Dear Mr. Relander:

Thank you for your letter of December 31st, and my congratulations for success in your forthcoming book. We handle the Caxton books and will be on the lookout for your volume.

I have gone **carefully** over your list. Some of the items of course, are of little value and others are O.K. However, the following would be (not being able to see them, however note your remarks as to condition, map missing) perhaps a fair price, \$75.00 postpaid.

If this meets with your approval, we suggest you omit items **Ober-Travels in Mexico**, **Cozenza-Popular Science Monthly**, we have several of them and they would not be worth paying postage.

Any good items on the West in general if in reasonably good condition we are always ready to buy. With kind regard.

Sincerely

THE HOLMES BOOK COMPANY
