Re: LLY Yakima Claims No. 160

Dear Sir:

Enclosed are transcripts of Oregon Superintendency, 1848-72  
together with abstract of scanning of Roll 5, Microcopy 2.

This series brings out many parallels to the Wanapum situation,  
and moreover there are some differences in letters and treaties that  
are more than ordinarily interesting, in fact, downright contradictions.

These letters on the memo tab sheets, are labeled "Important."

The Oregon Superintendency series letters are numbered and the  
page number is included on each typescript. This would facilitate  
a quick check of the original letter or microfilm of the letter,  
as contrasted to a hap-hazard way of organizing other series of  
letters I have scanned.

Sincerely
