Mr. Click C. Relander,
1212 North 32nd. Ave.

Dear Mr Relander :

I have been following your articles about our Valley Indians with much interest. I am caseworker with the State Department of Public Assistance with Indians as my chief assignment. I have liked your insight and sympathetic appreciation of their culture and their dignity. I have also liked some of the photographs. Two especially do I love, and wonder if there is any way I could purchase copies for my own. They are the last one of Johnny Buck , Puck Hyah Toot; and one of Annie Billy , Ki Cum Hi. I know both Mr Buck and Mrs. Billy and feel you have captured the spirit that is theirs. I would like to have copies made on good photographic paper , in rather large size for framing.

I wonder if you have been able to secure some of Ben Olney's collection. He showed me some of the papers and pictures he had collected, and some of his notes on early days of the Olneys. Possibly one of his daughters appreciated the possible value of the material.

If I may have copies of your pictures I 'll be glad to arrange for their printing.

Sincerely,

Anna Marie Dickinson

(Mr. Arthur L. Dickinson)
