

SPECIAL ANNOUNCEMENT

Just as this Notice of Annual Meeting was being prepared, word was received from Mr. Jack Wright, in charge of the State University's Community Development Program, that he will be able to attend our meeting and speak of the work of his department as it relates to the aims and objects of the Society. Mr. Wright's department is doing a great work, it has gone into some 30 cities and towns of Washington to direct a great "face-lifting" program. In this program there has always been a project having to do with the history of the community.

If our Society knows more of the work Mr. Wright's department is doing and as he knows more of what we are trying to do in the preservation of Washington history, we both gain. Mr. Wright is a very dynamic speaker; he has a message of particular importance to the Society; we are very fortunate that his schedule will permit his being with us on April 7th. Don't miss him.
