Dear Friend Click:

Thanks for the clips. I suspect the passing of Mrs. Splawn may make a difference in the activities of the "istorical society, but changing the name of the museum will enable that organization to do everything in the historical field.

I am not sure how many sets of clippings will be usable. We can use a couple oursleves and I think others glad to get them would include: State Library, University, Spokane, State College, Gonzaga, C.P., Pacific Lutheran, Seattle Pacific, Seattle University, three normals, Whitworth. That list can be cut down, I don't know how many sets you can put together.

Glad you are including Lewis & Clark. We had a fine meeting in Spokane Saturday. All states in the same boat--no money to work with. It beats the Dutch how we can take early history for granted, ask people to do a job but give them nothing with which to do the job. I think we'll ask the Legislature to slip the Committee a few bucks.

Seasons greetings and a 1955 full of history and scoops..

Yours fraternally

CHAPIN D. FOSTER, Director
