

On behalf of The Oregon Archaeological Society I gratefully acknowledge receipt of dues for which I am enclosing your 1955 membership card along with a wish that you will enjoy association with this group and participation in its activities.

The worth, integrity and success of the society and any pleasure or benefit to be derived from it are dependent entirely upon each member; We hope in this regard that you may be rewarded for your continued support and active interest in it.

Very respectfully your 1955 Sec Treas.
