WORK OF THE CITY COUNCIL

A Large Number of Improvement Ordinances up for Consideration.

The city council met Monday night with the following members present: J. C. Liggett, E. J. Wyman, A. L. Aikin, W. J. Reed, E. O. Keck and A. J. Shaw. In the absence of O. A. Fechter Councilman Shaw acted mayor pro tem.

A liquor license was granted to Andrew Johnson in his front street saloon. An ordinance granting to the North Yakima Canning company a franchise to construct a side track from the Northern Pacific railway west along Spruce street to the site of the new plant was passed to the third reading. Council thought it best to lay this matter over so as to hear from the manager of the canning company who has not yet appeared personally to any of the councilmen relative to the franchise. It will be taken up at next meeting for final consideration.

The ordinance for vacating the 20 foot strip in front of the Naches addition along Seventh street came up for action and after passing first reading was laid over till the next meeting. Attorneys for J. F. McNaught, representing eastern capitalists in the interest of the electric road for this valley, presented a supplemental ordinance for a franchise of the city. The original ordinance is not satisfactory to those interesting themselves in the construction of the road and this new ordinance was prepared to take its place. The difference in the two is said to be only on technical points raised by the parties in the east and the new draft does not carry with it any fuller privileges.

Two ordinances for the grading of North and South Fourth street were passed, but advertising for bids for this work will be made for a month yet. The ordinance for a side walk on the south side of Yakima avenue from Moxee avenue westward to the city limits was passed and the city clerk was authorized to advertise for bids for construction of the same.

A petition from the residents of that part of Ahtanum avenue between Yakima avenue and B-street north was presented asking council to request the water company to lay a main on that part of the thoroughfare. The petition was referred to committee on public improvements with the instruction to report at the next meeting.

Three laid over bills came up for consideration and two of them were ordered paid, to wit: E. C. Burlingame for improvements to the stone crusher, \$37.17; S. E. Braden \$97.25 for sprinkling the streets during the week of the state fair. Young McWaters, a member of the fire company, presented a bill for injuries received while working at M. Schorn's new residence on north Naches avenue. The bill only amounted to \$17, but it was laid over for further consideration. Some members of the council thought it ought to be paid as an old ordinance provided for such reimbursements. Acting Mayor Shaw thought it would be a bad precedent to commence the payment of such claims at the present time, as the city is now threatened with suit of several thousand dollars for injuries received by one of the firemen while looking after the fire team.

Councilman Reed brought up the matter of selling 20 of the 40 acres of the new addition to Tahoma cemetery. This 40 acre tract was purchased last summer from W. I. Lince at \$150 per acre on long time and possession was not to be given till the first of the year. The land has not yet been platted into burial lots, but it will be as soon as possession is secured for lots are now so scarce in the old cemetery that the Odd Fellows, who own a number of the original lots, have been selling to those who are not members of the lodge. The Catholic church wants to acres of the new tract and is now ready to make the purchase. The whole question was referred to the committee having the matter of cemeteries in charge and it is to make a report at the next meeting.

The city marshal was directed to turn the water off the memorial fountain during the rest of the winter to prevent the possibility of it freezing and injuring the stone work.

New Cases.

Granville Boyd vs. Isaac Hayes, appeal from justice court; Puget Sound National bank of Seattle vs. E. G. Hutchinson, debt; H. B. Doust and C. E. Lum partners as Doust & Lum vs. Fred Kuhn, debt; same parties vs. Fred Kuhn and the First National bank, garnishment.

Warden John B. Catron of the penitentiary came in from Walla Walla Wednesday morning. Mr. Catron says he has not been officially notified that he is to lose his place January 1, but he presumes the report is true. He has not determined where he will locate if he finds himself thrown out upon the cold, cold world.

The M. E. Sunday school will give a short Christmas entertainment on Christmas eve. The program will consist of songs and recitations by the little ones. The choruses will be sung by a class of 25 young ladies, under the direction of L. O. Meigs.

LOCAL LAND OFFICE BUSINESS

Forty Homestead Entries Filed—Bids Called for Surveying Government Land.

During the month up to Tuesday 40 homestead entries have been filed in the local land office, 9 timber and stone proofs have been made and four desert claims entered. Nearly all the homesteads taken up are in the Horse Heaven country. The timber claims are near the headwaters of the Yakima and the desert claims are in the Moxee country and in the eastern part of the county.

The most of the homestead entries were made during the early part of the month before the weather got so cold. The cold snap brought about a lull in the business, although there are a large number of inquiries for land open to settlement.

The department has posted notices asking bids for surveying 32 townships in the central part of the state. One of the townships is No. 7, range 15, located in the Cedar Valley country, the other one in Yakima county. The rest of them are along the Cascade mountains to the north in the Waterville land office district.

There are now in the possession of Register Hinman about 75 patents belonging to parties who have proved up on their claims. Some of these patents were signed by President Harrison in 1891. They accumulate in the office by reason of the original homesteader selling his land on a certificate before the patent is issued and those who buy have not thought it necessary to hunt up the patent. The register says that any one knowing that they bought land in certificates without having the patent for it should call and secure the same.

BOY SHOT WHILE HUNTING

Elzie Kelly of the Wenas Meets Death in an Accidental Manner.

Elzie Kelly, the 15 year old son of Thomas Kelly of the Wenas, was accidentally shot and killed near his home at about 9 o'clock Monday night. The manner of the accident was a most remarkable one.

Young Kelly with a number of friends had been in the habit of hunting rabbits by moonlight since the snow fall. A foot of snow is on the ground in the Wenas country, and on Monday night as soon as the moon was high enough to make a good light the boys went to a hay stack on the Hitt ranch near his home to take their position on the top of it to wait for the rabbits to come from out the sage brush to feed on the hay at the base of the stack.

Elzie Kelly climbed to the top of the stack first without the gun, and the others were following him. Just as he reached the top and looked about he saw a rabbit coming toward the stack across the snow. He turned around quickly to his companions and said: "Give me the gun, quick!" The boys handed him the gun with the muzzle pointed toward his stomach. Elzie reached down and grasped the gun by the muzzle and was in the act of pulling it toward him when the load was discharged, the contents entering his abdomen.

He was mortally wounded, and cried out, "Oh, I am shot!" The other boys became terror stricken and ran for help. The body was carried to his home and medical aid summoned, but before the physician arrived the young man had breathed his last. The accident spread gloom in the household of Mr. Kelly, the boy's father, and among the family's neighbors.

Dr. Rosser, the coroner, was notified, but an inquest was not thought to be necessary. The remains were buried in Wenas cemetery on Wednesday.

A New Remedy.

The old friends of Chamberlain's Cough Remedy will be pleased to know that the manufacturers of that preparation have gotten out a new remedy called Chamberlain's Stomach and Liver Tablets, and that it is meeting with much success in the treatment of constipation, biliousness, sick headache, impaired digestion and like disorders. These Tablets are easier to take and more pleasant in effect than pills, then they not only move the bowels, but improve the appetite and correct any disorders of the stomach and liver. Freight Wreck at Yakima City.

A rear end collision occurred on the Northern Pacific below Yakima City at about 1 a. m. Saturday and as a consequence traffic on the road was delayed till 10 a. m. No one was injured.

Two freight trains were coming westward running close together. The train in the lead slowed up to pull into the siding below Yakima City when the second train crashed into it. The front truck of the second engine was thrown off the track, the caboose of the leading train was smashed into kindling wood and several cars were thrown off the track and badly damaged.

The wreck caused considerable congestion of traffic by the time day light came. The limited eastbound was held up here till near 10 a. m. and the 630, which was on time for once, was held here till the same time. More than a dozen freights filled the sidings and main tracks on each side of the wreck and it was nearly 24 hours before the road was back to its normal condition.

Held for Obstructing Railway.

Jim Ike, an Indian of the reservation, had a hearing before Justice J. A. Taggard last Saturday on the charge of obstructing the Northern Pacific railway tracks at Simcoe station (now Wapato.) It is alleged by the prosecution that Ike had placed a number of fence posts on the tracks one day last week and that if they had not been discovered in time a bad wreck might have occurred. He is charged with attempting to wreck a train on a former occasion. What his object is in doing such things was not divulged at the hearing, but it is presumed that Ike had a grudge against the Northern Pacific railway for things done in the past by that company when building through the reservation. Ike is now in jail under \$1000 bond awaiting trial at the next term of superior court.

Coming to Yakima.

J. H. Jayne, the Brown Swiss breeder of Portland, Oregon, is coming to the Yakima valley to establish himself. He will be here with 25 head of his blooded cattle in a few days and will be temporarily located at the state fair grounds for winter feeding. He was given permission to use the grounds at a small rental till he could secure a suitable breeding farm near the city. Mr. Jayne was an exhibitor here at the state fair in October and was so well pleased with the prospects of cattle raising in the Yakima valley that he concluded to change his base of operations.

Competent seamstress will do sewing in families by the day. Address Miss Bartine, general delivery, North Yakima. dec6-17

Reception to Teachers.

The social committee of the teachers' institute gave a reception in the high school building Monday night to the visiting teachers. It was a very pleasant affair, as all the teachers of the county had an opportunity to make the acquaintance of one another. Rev F. L. Hayden delivered the address of welcome, interspersing his remarks with many jokes. Prof. W. G. Hartranft also addressed the gathering and entertained with much original humor. There was to have been a musical program but owing to sickness of some of those who were to take part this part of the program was postponed.

Ellensburg Wins Again.

A large number of Ellensburg rooters came down with the foot ball team last Saturday to see their boys beat the Yakima high school team. The score resulted in 5 to 0. There was good playing on both sides and Ellensburg won by the test of a touch down.

There was a fairly good attendance at the grounds, but the weather was so cold that many people who otherwise would have attended stayed away. This is the second game won by the Ellensburg team this year, hence they are considered the champions.

John Miller's Residence Burglarized.

The residence of John G. Miller of North Third street was burglarized Monday night. Forty dollars in money and a gold nugget worth \$20 were taken. The burglar gained entrance to the building by using a skeleton key and went through the house very noiselessly. It is the opinion of the police that there is a sneak thief in the north end of the city who waits for the absence of a family and then abides his time to rob.

A. O. U. W. Officers.

The A. O. U. W. elected officers Monday night as follows: Past master workman, J. W. Day; master workman, J. J. Tyler; foreman, M. S. Liggett; recorder, F. M. Spain; financier, G. N. Tuesley; guide, C. M. Badger; inside watchman, R. E. Frayne; outside watchman, J. N. Weaver; trustees, A. S. Paul, W. E. Hurd and C. M. Hauser.

Death of Mrs. Mackison.

Mrs. Celia Mackison died in Seattle, October 12, and was buried here from the Catholic church, October 15. She lived in Yakima on the Abnatum for the last 20 years. She leaves three sons, J. P. and Michael, who attended the funeral and R. J. Mackison of Alaska. The remains were buried in the Catholic cemetery.

J. J. Macdonald,

208 Yakima Avenue.

North Yakima.

Slightly in Error.

A conference was held in this city Tuesday afternoon between representatives of the town of Sunnyside and certain citizens of Yakima county. The Sunnyside gentlemen asked that the Yakima give its consent to rawing the western boundary of the proposed new county at a point two miles below Zillah. The Yakima representatives replied that under no circumstances could the people of the "west end" consent to a division of the county on the line proposed, as such a division would be absolutely unfair.—Democrat.

This item needs a little correction. The Sunnyside gentlemen stated that their community had reached an agreement with Prosser concerning the line of the proposed new county. Their request was that North Yakima people could use their influence to secure the cation of the new county seat at Sunnyside. No reply was given, and the matter stands precisely where it stood before the "conference."

Fire Department Officers.

At the last meeting of the fire department the following officers were elected: the ensuing year: Chief, Charles user; assistant chief, J. E. Merwin; secretary, J. C. Liggett; treasurer, W. I. nce. The fire boys are completing rangements for their Christmas ball. ey expect to have the biggest event the kind held here this year, and give urance that there will be no disreputa- characters permitted in the ball room ring the time of the dance. At these sk balls there occasionally creep into h places men who have no regard for er people's rights and make them- es a general nuisance. On this asion, the fire boys say, there will be uch representation of bad characters sent.

NEW PROTESTANT HOSPITAL

Deaconess Home of This City Contemplating Enlarging their Work.

The Deaconess Home of this city is contemplating enlarging their work by erecting a nice new building for hospital purposes next spring. The work of the hospital is to be carried on under Deaconess management, which is an organization in connection with the Methodist church. These ladies are trained workers and unsalaried, giving their time to the work.

The Deaconess hospitals of Omaha and Spokane, Asbury Methodist hospital of Minneapolis, Wesley hospital of Chicago, the Seattle General hospital, and many others in our large cities have been carried on by the Deaconesses for ten or twelve years and have proved a great success and people of all denominations have been interested in their work and have given largely to its support. This is something that is greatly needed in this city.

The Deaconess board have purchased four lots on the corner of Maple and Sixth streets, and would like to put up a good, substantial building, one that will not only meet the demands of the public and the physicians, but will also be a pride and a credit to our city which is increasing so rapidly in population.

This hospital will not only be a benefit to the sick who may enter it for care and treatment but also to the merchants and business men of the city.

It is the intention of this board as soon as this institution is paid for and in running order to do all the benevolent work possible, and to use all surplus funds for such purposes, such as furnishing free beds, etc.

In the little home they now have, with small accommodations, at 502 north First street, the deaconesses have been obliged to turn away from their door an average of one patient a day all through the fall months, and the work already done along this line has commended itself to the public through the influence of the patients gone out from the home.

It is the hope that every citizen of North Yakima and vicinity will encourage this work and when the solicitor calls on you for help you will be ready to respond liberally.

Big Land Sale.

A syndicate composed of Cheney, Washington, citizens, last week purchased 10,000 acres of Horse Heaven wheat land from the Moro Land company of Moro, Oregon. The price paid was \$6 per acre. This land was sold by the Northern Pacific Railway company a year ago to the Moro company for \$1.50 per acre, it being included in 40 sections of land, and is the last of the holdings of the company. The syndicate is composed of the following parties: W. B. Warren, J. N. Warren & Son, David McCray, H. McMillen, George Farwell, Frank Walker, J. W. Hughes, Charles Garber, Dr. F. Setters and M. Olsen. It is the purpose of these people to lease the land for wheat raising.

Everything in trimmed goods at half price at the H. H. Schott Co's. millinery department during the sale.

First Street Coming to the Front.

First street promises to be the scene of extensive building operations the coming season. Considerable property has changed hands there in the past few weeks, and nearly all of the purchasers intend to put up buildings.

Kellogg & Ford, who bought six lots, will, as soon as the weather permits, begin work on a two story brick 75 feet wide, to cost in the neighborhood of \$20,000. This block will abutt on the alley back of the Sloan building.

C. E. McEwen will put up a 25 foot building directly across the street. He will occupy this with his harness shop.

A two story 25 foot building will be put up on the vacant lot between Landerdale's store and Barton's hardware establishment and the building in which the latter is will have another story added to it.

The Yakima Hardware company will build a handsome block on the corner of First and Yakima avenue this spring. The council was asked Monday night to permit moving the old building.

Should arrangements be made by which Pavcett Bros. will relinquish their lease on the Lowe corner the new owner of that property will put up a three story building at once.

H. B. Scudder states that the owner of the lots where the Washingtonian and Western Union offices are now located will pull out these wooden buildings in the spring and put up a 50 foot two story building.

Alex. Miller, who owns four lots on First and A streets, is seriously considering the erection of four store rooms on his property, though he has not yet decided whether he will build this spring or a few months later.

OFFICIAL PAPER OF YAKIMA COUNTY

FRIDAY, DECEMBER 19, 1902.

THE REPUBLIC wishes all its readers a Merry Christmas.

THE republicans of Washington should send a man of ability to the senate to succeed Turner. They can't afford to send Levi Ankeny.

THE president has accepted the invitation of the people of San Francisco to be present at the dedication of the navy monument in that city in May.

SOME men are born great. Some achieve greatness, and others have it thrust upon them. Others yet purchase seats in the United States senate.

THE railroads of Michigan will next year pay over three and quarter million dollars in taxes. That is more than ten times as much as the railroads of the state of Washington will pay.

THE Sunnyside Sun refers to the REPUBLIC's remarks about the interest Sunnyside has in county division as a "specious argument." Nevertheless, it often happens that old friends are found to be better than new ones.

THERE isn't one smoker in 40 who, if he will shut his eyes, can tell whether or not the cigar he is puffing is lighted. N. B. No smoker can say that the REPUBLIC is not willing to do its share toward fortifying him with reasons for swearing off on the first of the year.

THE late Tom Reed, on being told that one of his friends was a Unitarian, replied: "Is that so? I thought he was a religious man." The gibe was none the less appreciated by his hearers because Mr. Reed was himself a regular attendant of the Unitarian church.

IT is persistently rumored that Senator Splawn intends to vote for Levi Ankeny this winter. We are not in a position to officially deny the report, but we think it is baseless. Mr. Splawn certainly understands that he will have troubles enough without going out of his way to look for them.

KING COUNTY has about one-fifth the population of the state. It ought to have a United States senator. It is almost unbelievable that there are citizens of that county who think it does not need a senator, and almost inconceivable that there are King county members of the legislature who will vote, first or last, for any but a King county candidate.

THE producers of Yakima county are interested in the election of a United States senator who will be willing and able to work for the interests of Puget sound. That is where Yakima products find their market. Any man who helps develop these markets is a friend of Yakima. A United States senator from Washington who cannot or will not help in this direction is its enemy. Yakima people don't want Levi Ankeny in the senate.

Now they talk about carving old Yakima into three counties. While they are at it, they should chop out at least sixteen. County seats should be established at Nile, Wenas, Cowiche, Prosser, Kiona, Sunnyside, Kennewick, Parker, Mabion, Toppenish, Belma, Yakima City, Wapato and Bluelight. A better way, perhaps, would be to make every man his own county seat. On reflection, we think that is the best thing to do. We move that it be done; that North Yakima and Outlook be abolished, and that the injine be painted red.

IT is to be hoped that Senator Stansell of Stevens county will think better of the resolution he is reported to have made to violate his promise to his people to vote for the railroad commission bill. It matters not what may be his opinion about the commission; it matters not if many of his constituents are against it. He should keep his promise. Not only his own reputation but that of his party

will be injured if he does not. The republican majority is not so large in this state that republicans elected to office can safely play fast and loose with promises. Judge Hadley carried the state by 25,000 majority, but it is doubtful if the majorities for members of the legislature aggregated 6000. The failure of this legislature to enact into law the measures which the party has solemnly promised may easily result in the election of a democratic legislature two years hence, even though Roosevelt's majority should be greater than Judge Hadley's was this year.

IF THE members of the next legislature should devote the first 59 days of the session to an honest effort to find a man less capable than Levi Ankeny to properly represent the state in the United States senate, they probably wouldn't succeed. It is an error to suppose that the rank and file of the republican party doesn't know this, or that it will stand for the election of Mr. Ankeny.

W. J. Boulton, of Nelson Siding spent the week in North Yakima. He is interested in a land south that is being tried in that city.—Cascade Miner.

A WINTER crop of hay cut in the capitol park at Olympia will seem a strange reading to people east of the mountains, who are out every morning shoveling paths, and every evening by which they may emerge from their residences.—Seattle Times.

Our west of the mountain friends have our sympathy. It must be very trying to wait from June until December for a fair day on which to cut one's hay.

Christmas Season.

The Christmas season is here with its multitude of perplexities and pleasures. All the indications point toward the busiest time in the history of the valley for the merchants. Everybody seems to have prospered well during the last year and Christmas presents will more than likely be more liberally given than ever before.

O e business man on the avenue said to a REPUBLIC reporter this week that he had no complaints whatever to make for the year's business. He says his trade has been almost twice as much for the present period of the month as it was during the same time last year. Nearly every merchant has practically the same report to make.

In all the churches of the city special services will be held. Programs of music will be given by some of the denominations while others will combine music with a literary program. In some of the churches the services will be held on Christmas eve while most of the programs will be carried out during the day.

No. 2733, Summons for Publication in Foreclosure of Tax Lien.

IN THE SUPERIOR COURT OF THE state of Washington, for Yakima county. C. B. McConnell, plaintiff, vs. C. C. May, and all persons unknown, if any, having or claiming to have an interest in and to the real property hereinafter described, defendants. The state of Washington, to said C. C. May, defendant. You are hereby notified that I, C. B. McConnell, am the holder of certificate of delinquency numbered 2733, issued on the 9th day of December, 1902, by the county of Yakima, state of Washington, for the amount of seventeen and 8/10 (\$17.80) dollars the same being the amount then due and delinquent for taxes for the years 1897-8, 9-1900-01, together with penalty, interest and costs thereon, upon real property assessed to unknown owner and of which you are the owner, or reputed owner, situate in said county and particularly bounded and described as follows, to-wit: The east half of the northwest quarter of the northeast quarter (2 1/2 of NW 1/4 of NE 1/4) of section twenty-six (26), township eight (8) north, range thirty (30) east of the Willamette Meridian, containing 20 acres, and upon which I have paid all taxes assessed against said property. All of said sums so paid bearing interest at the rate of fifteen per cent per annum from date of payment and said certificate of delinquency bearing a like interest from date of issue, respectively. And you are further notified that I will apply to the superior court of the state of Washington, in and for said county, for a judgment foreclosing my lien against the property hereinbefore mentioned, and you are hereby summoned to appear within sixty days after the date of the first publication of this summons, to-wit: Within sixty days after the 12th day of December, 1902, exclusive of said first day of publication, and defend this action by paying the amount due, and in case of your failure so to do, judgment will be rendered foreclosing said lien for certificate of delinquency, taxes, penalty, interest and costs, against the lands and premises hereinbefore mentioned, according to the demand of the complaint herein which has been filed with the clerk of the above entitled court. Any pleading or process may be served upon the undersigned attorney for plaintiff, at the address hereafter mentioned.

C. B. McConnell, Plaintiff.
By W. P. Guthrie, attorney for plaintiff.

The Cascade Lumber company is now putting up the frame of the new plant in the northeastern part of the city. The rails for the side track into the plant have been put down and as soon as a "frog" is put in on the main line cars can be run down to the site of the mill with material.

The well known music firm of D. S. Johnson & Co. of Tacoma has leased one of the store rooms in the new Wilcox building for a period of five years, and will immediately put in a complete stock of goods under the management of Arie Hoyer. A. C. Cowling will put a stock of hardware into the other room.

C. H. Rhodes of Fairview comes forward with the biggest "pig" story heard this season. He killed a Chester White a few days ago that tipped the scales when cleaned at 48 pounds. He said he secured the pig last March when it was a week or so old and it grew to the enormous size in that short time.

The holes along the gutters of Second street where the improvement is under way may be the cause of some one bringing suit against the city for damages if they are not remedied. These holes are at the end of the sewer pipes laid under the cross streets to conduct the water under the same and are about 20 inches deep.

COUGHS AND COLDS IN CHILDREN

Recommendation of a Well Known Chicago Physician.

I use and prescribe Chamberlain's Cough Remedy for almost all obstinate, constricted coughs, with direct results. I prescribe it to all children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. Mary R. Melony, M. D., Ph. D., Chicago Ill. This remedy is for sale by all druggists.

"Finis" Will Soon Be Written.

The last chapter in the history of the Henry H. Schott Company will soon be written; the word Finis will be added and the book closed for good. We request that every account be paid before the close of the month. We urge that if there be needs to supply (within the remote future) they be attended to now, for certain it is that such an opportunity will not come again for many days. Useful Christmas gifts can be bought during this sale, and the gift seeker will discover that dollars go as far again as at any ordinary time. Housekeepers can lay in supplies of every sort and save a full third--often more.

It will require prompt action though, for stocks are beginning to show signs of the enormous business that has been done. Many lines are still further reduced. Men's suits, women's costumes and coats, crockery and groceries suffered another cut yesterday. Not a dollar's worth shall remain when the doors close, if we can help it.

Details are hard to tell now, for obvious reasons, the following are lines we have enough of for this and next week's selling.

WILL BUILD A WAREHOUSE

Fruit Growers' Union to Incorporate and Issue \$2000 in Stock.

A meeting of the Yakima County Horticultural union was held in the city hall last Saturday afternoon, at which time the proposition of building a warehouse here was endorsed. The committee appointed at a previous meeting to look up the feasibility of such an auxiliary to the union and also a site, reported that they had covered the field pretty thoroughly. After naming several sites that could be secured the committee recommended that the Lowe lot adjoining the new warehouse of D. E. Lesh and others be secured. This, the committee said, could be purchased for \$600. After a lengthy discussion over the building of the warehouse, and the following committee was continued to carry out the plans of the union: Robert Johnson, Orlando Beck and P. Gildea. It was voted to incorporate the union for the purpose, if necessary, and issue \$2000 worth of stock, divided into 200 shares of \$10 each. A vote was taken on the question of subscriptions and every member present responded. Many of them said they would take two and if necessary three shares, while every one said they would subscribe for one share. After finding that there was a willingness on the part of every one to see the warehouse built and a readiness among the members to subscribe stock it was thought advisable to limit the number of shares to each member or restrict each shareholder to one vote. The committee was then instructed to employ a lawyer to draw up the papers of incorporation and proceed at once with the undertaking.

The following delegates were elected to attend the Inland Empire Fruit Growers' union convention to be held in Spokane on January 6, 7 and 8: Robert Johnson and Edward Remy. The county fruit inspector will also go to represent Yakima county. The object of this convention is to consider legislation relative to the better protection of the fruit growers of the state against the pest and other things that work against their interest. Other matters will also be considered that will be a great benefit to the fruit growers.

The present fruit inspector, O. Beck, was endorsed by the union for reappointment by the county commissioners at their next regular meeting which will be

on the first Monday in January. In thanking the union for the endorsement, Mr. Beck said that if appointed again he will give better service than ever before. He said the past four years service was an up hill business for him, but now that he has the people with him pretty generally in the matter of spraying he can give better service.

Another meeting of the union will be held next Saturday to further consider the warehouse plans. The committee on warehouse on Monday purchased the Lowe lot and as soon as arrangements are complete the building will be commenced. It is expected that some of the proposed stockholders will want to perform labor on the building and for all these an opportunity will be given and in this manner the stock paid for.

To Settle Boundary Dispute.
Colonel McGoughlin of the United States Indian service is the guest of Superintendent Jay Lynch of the reservation. He is here for the purpose of attempting to effect a settlement of the boundary dispute between the Yakima Indians and the government. The line that has been in question for some time is on the southern side of the reservation and if settled as the government has heretofore attempted the Indians will lose several thousand acres of land. It is thought that an agreement will be reached between the disputants before a great while and the vexatious question brought to an end.

SAY IT IS FEASIBLE SCHEME

Work on Moses Lake Canal to be Commenced as Soon as Weather Permits.

Since the publication of the information that a company had been formed to build a canal and develop land in the vicinity of Moses Lake, Douglas county, there has been much speculation as to the feasibility of such a scheme. C. G. Wands, one of the promoters of the undertaking, says it can be done without any trouble and as soon as the weather will permit he will go up there with a party of men to commence operations.

It has been said that the water in Moses Lake is so impregnated with alkali that it is wholly unfit for irrigation purposes. Men who in the past have camped along the shores of the lake say it has been impossible to get a sufficient supply of fresh water to live long there. But the promoters of the scheme are of a different opinion. Mr. Wands says that he camped on the shore of Moses Lake for some time last fall and found the water of the lake as clear as a crystal and very pure. He says that alkali affects the water that seeps out in the coulees below the lake to such an extent that it is unfit for use.

The plan of the new company is to build a canal and conduct the water from the lake to a large body of land below the lake. Pumps will be used to raise the water from the lake level to the canal. If the plan works successfully next year a larger canal will be built to develop a greater extent of territory.

Handsome Show Cases.

Case, the druggist, has put into his new store on Yakima avenue six of the handsomest showcases in the city, made of plate glass and polished oak. These cases are a Yakima product, having been made in the shop of Wm. Mohr. Mr. Case found that he could have them made here as cheap as they could be furnished by the eastern dealers, and he is so well pleased with them that he has placed an order for two more.

THE PLACE TO SAVE MONEY

YAKIMA AVENUE

All the schools in the county closed last Friday for a two weeks' vacation. This week was taken up with the county teachers' institute and next week is the regular Christmas holiday season. On Monday, December 23, the schools will be convened again and continued with out interruption, unless something unforeseen happens, till the time for closing in June.

Judge R. K. Nichols had a young man up before him last Friday on the charge of committing a breach of the peace in a manner that is not to that officer's liking. The young man in question played "smart," so the justice says, and fired a revolver while on the main business street of the city. For this offense the justice imposed a fine of \$25 and cost.

C. F. Hanke, who was for a long time baggage-master at the station here, is able to be out on crutches after being housed up for more than a month on account of a growth on the right leg. An operation was performed to remove this growth. He is now doing well and will be ready to throw away the crutches in another week.

The bad winter weather has stopped building operations of all kinds, except where mechanics can work inside of unfinished structures. There are a number of large buildings under way, but fortunately they were all put under roof before the cold snap came on. A large number of new buildings are contemplated but none of them will be commenced till there is a settlement with old Boreas. The cold snap is said to be the most severe felt here at this season for a number of years past, and comes pretty hard on those people who are living in shacks and tents.

THE WORK OF THE INSTITUTE

Instructor and Teacher Make the Fifteenth Annual Session a Success.

The fifteenth annual session of the Yakima county teachers' institute convened in the high school building at 9 a. m. Monday, with about 100 teachers in attendance. The program arranged was long and very interesting, the instructors from distant points being among the best in the state. The institute is said by all to be the best ever held in this county, proving very beneficial to the pedagogues.

The meeting was opened with a selection of music. Rev. F. L. Hayden, pastor of the Presbyterian church, followed with prayer. After another selection of music Dr. Hayden was called upon for suggestions, and responded in a very effective manner. County Superintendent Dickey addressed the teachers upon the importance of institute work and the necessity of giving greater attention to the features of school work. A recess was taken in order that the teachers might have the opportunity to enroll after which work was taken up in the order of the program.

In the advanced section, Superintendent Hartnaff of King county took up the subject of reading, placing special stress upon the proper methods of assigning the lesson in order to enlist the sympathies of the pupil. Miss Lucile K. Brown presented the subject of arithmetic, making many very practical and

helpful suggestions. In the primary section, Prof. Yoder of the university of Washington, presented primary geography, confining his remarks to the study of animals. Superintendent Jolley of the city schools gave an able presentation of the subject of drawing.

The afternoon session opened at 1:30 and Superintendent Dickey introduced Prof. Jolley as chairman for the session. After a selection of music, Prof. Yoder gave a very able address on "The Age When Children are Most Influenced by Their Teacher." Statistics were introduced to show that the influence of teachers is greatest on boys and girls at from 14 to 17 years of age. Mrs. Stair, principal of the high school, gave an excellent talk on "Hawaii," dwelling upon the different features of interest in the islands and also upon the people of the islands and their manners, customs, and the prevailing conditions. Mrs. Stair then led a drill in physical culture, after which the institute adjourned.

The enrollment during the first day reached 114. The total attendance during the day was probably about 150.

TUESDAY'S SESSION.

The Tuesday session began at the usual morning hour. Invocation was led by Rev. J. H. Wood, pastor of the Methodist church. After the opening exercises the teachers retired to the various class rooms for section work.

In the advanced section Prof. Yoder spoke upon "The Influence of Physical Environment," showing that the physical appearance of a people, their mental

activities and their tastes, are largely governed by their physical environments.

Miss Brown handled grammar and arithmetic in a masterly way, bringing out many valuable suggestions. In the primary section Superintendent Hartnaff took up primary reading, bringing out the evolution of the methods of teaching and giving many valuable hints as to correct methods. Prof. Yoder continued his work in drawing, bringing out some very helpful ideas for those who were not adepts in that line.

In the afternoon after the usual opening exercises were held Editor Brintnall, of the Northwest Journal of Education, responded to a call for a speech in a very happy vein. Miss Harris of the state normal of Ellensburg gave a carefully prepared lecture upon "Our Mother Tongue." This lecture was an able discourse on the evolution of the English language and was highly appreciated by all. Prof. Hartnaff spoke on the subject of "Consolidation," in which he showed clearly that this is an age of consolidation, and argued in favor of a more general application of it to school interests. Prof. Yoder gave an interesting talk on "Physical Growth," after which the institute adjourned.

Several teachers were registered during the day.

WEDNESDAY'S SESSION.

Rev. Vail, pastor of the Christian church, led in invocation, and also gave a short talk on "Humor and Pathos."

In the advance section Miss Harris gave a talk on "English Composition in the Schools," and J. C. Oliphant gave a talk on civics.

In the primary section, Prof. Hartnaff took up "Nature Study." He used a number of familiar objects to illustrate the best methods of presenting the subject. Prof. Yoder gave the last of the series of talks on primary geography.

In the afternoon Prof. Schwartz acted as president. After the usual opening exercises Deputy State Superintendent F. M. McNulty was introduced and gave a talk on matters connected with school administration. He was followed by Prof. Hartnaff in an address on "The Recitation." Dr. F. L. Hayden gave a discourse upon "The Effect of Environment on Character Building," and the institute closed for the day.

SUNNYSIDE

Coffin Bros. opened a fine branch store Wednesday.

Mr. Philpot and family returned to Bandon, Oregon.

Miss Rena Taylor has been spending a few days in North Yakima.

Our teachers are attending the institute in North Yakima this week.

The visiting committee of the Federated church are busy calling this week.

Mr. Keele and family and Mr. Ramsey and family occupy rooms over Norris' store.

Rumer is aloft that Ed Young, formerly of North Yakima, is fast going in de Cline.

A large number of persons joined the M. E. church by letter Sunday. It is a branch of the Federated church.

Charles Amundson, formerly the leading genial clerk in George's store, has been employed by Coffin Bros. at this place.

The teachers from this locality, Mr. Mulholland, Miss Carson and Miss Argent, who lately took examinations, have received their certificates.

It is understood that there will be but six days school in three weeks; three before Christmas followed by vacation and three before New Years and then vacation.

The cantata, "The Old and New Santa Claus," to be held at the Federated church promises to be a grand success under the direction of F. A. Ehmer and his able assistants, Mrs. Walker and Mrs. Bontel.

FRUITVALE.

A. J. Pitner has sold his ranch, and is thinking some of occupying the Wheeler farm the coming year.

Charles Perry has a very sick cow, caused by giving her cold water soon after calving, which produced milk fever.

John Garrecht has moved into his new house in the city and his successor, Mr. King and family are already here. So far they think this place, climate, etc., a long way ahead of Morris, Minnesota.

Maj. C. D. Rogers left here Wednesday afternoon for San Francisco, California. After visiting with his sister in that city for some time he will go to San Monica and enter the soldier's home. Maj. Rogers is the father-in-law of Mrs. Eugene Fisk and has been in Yakima for the last three years. His health is very poor and he thought he could secure better medical attention by going to the veterans' home.

The Mother Superior of the parochial school at Vancouver, Washington, was here for the fore part of the week inspecting St. Joseph's academy.

REPORT OF YAKIMA MARKETS

Weekly Summary of Conditions in Principal Agricultural Lines.

HAY.
During the past week all kinds of reports have been circulating about the big rise in the price of alfalfa. A certain produce buyer came in the first of the week from Ellensburg and said that a sheepman of that place had come down and purchased 750 tons at \$4.50 in the stack. Inquiry as to the truth of this led to the fact that no such sale has been made by any of the alfalfa raisers. The report was started to keep a lower tone in the market. There has been a brisk demand for all kinds of hay with very little prospects that the supply will be forthcoming for future orders. The price of hay is now being paid for a good quality of alfalfa in the bale and it is freely predicted by the local commission men that \$12 will be reached before very long. There are parties here at the present time to buy up all the available alfalfa at \$8.50 and \$9, but the holders are not letting go very willingly.

HOPS.
"The Portland Oregonian of Tuesday had the following to say on the hop situation: 'Hops are worth 25 and 26 cents, and the prospects are that the prices will go over 30 cents after the first of the year. If holders become alarmed in the meantime and let go freely, the market will drop. Buyers anticipate such a stampede, and are holding back their orders until it comes. The future of the market rests with the men who hold the hops. They can sell and break the market, or hold until buyers come to their terms.'"

The hop market does not show any sign of improvement. Dealers are not pressing business, and very few growers are anxious to sell. Choice hops are a scarce article, and if put on the market would readily bring the top quotation, but the majority of recent transactions have been in grades below choice. A. J. Ray yesterday bought 181 bales at 24 1/2c, and 45 bales at 25 1/2c. Some of the small dealers are beginning to be alarmed because prices do not advance, and are letting go their holdings. An instance came to light yesterday where a man who bought 50 bales at Hubbard and the excitement at 26c had sold them at 25c. More of this business is expected between now and the first of the year, but well-informed hop men say there is no cause for a panic, but, instead every promise of an advance late in the winter or early in the spring. Brewers are nearly all holding off, many of them believing the inactivity will cause growth to come down in their views."

The local hop market is reported dull. There is nothing at all doing between the buyer and seller. Both parties are holding out for something to happen, with prices at a stand still.

FRUIT.
The cold snap practically stopped the shipment of fruit for the time being, though some apples are going out in refrigerator cars. A few consignments of the best quality have been made this week at the usual price.

POTATOES.
Potatoes are now bringing a better

price than was received a few weeks ago. As high as \$9 was paid during the week. There are a few shipments being made to the Sound markets where the price for the Yakima product of good quality is higher than that obtained for that raised in other parts of the Northwest. It is not expected that there will be much of a rise in price till later in the winter or possibly till next spring.

Will Go to California.
Fred Brooker will go to Los Angeles, California, about January 1st to remain for about five months. He thinks he will build himself a home at some point in southern California with the view of spending his winters there. At first he thought he would go to San Francisco or some of the neighboring cities to establish himself for the winter months, but he believes the southern part of the state will be more to his liking. When asked if he intended to leave Yakima for good he replied that he did not. He will still maintain a business here and intends to invest more money in Yakima stock.

Narrow Escape from Capture.
Jack Shaw says the story of the murder and escape from arrest of William Goins as published in the papers a few days ago recalls to him an incident that he said of interest to the public. He said he came into office as sheriff a short time after the crime had been committed, and the only clue he ever got to the fugitive was that he had been seen in a certain town in Southern Oregon. He asked the commissioners to bear his expenses for going after the man but they refused. He then went on his own "hook," but when he arrived at the designated place Goins had fled. He said if he had not waited for the commissioners to act he no doubt would have captured the man.

Estray Notice.

James Barnes, the real estate man, is talking of going to British Columbia sometime between now and spring. He wants to look over the field up there and find out what advantages there are for investments in view of the building of the two proposed continental roads through Canada. He thinks that if a person gets in there on the ground floor at one of the terminal points he should be able to make "ends meet."

The snow fall in the mountains during the past two weeks has been the heaviest in years. It is said to be ten feet deep at Stampede tunnel and the Northern Pacific rotary plow has been kept busy cleaning the tracks. To get the trains up the mountain four engines have been necessary on the east side. On the west side the snow is not so deep, but a great deal of rain has fallen. The same conditions prevail on the Great Northern road where it crosses the Cascades.

Dr. William Pallister of Kennewick was in the city on Tuesday getting acquainted with the hustling people of upper Yakima. Eglin, George Chapman, Leroy Brooker.

There are 11 criminal cases on the docket for trial during the first week and 13 civil cases so far reported for trial. The civil trial list has not been completed yet so it is impossible now to tell just how many cases there will be for trial. The criminal list contains a greater number of cases than for terms past. The criminal cases now on the docket are as follows:

Jim Ike, obstructing a railway; Henry Schneider, obstructing a public highway; B. L. Chaney, grand larceny; Jesse Readle, larceny from the person; Mamie Parker, larceny from the person; J. H. Bolden, assault with deadly weapon; W. Bickle, Earl Hanson and George Hart, horse stealing; John Whaley, indecent exposure of the person; Ellis Phipps, appeal from justice court; Wesley Beeks, assault to commit murder; Harry M. Hall, assaults with deadly weapon.

The cases against the following were dismissed: John Kelly, Frank Morane and Oscar Rosette, sodomy; Samuel Bennett, assault with intent to do great bodily harm; Clarence Morgau, violation of city ordinance; T. Spellman, robbery.

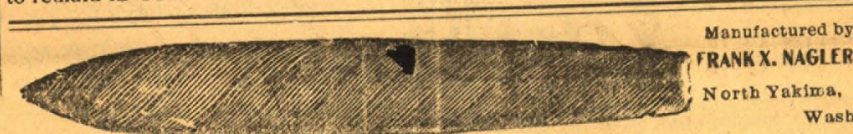

Church Incorporates.

The First Congregational church of Sunnyside has filed papers with the county auditor preliminary to incorporating. Pursuant to an arrangement made between some members of this denomination at Sunnyside last March, whereby an agreement was entered into to incorporate at an early date, a meeting was held a few days ago and the following officers elected: President, J. R. Harvey; vice president, W. D. Clarke; secretary, Joseph F. Kunz; treasurer, Mrs. Joseph F. Kunz; trustee, W. E. Cornell three years, Thomas G. Youngs two years and G. C. Hardman one year. The purpose of the organization is to build a church some time during the year 1903, to maintain a minister of the gospel and to conduct a Sunday school.

Are You Thinking of an Organ or Piano?

If So, Have a Talk With Me.

Don't buy until you know what I am prepared to offer. As is well known, the instruments I handle are the standard and best made. These are the instruments I want to sell you. I am not going to offer special bargains, and even up with the customer by selling him inferior goods. I can't afford to do that. I am here to stay.

I am Prepared to Offer Prices on A No. 1 Instruments, which I Never Could Offer Before, and also have specially attractive terms, if the customer wants terms.

I repeat it. If you are thinking of buying a Piano or an Organ, see me.
