxee avenue, and for grading on east Yakima avenue, were read and carry with them the payment for construction to contractors, D. A. Ball and Wm. McKivor.

The following bill claims against the city were allowed and warrants ordered:

J Baker, unloading rock crusher and roller.....	\$ 10 00

Vestal Snyder, sup court costs.....	6 55

A resolution relating to the payment for construction of the sub-sewer on Sixth street, and giving notice to property owners setting a date for hearing objections to assessment was unanimously passed.

An ordinance was introduced and on motion of Councilman Weed laid on the table, providing for the repeal of the ordinance relating to dray licenses.

The ordinance providing for the licensing of bicycles in the city at \$1.00 each, was read the third time and Councilman Reed approved the motion, stating that he would grant the bicycle club right to collect all the money they could and expend it as they please. An amendment by this councilman that the ordinance be laid on the table, was lost and the ordinance passed, Shaw, Reed and Donald voting in the negative.

An ordinance for the improvement and grading of Natchez avenue from the Union ditch waste ditch to the northern boundary of the city, was read and on final passage secured the unanimous vote of the council.

An ordinance for the construction of a sidewalk on South Third street, was passed, over the protest of A. J. Johnson and wife, Sinclair, Reed and Donald voting no.

A remonstrance was read from residents of Moxee avenue, protesting against the proposed grade improvement of that thoroughfare. City Surveyor Marble made a statement to the council in the matter, and it went over for further consideration.

A communication from J. E. Mulligan tendering his resignation as night watchman was accepted, but no successor was elected to fill the place.

Warrants were ordered drawn in favor of the city treasurer for payment of semi-annual interest on funding and sewer bonds.

The clerk was instructed to draw warrant in payment for freight on street roller and rock crusher.

It was decided that the sprinkler should be hired to wet down Sixth street and the same will be rolled with the new roller.

The committee on streets and ditches reported accepting the Sixth street grade, and a resolution was adopted accepting the report and ordering the payment for same.

Specifications for the macadamizing and improvement of Yakima avenue were read as submitted by the city engineer, and after amendment were adopted. Mr. Burlingame addressed the council regarding the proper way of laying the foundation for the proposed improvement, and gave his opinion as to

the best manner in which the work should be prosecuted.

The clerk was instructed to readyvertise for bids according to the amended specifications, and on motion of Weed a special committee, with the mayor as chairman, was appointed to have particular supervision of the work of construction. As members of the committee, Messrs. Weed and Donald were appointed. Mr. Donald, on request, was relieved temporarily from his position on the committee on streets and ditches and Councilman Sinclair appointed in his stead.

Mr. Weed offered a motion to allow councilmen \$5 for attendance upon each meeting, and the city attorney was instructed to draft an ordinance to that effect. The attorney stated that the ordinance will not take effect until after the next election, and he was doubtful of the authority of council to pass a law of this nature for cities of this class.

D. A. Ball's bid for the construction of the sidewalk on Third street at 37 cents per foot, was accepted.

On motion of Donald an assistant to the city marshal, to be selected by the mayor, to act as poundmaster and dog-catcher, at a salary instead of paying by the head, was authorized.

A long discussion was indulged in by all the council, the mayor, attorney, marshal and street commissioner as to the best method of enforcing the ordinance relating to abating nuisances. Hall stated that J. A. Thomas had offered the old park grounds on the river for a dumping ground for city refuse, for the sum of \$250. On motion of Weed, the mayor was instructed to purchase this ground, provided it proved the outlet of the city sewer and that the title is good.

Hall stated that the postal department had signified its readiness to commence the free delivery of mail as soon as the houses were properly numbered, and on his motion a committee consisting of Hall, Allen and Reed was appointed to take charge of the matter.

It was decided that where the city limits and county roadways come together in the center of highways, each will select an equal number of men to work together in keeping the roads in good condition.

The council then on motion adjourned.

President McKinley...

Will visit North Yakima Saturday, May 25th. It is possible that while here he will make his headquarters at the

North Yakima Drug Store.

We therefore invite all our friends to call and see us that day and look over our stock.

LOCAL AND PERSONAL

Dr. P. Frank left for a few days' visit to the Sound Thursday.

The Christian Scientists are building a neat frame church on Third street, between A and B.

Claude Briggs who has been on the sick list for several days, left for the Sound Thursday to recuperate.

The Riverside band of Prosser gave a public entertainment in that town under the direction of Prof. Nagler last Saturday night.

Mrs. Johnson of Portland who has been the guest of her daughter, Mrs. McDonald, for the past month, left for her home Tuesday.

Dr. Updyke will leave in a few days for Washington City, where he expects to take an examination for dental surgeon in the U. S. army.

Court Commissioner Howlett on Wednesday held Peter Tanner and Wade Edgerton to answer before the U. S. court at Seattle to the charge of selling liquor to Indians.

H. Henker the business partner of the missing Dr. Lindsey is in the city, having arrived last Monday. He says that Dr. Lindsey will return here in a few days to stand trial.

Hon. Nelson Rich was in the city Thursday. Mr. Rich is engaged in grading in the different yards along the line of the N. P. At present he is laying a new sidetrack at Simcoe.

Hon. Edward Whitson has been in Seattle all week for the purpose of delivering a course of lectures on "Irrigation Law" to the students of the law department of the state university.

Wm. McKivor, having completed his grade contracts in North Yakima, took his gang and outfit to Yakima City Wednesday morning, where he has a ditching contract which will take about three weeks to complete.

A. E. Howard has been awarded the contract for constructing the new business block of Ditter Bros. on Yakima avenue, the price being \$11,100. The contract for the Miller building adjoining has not yet been let, but construction will go hand in hand with the Ditter building.

Robt. Kershaw sr. started Tuesday for San Bernardino, Cal., having received the information that his sister had died in Iowa and the remains would be brought to San Bernardino for interment. He will probably remain for a while with his son Albert who is spending the summer there.

The new 10 ton street roller was set to work on two newly graded streets Thursday and the machine worked most satisfactorily, leaving the surface both smooth and hard. East Yakima avenue and Sixth street the two thoroughfares thus treated now present a very pleasing appearance to the eye.

The names of Rev. H. M. Bartlett and A. S. Dam are most frequently mentioned in connection with the office of school director at the election to be held today. D. M. Shanks the retiring member of the board, has positively refused to allow his name to be used. For the office of clerk E. G. Peck the present incumbent is not likely to have opposition as it is generally conceded that he has made a most satisfactory official.

Notice of Assessment.

ASSESSMENT ROLL OF LOTS AND lands in Local Improvement District No. 22 as created and established by Ordinance No. 300 entitled "An Ordinance establishing a Local Improvement district for grading Sixth street in the city of North Yakima, Washington, and providing for the construction of such grade and for the assessment of the cost thereof on the property benefited by such improvement, and for the collection of such assessment," approved on the 18th day of December, together with a description of each lot or parcel of land, the name of the owner, and the amount of the assessment against each lot or parcel of land. All of said lots and lands being in the City of North Yakima, and Huson's Addition thereto, according to the plat thereof on file in the office of the County Auditor of Yakima County, Washington.

Sheriff's Notice of Sale of Real Estate.

In the Superior Court of the State of Washington, for the County of Yakima.

The City of North Yakima, a municipal corporation, Plaintiff,

vs.
T. B. Denning and
Denning, his wife,
Defendants.

Under and by virtue of a special writ of execution, decree of foreclosure and order of sale, issued out of the said Superior Court in the above entitled action, on the 1st day of May, A. D. 1901, wherein the City of North Yakima, a municipal corporation, plaintiff, recovered judgment and decree of foreclosure in said court against T. B. Denning and Denning, his wife, defendants, on the 30th day of April, A. D. 1901, for the sum of \$20.30, and the further sum of \$50.00 attorney's fee and costs of suit taxed at \$20.40; with interest on said amounts at the rate of 7 per cent. per annum from the date hereof until paid, and increased costs, commanding me to make sale thereof according to law; and whereas, the said judgment is a foreclosure of a Lien for Street Grading on the following described property, to-wit:

Lot No. 3 and Lot No. 4, in Block No. 232 in the City of North Yakima, according to the plat and survey thereof of record in the office of the County Auditor of said Yakima County, State of Washington, to-wit: said sums aggregating \$45.55, is a lien on said lot 3, an \$45.55 is a lien upon said lot 4.

Notice is hereby given that on Saturday, the 1st day of June, A. D. 1901, at the hour of 1:45 p. m. of said day, at the front door of the Court House in said Yakima County, Washington, I will, in obedience to said execution, decree of foreclosure and order of sale, sell at public auction the above described property, or so much thereof as may be necessary to satisfy said judgment liens respectively, and decree, with interest thereon, attorney fees, costs and increased costs, to the highest and best bidder for cash, lawful money of the United States.

Dated this 1st day of May, A. D. 1901.
H. L. TUCKER, Sheriff.
By J. W. Sindall, Deputy.
Vestal Snyder, City Attorney.
Date of first publication, May 4th, 1901.

Sheriff's Sale of Real Estate.

In the Superior Court of the State of Washington, for the County of Yakima.

The City of North Yakima, a municipal corporation, Plaintiff,

vs.
A. L. M. Hoeret and Lena
Hoeret, husband and wife
Defendants.

Under and by virtue of a special writ of execution, decree of foreclosure and order of sale, issued out of the said Superior Court in the above entitled action on the 2nd day of May, A. D. 1901, wherein the City of North Yakima, a municipal corporation, plaintiff, recovered judgment and decree of foreclosure in said court against A. L. M. Hoeret and Lena Hoeret, husband and wife, defendants, on the 2nd day of May, A. D. 1901, for the sum of \$4.24, and the further sum of \$50.00 as an attorney's fee, and costs of suit taxed at \$20.20, with interest on said amounts at the rate of 7 per cent. per annum from the date hereof until paid, and increased costs; commanding me to make sale thereof according to law; and whereas, the said judgment is a Lien for Grading Improvements on the following described property, to-wit:

Lot No. 24 in Block No. 49 in the City of North Yakima, in the County of Yakima, State of Washington, according to the plat and survey of said City of record in the office of the County Auditor of said Yakima County.

Notice is hereby given that on Saturday, the 1st day of June, A. D. 1901, at the hour of 1:55 p. m. of said day, at the front door of the Court House, in said Yakima County, Washington, I will, in obedience to said execution, decree of foreclosure and order of sale, sell at public auction the above described property, or so much thereof as may be necessary to satisfy the said judgment and decree, with interest thereon, attorney's fee, costs and increased costs, to the highest and best bidder for cash, lawful money of the United States.

Dated this 2nd day of May, A. D. 1901.
H. L. TUCKER, Sheriff.

Fish of all kinds Fish

Having purchased the Puget Sound Fish Market of John Miller, I take this method of informing the public that I propose to keep in stock only the best quality of goods to be had and always fresh. Fish of all kinds. Fresh, Pickled and Salt Oysters and Clams. The only Fish Market in the city.

S. H. Mason,

Front St. North Yakima.

Ordinance No. 311.

An ordinance establishing a local improvement district for the constructing of a sidewalk in the city of North Yakima, Washington, and providing for the construction of such sidewalk and for the assessment of the cost thereof on the property benefited by such improvement and for the collection of such assessment.

Whereas, the City Council has heretofore, by resolution duly passed, declared its intention to improve a certain street in the city of North Yakima, in said resolution particularly described, by the construction of a sidewalk thereon; which resolution was duly published as by law required; and whereas, the owners of property affected by said proposed improvement have not filed any protest against the same, as provided by law and said resolution; and the time for filing such has expired; and whereas, the city council, by resolution duly passed, voted to proceed with said work and improvement; now, therefore,

The City Council of the City of North Yakima do ordain as follows:

SEC. 1. That for the purpose of making said improvement, and assessing the cost thereof on the property benefited, a Local Improvement District to be known as Local Improvement District No. 23, is hereby created and established including within the limits thereof the following described lots and parcels of land, to-wit: Lots 13, 14, 15, 16, 17, 18, 19, 20, 21 and 22 in block 51; lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 and 16 in block 52; lots 1, 2, 3, 4, 5, 6, 7 and 8 in block 53.

SEC. 2. That the west side of Third street in said city be improved by the construction of a sidewalk in front of said lots and lands between the northeast corner of lot no 13, block No. 51 and the northeast corner lot No. 9, block No. 53, according to said plat, and that said sidewalk be constructed in the following manner, to-wit: Said sidewalk shall be eight feet in width and laid with plank two inches thick and eight inches wide and eight feet long, resting on three stringers four inches by six inches, and laid on the same grade as now located and marked out by the grade stakes and notes of the city engineer, all material used to be good common fir lumber.

SEC. 3. That the cost and expense of the construction of said sidewalk shall be taxed and assessed against all the property in the local improvement district established by section one of this Ordinance, which cost shall be assessed in proportion to the number of feet of said lots and lands fronting on said sidewalk and included in said improvement district and in proportion to the benefits derived by the construction of said grade; provided that expense of constructing said sidewalk in the space formed by the junction of two or more streets or where one street terminates in another and of street crossings shall be paid by the City of North Yakima.

SEC. 4. That the Committee on Streets and Duties of the City Council of the City of North Yakima are hereby constituted a Board of Assessors for the purpose of assessing the costs and expense of the construction of said sidewalk on the several lots and parcels of land included in the improvement district hereinbefore established.

SEC. 5. That immediately upon the completion and acceptance of said sidewalk, when constructed, by the city council or its authority, it shall be the duty of the committee on streets and duties to subscribe and take an oath for the faithful performance of their duties as such assessors and proceed to assess the cost and expense of constructing said sidewalk upon the property in the local improvement district here established in proportion to the number of feet of lands and lots fronting on said sidewalk and included in said local improvement district, and in proportion to the benefit derived by the construction of said sidewalk. Provided that the cost of constructing said sidewalk in the space formed by the junction of two or more streets or where one street terminates in another, and of street crossings shall not be included in the cost assessed against the property included in said improvement district.

SEC. 6. It shall be the duty of the committee on streets and duties to prepare an assessment roll which shall contain a description of each lot or parcel of land included in said improvement district, together with the name of the owner, if known, if not to be so stated, and the amount of the assessment against each lot.

SEC. 7. On the completion of said assessment roll said committee shall forthwith file the same with the city clerk, and thereupon the city clerk shall cause the same to be published for two weeks in the newspaper doing the city advertising, together with a notice that said assessment roll is on file in his office subject to the inspection of all persons interested and that at the first regular meeting of the City Council after such last publication to be held on a day and hour named in said notice, any person feeling aggrieved by reason of such assessment may appear before the City Council with a view to the amendment of the same. The City Council at the time and place designated in such notice may amend and revise said list if necessary to render the same fair and equitable, and may raise the assessment without notice further than herein provided and may adjourn from time to time until the work of amendment and revision is completed.

SEC. 8. The City Clerk shall note on said assessment roll opposite each description any changes or amendment made by the City Council in such assessment and shall thereupon deliver to the City Treasurer a certified copy of said assessment roll as revised or amended by the City Council.

SEC. 9. Upon the receipt of the assessment roll it shall be the duty of the City Treasurer forthwith to publish notice in the newspaper doing the city advertising, for 2 consecutive weeks, that a certified copy of such

assessment roll is in his custody and that unless such assessments are paid to said city treasurer within 30 days from the first publication of such notice, the same will be delinquent and collected according to law.

SEC. 10. It shall be the duty of the City Treasurer to report at the first meeting of the City Council held after such assessments becomes delinquent, to the City Council, what portion of said assessments has been paid, by whom paid, what portion is delinquent, together with a description of the lots or lands upon which said assessments are delinquent included in the said improvement district together with the name of the owners, if known, and thereupon it shall be the duty of the City Attorney under the direction of the City Council to enforce by proper proceedings the lien of said assessments upon the lots and lands in said local improvement district against which the assessments have not been paid.

SEC. 11. When assessments are collected by the City Treasurer the same shall constitute a special fund to be known as "Local Improvement District No. 23 Fund" and the same shall be applied in payment of the cost of the improvement herein provided for and to no other purpose and on presentation of any warrant or warrants drawn against said fund the treasurer shall take up said warrant or warrants drawn against the same out of any moneys in said fund in the order of the issuance of such warrants, or endorse on the back thereof the date and amount of any payment made, if not paid in full.

SEC. 12. As soon as said sidewalk is completed and accepted by said city it shall be the duty of the mayor and city clerk to draw a warrant or warrants in favor of the contractor payable out of the special fund created by Section 11 of this ordinance for all that portion of the cost of said improvement assessed against the lots and lands in said local improvement district, which said warrants shall bear interest at the legal rate from and after the time when assessments herein provided for become delinquent, and the City of North Yakima shall be in no manner liable for the payment of said warrants if it uses due diligence in collecting the assessments properly applicable to the payment of the same, and at the time of issuing the foregoing warrants the Mayor and Clerk shall also issue a warrant, payable out of the current expense fund for that portion of the cost of such improvement chargeable to the city under the provisions of this ordinance.

SEC. 13. All assessments levied under the provisions of this ordinance shall bear interest from and after the same become delinquent at the same rate as general municipal taxes.

Passed the council May 6th, 1901; approved May 9th, 1901. O. A. FECHTER, Mayor.
Attest: H. B. DOUST, City Clerk.

Notice of Assessment.

ASSESSMENT ROLL OF LOTS AND lands in Local Improvement District No. 23, as created and established by Ordinance No. 307, entitled "An ordinance establishing a Local Improvement district for the construction of a sidewalk on the North side of West Yakima Ave. and west side of Kittitas Ave. in North Yakima providing for the construction of such sidewalk, and for the assessment of the cost thereof on the property benefited by such improvement, and for the collection of such assessment," approved on the 2nd day of April 1901, together with a description of each lot or parcel of land, the name of the owner, and the amount of the assessment against each lot or parcel, of land, all of said lots and lands being in the City of North Yakima, according to the plat thereof now on file in the office of the county auditor of Yakima county, Washington:
